THE END—ADDENDUM NUMBER THREE (3)  
Hammond **Northshore** Regional Airport – Phase I - DRAINAGE IMPROVEMENTS  
for the City of Hammond

## ATTACHMENT A

Addendum No. 3

**Specifications page "50" of the Specifications**

RE: Miscellaneous Clearing and Sitework— Construction/Traffic Signage

The backfill and compaction of the resulting void created by the removal of stumps shall be included in the "per EACH" price bid for item "17. Miscellaneous Clearing & Sitework". If insufficient surrounding material is available to fill the void created by the removal of a stump, and this condition results in the hauling in of backfill, then the select backfill shall be measured and paid as item "2. Haul-in/compact Earthen Backfill; per CY".

"Stump grinding" will be permitted, provided that the depth and extent of stump removal is performed, and all resultant sawdust and chips be removed from the void prior to back filling.

#### **4—SPECIAL REQUIREMENTS**

Certain special items of work are included in the "per EACH" bid for item "17. Miscellaneous Clearing & Sitework", including, but not limited to the following:

- A. Removal and replacement of existing chain link fence and gate on the north side of West Side Fuel Depot pipe crossing.
- B. Installation of chevron hazard marker sign where shown at West Side Fuel Depot.
- C. Transportation, spreading, and grading of excess excavated material along the North Ditch (south bank) and along Selsers Canal (west bank). Fine grading of all spoil and backfill material to facilitate surface runoff.
- D. Excavation of 86 LF of side channel on the west side of Selsers Canal about STA 20+00 with 5' W bottom and 1H:1V sideslopes.
- E. Excavation of 100 LF of side channel on the west side of Selsers Canal about STA 24+70 with 5'W bottom and 1H:1V sideslopes.
- F. Excavation of 70 LF of side channel northwest of the upstream end of the new double 72" RCP with 5'W bottom and 1H:1V sideslopes.
- G. Excavation of 80 LF of side channel north of the upstream end of the new double 72" RCP with 5'W bottom and 1H:1V sideslopes.
- H. Excavation of 100 LF of side channel on the north side of the new North Ditch about STA 41+60 with 5'W bottom and 1H:1V sideslopes.
- I. Fill the abandoned ditch adjoining the new North Ditch with available excavated material to match adjacent natural grade.

The contractor shall include the special items of work indicated on the plans or reasonably implied in the "per EACH" price bid for item "17."

#### **5—CONSTRUCTION/TRAFFIC SIGNAGE**

Included in the "per EACH" price bid for item "17. Miscellaneous Clearing & Sitework" are adequate construction and traffic signage. The intent of this item of work is to maintain safe traffic flow and proper aviation notices to air traffic (where runways or taxiways are affected), and to the public traversing the driveway to West Side Fuel Depot throughout the contract term, while concurrently affording the safest practicable working conditions for the contractor.

The following work shall be included under bid item "17.":

- a. Meet with the Airport Director (Mr. Jason Ball 985-277-5667) and the Engineer and submit a construction sequence schedule.
- b. Assist the Airport Director in preparing all required notices to aviators pursuant to this project.
- c. Maintain proper construction vehicle markings and lights as required by FAA, LaDOTD, and the Airport Director.

### SPECIFICATIONS and CONTRACT DOCUMENTS for

# Hammond Northshore Regional Airport PHASE I Drainage Improvements State Project No. H.009376 for the City of Hammond

#### **ADDENDUM NUMBER THREE (3)—June 3, 2013**

The following additions, clarifications, deletions, and/or corrections to the original Contract Documents are specifically made a part of the Contract Documents with the same force and effect as though originally listed in the original Contract Documents. Any contradictions in these documents shall be immediately pointed out to the Engineer so that a decision and/or clarification can be rendered.

---

---

#### **1—Continuation of Bids**

--Due to several bidders discovering specifications "page 50" missing, and in accordance with LRS 38:2212, Bids shall be continued exactly one (1) week. The revised date and time for receipt of bids is as follows:

**Tuesday, June 11, 2013, 10:00 am (CDT)**

All bid opening dates mentioned in the specifications shall be revised per the above.

#### **2—Copy of Specifications "page 50"**

--Included as "Attachment A" to this Addendum No. 3 is a copy of "page 50" of the specifications. Insert the attached "page 50" into the specifications.

As the narrative and text of "page 50" is material in determining the amount bid for item "17. Miscellaneous Clearing and Sitework", each Bidder is encouraged to review carefully "page 50" in the context of the "Technical Specifications – Miscellaneous Clearing and Sitework – Construction/Traffic Signage" (specifications pp. 49-51).
