-

Equipment Purchase Order to TTE..... \$80,848.00
OPTIONS:

Please note that a purchase order for the above commodity code lists will give you a new Mechanics Body & Small Aerial Bucket equipment delivered to your office in ready-to-work condition on your parish owned truck chassis. An operational demonstration to your personnel will also be provided upon delivery. The above commodity codes also include all items presently required by FMVSS, NHSTA, DOT, and OSHA safety regulations as well as ANSI A922-1990 for the aerial device.

If you would like to purchase this equipment, please issue a requisition to your purchasing department for the above commodity code lists. Delivery of the above unit would be about 150 to 180 days after receipt of order depending on the availability of the truck chassis & the aerial device manufacturer at time of order from that parish vendors.

If you have any questions or any other truck equipment requirements, please do not hesitate to call me. Many thanks once again for this opportunity to serve you.

Best Regards,

Brian J. McAdam
Sales Manager
Truck & Transportation
