MANAGEMENT'S DISCUSSION AND ANALYSIS June 30, 2018

The Management's Discussion and Analysis (MD&A) of the City of Hammond, Louisiana's (the City) financial performance provides an overview and an objective, narrative analysis of the City's financial activities for the year ended June 30, 2018. This document focuses on the current year's activities, resulting changes, and currently known facts in comparison with the prior year's information. Please read it in conjunction with the City's financial statements, which begin on page 16.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the City's Governmental Activities exceeded the liabilities and deferred inflows at the close of the most recent year by \$28,813,439.
- As of the close of the fiscal year, the City's governmental funds reported combined ending fund balances of \$11,651,198, a decrease of \$402,419 in comparison with the prior year.
- At the end of the current fiscal year, the unassigned fund balance for the general fund was \$1,516,157.
- The City's total liabilities in the Statement of Net Position at the end of the current fiscal year were \$56,364,236 in comparison to \$61,452,429 in the prior year.
- The City received \$657,087 in gaming revenue from Video Bingo. The City's General Fund received 100% of the gross proceeds.
- The City's sales tax revenue decreased by \$267,779 in comparison to the prior year. The City of Hammond collected \$20,657,663 for the year ended June 30, 2018.
- The City's enterprise fund experienced a decrease in net position of \$387,648 in comparison to the prior year.
- The City completed the Gateway to Hammond project, the installation of landscaping, masonry, and fencing for the new roundabouts of the I-12 underpass.
- The drainage and street improvement projects were completed.
- The Fire Department moved to the Army Reserve building and the fire headquarters and training facility is still under renovation.

MANAGEMENT'S DISCUSSION AND ANALYSIS-CONTINUED
June 30, 2018

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The basic financial statements comprise three components: (I) government-wide financial statements, (2) fund financial statements and (3) notes to financial statements.

This report also contains required and other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenue and expenses reported in this statement for some items will only result in cash flows in future fiscal periods (e.g. earned but unused vacation leave). Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The business-type activities of the City include one enterprise activity – a water and sewer system.

The government-wide financial statements include not only the City itself (known as the primary government), but also three component units: The Hammond Downtown Development District, City Court of Hammond, and Marshal's Office - City Court of Hammond. Financial information for the Hammond Downtown Development District is blended with the financial information for the City. Financial information for City Court of Hammond and Marshal's Office - City Court of Hammond is reported separately from the financial information presented for the primary government itself. Complete financial statements of these entities, which include separate MD&A's, can be obtained directly from their respective administrative offices.

The government-wide financial statements can be found on pages 16 - 17 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS-CONTINUED

June 30, 2018

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains a variety of funds, which are grouped for management purposes into special revenue, debt service and capital projects fund groups. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund and the Sales Tax Fund, which are considered major funds. Data from all the other governmental funds are combined into a single aggregated presentation.

At June 30, 2018, the City's governmental funds reported combined fund balances of \$11,651,198, a decrease of \$402,419 in comparison with the prior year. Approximately 13.0% of this amount (\$1,516,157) constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of the fund balance is either nonspendable, restricted, committed, or assigned to indicate that it is 1) not in spendable form (\$319,018) 2) restricted for particular purposes (\$2,666,770), 3) committed for particular purposes (\$6,652,095), or 4) assigned for particular purposes (\$497,158).

MANAGEMENT'S DISCUSSION AND ANALYSIS-CONTINUED

June 30, 2018

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$1,516,157. The Fund balance decreased \$265,656. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Unassigned fund balance represents approximately 6% of total general fund expenditures.

The Sales Tax Fund, a major fund, had a \$419,347 increase in fund balance during the current fiscal year which put the overall fund balance at \$2,445,900 as of June 30, 2018. The entire fund balance has been committed for particular purposes by the City.

The Airport Capital Projects Fund, a major fund, had a \$6,553 decrease in fund balance during the current fiscal year which put the overall fund balance at \$43,606 as of June 30, 2018. The entire fund balance has been committed for capital projects at the City's Airport.

The Capital Projects Fund, a major fund, had a \$147,257 increase in fund balance during the current fiscal year which put the overall fund balance at \$2,575,945 as of June 30, 2018. The entire fund balance has been committed for capital projects within the City.

Proprietary Funds. The City maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer operations. Internal service funds are an accounting device used to accumulate and allocate costs internally for general liability, worker's compensation self-insurance and health insurance. The services provided by these funds benefit the governmental and business-type functions. They have been included within business-type and governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary funds financial statements provide separate information for water and sewer systems.

Proprietary fund financial statements can be found on pages 23 - 26 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS-CONTINUED

June 30, 2018

Notes to Financial Statements.

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28 - 88 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Hammond, assets and deferred outflows of governmental and business-type activities exceeded liabilities and deferred inflows by \$45,786,353 at the close of the most recent fiscal year.

In accordance with GASB Statement No. 68, the City records the net pension liability of the three retirement plans that service the City. This has caused a deficit unrestricted amount. By far the largest portion of the City's net position reflects the investment in capital assets net of any related outstanding debt used to acquire those assets. The City of Hammond uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. For more detailed information refer to page 16, Statement of Net Position.

An additional portion of the City of Hammond's net position represents resources that are subject to external restrictions on how they may be used.

Effective June 30, 2018 the City implemented GASB Statement No. 75 in which, the City recorded its total OPEB liability. This was recorded retrospectively and resulted in a prior period adjustment to net position of \$1,759,306.

RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET POSITION GOVERNMENTAL FUNDS JUNE 30, 2018

Amounts reported for governmental activities in the Statement of Net Position are different because:

Total fund balances, Governmental Funds	\$ 11,651,198
Capital assets net of accumulated depreciation at June 30, 2018	58,345,437
In the Statement of Net Position, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.	(33,293)
Internal service fund's assets and liabilities (governmental activities)	460,314
Long term liabilities at June 30, 2018: General obligation bonds payable Other post-employment benefits payable Accumulated leave payable	(12,225,405) (1,787,486) (4,341,699)
In accordance with Governmental Accounting Standards Board the net pension liability related to the pension plans, deferred outflows of resources and deferred inflows of resources are not recorded in governmental funds.	
Net pension liability	(28,595,145)
Deferred outflows of resources: Changes in proportion and difference between contributions	
and proportionate share of contributions	58,933
Difference between expected and actual experience	84,541
Contributions subsequent to the measurement date Net difference between projected and actual earning	3,183,603
on pension plan investments	2,893,024
Change in assumptions	1,362,224
Deferred inflows of resources: Changes in proportion and differences between contributions	
and proportionate share of contributions	(1,465,838)
Differences between expected and actual experience related to pension	•
Differences between expected and actual experience related to OPEB	(15,572)
Change in assumptions	(1,722)

Net position of governmental activities

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended June 30, 2018

INTRODUCTION:

On April 15, 1977, the United States District Court for the Eastern District of Louisiana ordered and decreed that the City of Hammond (the City) shall institute the proposed Home Rule Charter dated April 11, 1977. The City operates under a Mayor-Council form of government.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. REPORTING ENTITY:

As the municipal governing authority, the City is considered a separate entity for reporting purposes. The financial reporting entity consists of (a) the Primary Government (City of Hammond), (b) organizations for which the Primary Government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the Primary Government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Government Accounting Standards Board (GASB) Statement No. 14 as amended by GASB Statement No. 61 and GASB Statement No. 80, establishes criteria for determining which component units should be considered part of the City for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the municipality to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the municipality.
- Organizations for which the municipality does not appoint a voting majority but are fiscally dependent and provide the potential for specific financial benefits to, or impose specific financial burdens on the municipality.
- Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.
- 4. Organizations that are organized as not-for-profit corporations in which the primary government is the sole corporate member, as identified in the component unit's articles of incorporation or bylaws.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

A. REPORTING ENTITY: (Continued)

Based on the previous criteria, the City has determined that the following component units are part of the reporting entity:

Component Unit	Year End	Criteria Used
·		
City Court	June 30, 2018	2
Marshal's Office - City Court	June 30, 2018	2
Hammond Downtown		
Development District	June 30, 2018	1

As required by accounting principles generally accepted in the United States of America, these financial statements present the City (the primary government) and its component units.

Blended Component Unit

Blended component units, although legally separate entities, are, in substance, part of the City's operations. The City has one blended component unit which is reported as if it were part of or blended with the City's operations. The Hammond Downtown Development District (the District) was created to formulate and implement a redevelopment plan for the central business district of the City. The City's governing authority appoints the District's board members and approves the redevelopment plan. The District is reported as a Special Revenue Fund of the City. No separate financial statements for the District have been issued.

Discretely Presented Component Units

Component units that are legally separate from the City, but are financially accountable to the City or whose relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete, are discretely presented. The Component Unit columns of the combined financial statements include the financial data of the discretely presented component units. They are reported in separate columns to emphasize that they are legally separate from the City.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

A. REPORTING ENTITY: (Continued)

Discretely Presented Component Units: (Continued)

Funding for the following state constitutionally defined agencies is included in the City's General Fund. These agencies, however, have certain statutorily defined sources of funds for their own operating and/or capital budget discretion. These funds have been discretely presented in the City's financial statements:

<u>City Court of Hammond</u> - The Judge of the Court is an elected official provided by the Louisiana State Constitution. Fiscal interdependency exists between the City and the City Court in that the City is required to provide the City Court office facilities. In addition, the City assists in funding the operations of the Court. The City's financial statements discretely present the City Court of Hammond's financial statements for the year ended June 30, 2018.

Marshal's Office - City Court of Hammond - The Marshal is an elected official provided by the Louisiana State Constitution. Fiscal interdependency exists between the City and the Marshal in that the City is required to provide the Marshal's office facilities. In addition, the City assists in funding the operations of the Marshal's office. The City's financial statements discretely present the Marshal's financial statements for the year ended June 30, 2018.

Related Organizations

The Hammond Section 8 Housing Authority (the Authority) is a legally separate government entity formed to administer housing programs funded by the U.S. Department of Housing and Urban Development (HUD). The City's governing authority appoints a majority of the Authority's members; however, there is no financial relationship between the Authority and the City. This organization is not a component unit of the City's reporting entity. It is classified as a related organization. The City's accountability does not extend beyond making the appointments.

The Hammond-Tangipahoa Home Mortgage Authority is a non-profit corporation established pursuant to State Statutes to finance debt for various public purposes within Tangipahoa Parish. The City Council appoints the board members of the agency. The agency is fiscally independent from the City, issues its own debt, approves its budgets, and sets its rates and charges. The City has no authority to remove board members, designate management, or approve or modify rates. The City is not obligated in any

NOTES TO FINANCIAL STATEMENTS - CONTINUED As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

Related Organizations: (Continued)

manner for the debt issues of this agency. This agency is classified as a related organization.

Complete financial statements for each of the City's component units and related organizations can be obtained at the Office of the Legislative Auditor of the State of Louisiana; I 600 North Third Street, P.O. Box 94397, Baton Rouge, LA 70804-9397, or at each of the agency's administrative offices.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS:

In accordance with Statement No. 34 of the Governmental Accounting Standards Board (GASB), Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, included in the City's Annual Financial Report are the Management's Discussion and Analysis (MD&A), government-wide financial statements which include the Statement of Net Position and the Statement of Activities and fund financial statements which include the Balance Sheet, Reconciliation of the Balance Sheet to the Statement of Net Position, Statement of Revenues, Expenditures and Changes in Fund Balances and Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities.

The Statement of Net Position and the Statement of Activities include the governmental and business-type activities of the City and also the component units for which the City is financially accountable. These government-wide statements for the governmental activities begin with the governmental funds financial statements balances and are adjusted to incorporate the City's capital assets, long-term debt and internal service funds. These adjustments are detailed in the financial statements in the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Changes in Revenues, Expenditures and Changes in Fund Balance to the Statement of Activities. For the most part, the effect of interfund activity has been removed from the government-wide statements. The Statement of Activities presents financial information in a manner that shows the income and expenses generated by each individual governmental function or unit. Taxes are reported as general revenues along with other items that cannot be properly included in program revenues.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS: (Continued)

Fund financial statements report major individual governmental funds in a separate column. Separate financial statements are provided for governmental funds, proprietary funds and component units.

Governmental funds are used to account for the majority of government's general activities, including the collection and disbursement of earmarked monies, (special revenue funds), the acquisition or construction of capital assets (capital projects funds), and the servicing of general long-term debt (debt service funds). The general fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government (internal service funds).

Fiduciary funds account for assets held in a trustee or agency capacity on behalf of others. The City has no fiduciary funds except those employed by its component units.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION:

Government-Wide Financial Statements:

The government-wide financial statements and the proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are interest income and intergovernmental revenues derived from providing services to entities outside the primary government. Elimination of these charges would distort the direct costs and program revenues reported for various functions concerned.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION: (Continued)

Government-Wide Financial Statements: (Continued)

Amounts reported as program revenues include:

- 1. Charges to customers or applicants for goods, services or privileges provided,
- 2. Operating grants and contributions and
- 3. Capital grants and contributions.

Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Fund Financial Statements:

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, generally only current assets and current liabilities are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets. Revenues are recognized when susceptible to accrual (i.e. when they become both measurable and available). "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers ad valorem (property) taxes revenue in the year for which they are levied. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

Those revenues susceptible to accrual are franchise taxes, licenses, fines, interest revenue and charges for services. In accordance with GASB Statement No. 33, sales taxes collected and held by merchants and the intermediary collecting governments at year end on behalf of the City are recognized as revenue. Permits are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund-type operating statements present increases (i.e. revenues) and decreases (i.e. expenses) in net total position.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION: (Continued)

Fund Financial Statements: (Continued)

The City government reports the following major governmental funds:

- General Fund the General Fund is the City's primary operating fund. It accounts for all financial resources of general government, except those required to be accounted for in another fund.
- Sales Tax Fund the Sales Tax Fund is used to account for sales and use tax collected and its subsequent disbursement in accordance with sales tax dedication.
- Capital Projects Fund the Capital Projects Fund is used to account for the proceeds of grants and other funding that are received primarily to assist in capital projects throughout the City of Hammond.
- Airport Capital Projects Fund the Airport Capital Projects Fund is used to account for the proceeds of grants that are received primarily to assist in capital projects at the Hammond Airport.

The City government reports the following major proprietary fund:

Water and Sewer Fund – the Water and Sewer Fund is used to account for the
provisions of water and sewer services to residents of the City and certain
residents outside of City limits. The fund also accounts for the maintenance of the
water and sewer system, including capital outlay for the system. All activities
necessary to provide such services are accounted for in this fund, including, but
not limited to, administration, operations, maintenance, financing and related
debt service, and billing and collection.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewer Fund are charges to customers for sales and services. Operating expenses for enterprise funds include personnel services, contractual services, supplies, materials, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION: (Continued)

Fund Financial Statements: (Continued)

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

The reporting focus of fiduciary funds is upon net position and changes in net position and employs accounting principles similar to proprietary funds. Fiduciary funds are not included in the government-wide financial statements as they are not available to support City programs.

The Governmental Accounting Standards Board (GASB) promulgates accounting principles generally accepted in the United States of America and reporting standards for state and local governments. These principles are found in the *Codification of Governmental Accounting and Financial Reporting Standards*, published by the GASB. The accompanying basic financial statements of the City have been prepared in conformity with such principles.

During the year ended June 30, 2018, the City adopted GASB Statement No. 75 – "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." The objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities.

During the year ended June 30, 2017, the City adopted GASB Statement No. 82 – "Pension Issues." This statement addresses certain issues that have been raised with GASB Statements No. 67, 68 and 73. Specifically, this Statement addresses issues regarding (I) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION: (Continued)

Budgets:

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- I. By May 15, the Mayor submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted at council meetings to obtain taxpayer comments.
- 3. By June 30, the budget is legally enacted through passage of an ordinance.
- 4. Only the City Council is authorized to transfer budgeted amounts between departments within any fund or revise the total expenditures of any fund.
- 5. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds, except those Special Revenue Funds established to account for a particular grant. Such grant funds are budgeted over the life of the grant and not necessarily on an annual basis.
- 6. Budgeted amounts are as originally adopted or as amended by the City Council. Individual amendments were not material in relation to the original appropriations which were amended.
- 7. All budgetary appropriations lapse at the end of each fiscal year.
- 8. Those budgets which the City adopts are on a basis consistent with accounting principles generally accepted in the United States of America as applied to governmental units.

Budgetary data for the discretely presented component units are not presented in these financial statements.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION: (Continued)

Compensated Absences:

The City accrues accumulated unpaid vacation and sick leave and associated employee related costs when earned by the employee. For governmental funds, the current portion of unpaid compensated absences is the amount that is normally expected to be paid using expendable available financial resources. These amounts are recorded in the fund from which the employees who have accumulated leave are paid. The non-current portion of the liability is not reported in the governmental funds financial statements. In proprietary funds, the entire amount of compensated absences is reported as a fund liability. In the government-wide financial statements, the entire compensated absences liability is reported. Substantially all employees of the City government earn from one week to four weeks of annual leave each year depending on length of service. Each year any unused annual leave may be accumulated up to a maximum of 280 hours. Upon termination, an employee shall be paid a value of his accrued annual leave up to 280 hours.

All employees except Fire and Police earn 12 days a year of sick leave regardless of the length of service. All civil service employees of the Police and Fire Departments are given, in accordance with civil service requirements, with full pay, a sick leave aggregating not less than fifty-two weeks during any calendar year when the conditions actually warrant. Each year any unused sick leave may accumulate. Upon retirement an employee shall be paid up to 1,440 hours of accrued sick leave. Upon termination, an employee is not paid for accrued sick leave.

Sales and Use Tax:

The City has a two-percent sales and use tax. The Tangipahoa Parish School Board is authorized to collect and remit this tax to the City for a stipulated fee. The City's sales tax ordinances provide that the proceeds can be used for debt service payments and general governmental operations of the City.

Long-Term Obligations:

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bond payables are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION: (Continued)

Long-Term Obligations: (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as another financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Restricted Assets:

Included in restricted assets of the governmental activities in the Statement of Net Position are:

I) The "Capital Project Fund", which is used to segregate those resources accumulated through sale of bond or state financing to be used for capital projects, and 2) the "Debt Service Fund" account, which is used to pay principal and interest on the City's general obligation, and sales tax bonds.

Included in restricted assets of the business-type activities in the Statement of Net Position are:

The "Customers' Deposits" account, which is used to segregate water meter deposits used to pay any outstanding water bills when customers discontinue service.

Governmental Fund Balances:

In accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, fund balances are classified as follows:

- Non-Spendable Fund Balances amounts that cannot be spent either because they are in a non-spendable form or because they are legally or contractually required to be maintained intact.
- 2) Restricted Fund Balance amounts that can be spent only for specific purposes because of the City Charter, the City Code, state or federal laws, or externally imposed conditions by grantors, creditors, or citizens.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION: (Continued)

Governmental Fund Balances: (Continued)

- 3) Committed Fund Balance amounts that can be used only for specific purposes determine by a formal action by City Council ordinance or resolution.
- 4) Assigned Fund Balance amounts that are constrained by the City's intent that they will be used for specific purposes.
- 5) Unassigned Fund Balance all amounts not included in the other spendable classifications.

The City considers restricted fund balances to be spent for governmental expenditures first when both restricted and unrestricted resources are available. The City also considers committed fund balances to be spent first when other unrestricted fund balance classifications are available for use.

Allowance for Doubtful Accounts:

The City has established an allowance for doubtful accounts for write-off of delinquent accounts. The City's allowance is based on management's best estimate of uncollectible amounts. The allowance for doubtful accounts at June 30, 2018 is \$50,000.

Cash and Cash Equivalents:

For the purpose of the Statement of Cash Flows, cash includes amounts in petty cash, demand deposits, interest bearing demand deposits, and money market accounts.

Advance To/From Other Funds:

Non-current portions of long-term interfund loans on receivables are reported as advances.

Short-Term Interfund Receivables/Payables:

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as due to or from other funds on the balance sheet. Short-term interfund loans are classified as interfund receivables or payables or due to or from other funds.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION: (Continued)

Prepaid Items:

Payments made to vendors for services that will benefit periods beyond June 30, 2018 are recorded as prepaid items in the government-wide financial statements and fund financial statements.

Capital Assets:

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and the fund financial statements for proprietary funds. Capital assets are defined by the City as assets with an initial, individual cost of more than \$500 for equipment, \$100,000 for water and sewer infrastructure, \$250,000 for general infrastructure, and \$50,000 for buildings. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No interest was incurred by the City during the current fiscal year.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Estimated useful lives are as follows:

	<u>Lite</u>
Buildings	10-40 years
Lines and mains	20-50 years
Equipment and vehicles	5-20 years
Infrastructure	20-40 years

Intangible Assets:

Intangible assets include easements, computer software, patent, copyrights, trademarks and goodwill. The City does not currently have any reportable intangible assets that meet the capitalization threshold for intangible assets in accordance with GASB Statement No. 51 "Accounting and Reporting for Intangible Assets."

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION: (Continued)

Interfund Transactions:

On fund financial statements, long-term interfund loans are classified as "due to/from other funds" on the balance sheet. These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Use of Estimates:

The City uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported revenues and expenditures. Actual results could vary from the estimates that are used.

2. AD VALOREM TAXES:

Ad Valorem taxes attach as an enforceable lien on property as of January I of each year. Taxes are levied by the City during the year and are billed to taxpayers in November. Billed taxes become delinquent on March I of the following year. Revenues from Ad Valorem taxes are budgeted in the year billed and recognized as revenue when received. The City bills and collects its own property taxes using the assessed value determined by the Tax Assessor of Tangipahoa Parish.

The City is permitted by state law to levy taxes up to 9.04 mills of assessed valuation for general operating purposes. In 2011, the City passed an ordinance to allow part of the 9.04 mills to support debt service payments for Limited Tax Revenue Bonds issued in 2011. In addition, voters renewed a ten-year millage in 2008 of two (2) mills to be used for public improvements upkeep. The total is for general government services. No

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

2. AD VALOREM TAXES: (Continued)

assessment was required for payment of long-term debt. On October 2, 2010, the voters of the City renewed a ten (10) mill property tax for a period of ten (10) years, beginning with the year 2011, for the purpose of operating, maintaining and acquiring police and fire protection services, facilities and equipment and paying Police and Fire Department salaries.

The Hammond Downtown Development District (the District) is permitted by state law to levy taxes up to fifteen (15) mills on all property subject to taxation by the District for the purpose of constructing, acquiring, operating or maintaining public facilities contemplated by the redevelopment plan and for the operating expenses of the District.

For the year ended June 30, 2018, taxes were levied for the City (21.04 mills) and the District (15 mills) on property. The total tax levied was \$4,637,203. Tax collections for the year ended June 30, 2018 were 98.6% of the tax levy.

3. CASH, CASH EQUIVALENTS AND INVESTMENTS:

A. Primary Government

Cash and cash equivalents include amounts in demand deposits and interest bearing demand deposits. Under state law, the City may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

The primary government had no long-term investments as of June 30, 2018. All monies are invested in short term cash equivalents.

At June 30, 2018, the City had cash (book balances) totaling \$10,642,223 as follows:

Governmental Funds:

Petty cash	\$ 1,500
Demand deposits	12,056
Interest bearing demand deposits	 7,522,215
·	7,535,771

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

3. CASH, CASH EQUIVALENTS AND INVESTMENTS: (Continued)

A. Primary Government: (Continued)

Proprietary Funds:

Enterprise Fund

Interest bearing demand deposit 2,230,833

Internal Service Fund

Interest bearing demand deposit 851,983
Cash with agent 23,636
875,619

Total \$ 10,642,223

These deposits are stated at cost, which approximates market value. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the City in a holding or custodial bank that is mutually acceptable to both parties.

At June 30, 2018, the City had \$10,870,779 in deposits (collected bank balances). These deposits are secured from risk by federal deposit insurance and pledged securities.

B. Custodial Credit Risk

Custodial credit risk is defined as the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its deposit or collateral securities that are in the possession of an outside party. The City's bank balance of \$10,870,779 at June 30, 2018 is secured by pledged collateral held in joint custody. The City has no formal policy regarding custodial credit risk.

Deposits collateralized by pledged securities are considered to be exposed to credit risk (Category 3), under the provision of GASB Statement No. 40. However, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the governmental entity that the fiscal agent has failed to pay deposited funds upon demand.

C. Discretely Presented Component Units

The discretely presented component units are required to invest funds within the same state statutes as the primary government. Component unit deposits (including demand deposit accounts and certificates of deposit) at June 30, 2018, are as follows:

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

3. CASH, CASH EQUIVALENTS AND INVESTMENTS: (Continued)

C. Discretely Presented Component Units: (Continued)

City Court of Hammond

The City Court of Hammond reported on the government-wide financial statements cash and cash equivalents in the amount of \$406,993 in deposits (book balances), of which \$61,187 is restricted, at June 30, 2018. Total cash (book balances) from fiduciary responsibilities was \$357,369 at June 30, 2018. The City Court of Hammond reported on the government-wide financial statements investments (book balance) of \$593,948 at June 30, 2018. Bank balances at June 30, 2018 totaled \$1,359,111 of which \$831,239 was insured by FDIC Insurance and \$527,872 was collateralized with investments held by pledging bank's trust department not in the City Court's name.

Certificates of deposit with a maturity of 90 days or more are classified on the government-wide financial statements, fund financial statements and statement of fiduciary net position as "Investments".

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the entity's deposits may not be returned to it. The City Court does not have a deposit policy for custodial risk. At June 30, 2018, \$527,872 was exposed to custodial credit risk.

Deposits collateralized by pledged securities are considered to be exposed to credit risk under the provision of GASB Statement No. 40. However, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the governmental entity that the fiscal agent has failed to pay deposited funds upon demand.

At June 30, 2018, the City Court was in compliance with state law, which requires any uninsured cash balances with the fiscal agent bank to be adequately collateralized by a pledge of securities.

Marshal's Office - City Court of Hammond

At June 30, 2018, the Marshal's Office reported on the government-wide financial statements cash and cash equivalents (book balances) in the amount of \$253,543. Total cash (book balances) from fiduciary responsibilities not reported on the government-wide financial statements was \$52,858 at June 30, 2018. The Marshal's Office reported

NOTES TO FINANCIAL STATEMENTS - CONTINUED

3. CASH, CASH EQUIVALENTS AND INVESTMENTS: (Continued)

C. Discretely Presented Component Units: (Continued)

Marshal's Office - City Court of Hammond: (Continued)

on the government-wide financial statements investments (book balance) of \$232,618 at June 30, 2018. The bank balances at June 30, 2018 totaled \$590,490, of which \$4,014 was uninsured and collateralized with the remaining \$586,476 insured by FDIC Insurance.

Custodial credit risk – Deposits. Custodial credit risk is defined as the risk that, in the event of a bank failure, the entity's deposits and collateral securities that are in the possession of an outside party may not be recovered. The Marshal's Office is not exposed to custodial credit risk at June 30, 2018. The Marshal's Office has no formal policy regarding custodial credit risk.

Deposits collateralized by pledged securities are considered to be exposed to credit risk (Category 3), under the provision of GASB Statement No. 40. However, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the Marshal's Office that the fiscal agent has failed to pay deposited funds upon demand.

In 2011, the City issued \$4,390,000 of Limited Tax Revenue Bonds to refund the Series 2002 Sales Tax Revenue Bonds. The Limited Tax Bonds are supported by the 9.04 mill Ad Valorem tax.

Accumulated Leave

At June 30, 2018, employees of the City have accumulated and vested \$4,341,699 of leave benefits for all governmental funds.

Proprietary Fund Types:

Accumulated Leave

At June 30, 2018, employees of the City who work in the Water and Sewer Departments have accumulated and vested \$388,761 of leave benefits for the proprietary funds.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

9. GENERAL LONG-TERM DEBT OBLIGATIONS: (Continued)

Proprietary Fund Types: (Continued)

Public Improvement Revenue Bonds

In November of 2013, the City entered into a loan agreement with the Louisiana Department of Environmental Quality (LDEQ) for the purpose of issuing Taxable Sewer Revenue Bonds, Series 2013 for an amount not to exceed \$5,000,000. The Taxable Sewer Revenue Bonds, Series 2013 are secured by and payable from a pledge and dedication of revenues derived from the sewerage system and user fees of the Proprietary Fund. Loan proceeds of \$171,792 were drawn down and \$197,000 were retired in 2018. As of June 30, 2018, \$3,642,465 of such bonds remained outstanding.

In addition, the City also owes the State and local governmental districts \$9,542 as of June 30, 2018.

Advanced Refunding

During the year ended June 30, 2015, the City issued \$11,000,000 in sales tax bonds with interest rates ranging from 2% to 5%. The proceeds were used to advance refund \$12,105,000 of outstanding 2005 and 2006 sales tax bonds which had interest rates ranging from 4% to 5.25%. The net proceeds of \$12,321,826 (including a \$1,527,424 premium and after payment of \$205,597 in underwriting fees and other issuance costs) were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service payment on the refunded bonds. As a result, the 2005 sales tax bond was considered defeased and the liability for those bonds has been removed from the statement of net position while the 2006 sales tax bond has a remaining balance of \$1,475,000. During the year ended June 30, 2018, \$145,469 of this premium was amortized.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

10. METER DEPOSITS:

Meter deposits are paid by customers upon application for utility services and are refundable to them upon termination of service. Receipts from meter deposits are deposited in a meter deposit account and refunds of deposits on termination of service are made from the same account.

The City has restricted cash and cash equivalents of the Meter Deposit Fund specifically for meter deposits. At June 30, 2018, meter deposits amounted to \$843,917 and the balance of cash and cash equivalents in the Meter Deposit Fund totaled \$843,917.

11. PENSION PLANS:

Substantially all employees of the City of Hammond are members of three statewide, public employee retirement systems, the Municipal Employees' Retirement System (MERS), the Municipal Police Employees' Retirement System (MPERS) and the Firefighters' Retirement System (FRS). All three plans are administered by separate boards of trustees and are cost-sharing, multiple-employer defined benefit pension plans. The systems issue annual, publicly-available financial reports that include financial statements and required supplementary information for the systems. The reports for MERS, MPERS and FRS may be obtained at www.lampers.org and ww

Plan Descriptions

Municipal Employees' Retirement System (MERS)

The MERS System was originally established by Act 356 of the 1954 regular session of the Legislature of the State of Louisiana to provide retirement benefits to employees of all incorporated villages, towns and cities within the state, which do not have their own retirement system and which elect to become members of the System.

Municipal Police Employees' Retirement System (MPERS)

Membership in the MPERS System is mandatory for any full-time police officer employed by a municipality of the State of Louisiana and engaged in law enforcement, empowered to make arrests, providing he or she does not have to pay social security and providing he or she meets the statutory criteria. The System provides retirement benefits for municipal police officers. The projections of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date. Benefit provisions are authorized within Act 189 of 1973 and amended by LRS 11:2211-11:2233.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Plan Descriptions: (Continued)

Firefighters' Retirement System (FRS)

Membership in the FRS System is a condition of employment for any full-time firefighters who earn more than \$375 per month and are employed by any municipality, parish, or fire protection district of the State of Louisiana in addition to employees of the Firefighters' Retirement System. The System provides retirement benefits for their members. The projections of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the System in accordance with benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date. Benefit provisions are authorized within Act 434 of 1979 and amended by LRS I 1:2251-11:2272.

Benefits Provided

MERS

Membership is mandatory as a condition of employment beginning on the date employed if the employee is on a permanent basis working at least thirty-five hours per week. Those individuals paid jointly by a participating employer and the City are not eligible for membership in the System with exceptions as outlined in the statutes. All of the City of Hammond's employees fall within Plan A.

Any member of Plan A who was hired before January 1, 2013 can retire providing the member meets one of the following criteria:

- 1. Any age with twenty-five (25) or more years of creditable service.
- 2. Age 60 with a minimum of ten (10) years of creditable service.
- 3. Any age with five (5) years of creditable service eligible for disability benefits.
- 4. Survivor's benefits require five (5) years creditable service with legal spouse at least last 12 months before death 40% at age 60 or minimum of 20% immediately (actuarially calculated).
- 5. Any age with 20 years of creditable service, exclusive of military service with an actuarially reduced early benefit.

Eligibility for Retirement for Plan A members hired on or after January 1, 2013 is as follows:

1. Age 67 with seven (7) or more years of creditable service.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Benefits Provided: (Continued)

MERS: (Continued)

- 2. Age 62 with ten (10) or more years of creditable service.
- 3. Age 55 with thirty (30) or more years of creditable service.
- 4. Any age with twenty five (25) years of creditable service, exclusive of military service and unused sick leave. However, any member retiring under this subsection shall have their benefit actuarially reduced from the earliest age of which the member would be entitled to a vested deferred benefit under any provision of this section, if the member had continued in service to that age.
- 5. Survivor's benefits require five or more years of credible service with legal spouse at least last 12 months before death 40% at age 60 or minimum of 20% immediately (actuarially calculated).

Generally, the monthly amount of the retirement allowance for any member of Plan A shall consist of an amount equal to three percent of the member's final average compensation multiplied by his years of creditable service. Final average compensation is the average monthly earnings during the highest sixty consecutive months, or joined months if service was interrupted. However, under certain conditions as outlined in the statutes, the benefits are limited to specified amounts.

<u>Survivor Benefits</u> - Upon death of any member of Plan A with five (5) or more years of creditable service, not eligible for retirement, the plan provides for benefits for the surviving spouse and/or minor children as outlined in the statutes.

Any member of Plan A, who is eligible for normal retirement at time of death and who leaves a surviving spouse, will be deemed to have retired and selected Option 2 benefits on behalf of the surviving spouse on the date of death. Such benefits will begin only upon proper application and are paid in lieu of any other survivor benefits.

<u>DROP Benefits</u> - In lieu of terminating employment and accepting a service retirement allowance, any member of Plan A who is eligible to retire may elect to participate in the deferred retirement option plan (DROP) for up to three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Benefits Provided: (Continued)

MERS: (Continued)

<u>DROP Benefits: (Continued)</u> - Interest is earned when the member has completed DROP participation. Interest earnings are based upon the actual rate of return on the investments identified as DROP funds for the period. In addition, no cost-of-living increases are payable to participants until employment which made them eligible to become members of the System has been terminated for at least one full year.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or any other method of payment if approved by the board of trustees. If a participant dies during participation in the DROP, a lump sum equal to the balance in his account shall be paid to his named beneficiary or, if none, to his estate. If employment is not terminated at the end of the three years, payments into the DROP fund cease and the person resumes active contributing membership in the System.

<u>Disability Benefits</u> - For Plan A, a member shall be eligible to retire and receive a disability benefit if he has at least five years of creditable service, is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of forty-five percent of his final average compensation or three percent of his final average compensation multiplied by his years of creditable service whichever is greater or an amount equal to three percent of the member's final average compensation multiplied by his years of creditable service projected to his earliest normal retirement age.

Cost of Living Increases - The System is authorized under state law to grant a cost of living increase to members who have been retired for at least one year. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. State law allows the System to grant an additional cost of living increase to all retirees and beneficiaries who are age sixty-five and above equal to 2% of the benefit being received on October 1, 1977, or the original benefit, if retirement commenced after that date.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Benefits Provided: (Continued)

MERS: (Continued)

<u>Deferred Benefits</u> – Plan A provides for deferred benefits for members who terminate before being eligible for retirement. Once the member reaches the appropriate age for retirement, benefits become payable. Benefits are based on statutes in effect at time of withdrawal.

MPERS

Membership prior to January 1, 2013 - A member is eligible for regular retirement after he has been a member of the System and has 25 years of creditable service at any age or has 20 years of creditable service and is age 50 or has 12 years creditable service and is age 55. A member is eligible for early retirement after he has been a member of the System for 20 years of creditable service at any age with an actuarially reduced benefit.

Benefit rates are three and one-third percent of average final compensation (average monthly earnings during the highest 36 consecutive months or joined months if service was interrupted) per number of years of creditable service not to exceed 100% of final salary.

Upon the death of an active contributing member, or disability retiree, the plan provides for surviving spouses and minor children. Under certain conditions outlined in the statutes, the benefits range from forty to sixty percent of the member's average final compensation for the surviving spouse. In addition, each child under age eighteen receives benefits equal to ten percent of the member's average final compensation or \$200 per month, whichever is greater.

Membership commencing January 1, 2013 - Member eligibility for regular retirement, early retirement, disability and survivor benefits are based on Hazardous Duty and Non Hazardous Duty sub plans. Under the Hazardous Duty sub plan, a member is eligible for regular retirement after he has been a member of the System and has 25 years of creditable service at any age or has 12 years of creditable service at age 55. Under the Non Hazardous Duty sub plan, a member is eligible for regular retirement after he has been a member of the System and has 30 years of creditable service at any age, 25 years of creditable service at age 55, or 10 years of creditable service at age 60. Under both sub plans, a member is eligible for early retirement after he has been a member of the System for 20 years of creditable service at any age, with an actuarially reduced benefit from age 55.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Benefits Provided: (Continued)

MPERS: (Continued)

Membership commencing January 1, 2013: (Continued) - Under the Hazardous and Non Hazardous Duty sub plans, the benefit rates are three percent and two and a half percent, respectively, of average final compensation (average monthly earnings during the highest 60 consecutive months or joined months if service was interrupted) per number of years of creditable service not to exceed 100% of final salary.

Upon death of an active contributing member, or disability retiree, the plan provides for surviving spouses and minor children. Under certain conditions outlined in the statutes, the benefits range from twenty-five to fifty-five percent of the member's average final compensation for the surviving spouse. In addition, each child under age eighteen receives ten percent of average final compensation or \$200 per month whichever is greater. If deceased member had less than ten years of service, beneficiary will receive a refund of employee contributions only.

Cost of living adjustments - The Board of Trustees is authorized to provide annual cost-of-living adjustments computed on the amount of the current regular retirement, disability, beneficiary or survivor's benefit, not to exceed 3% in any given year. The Board is authorized to provide an additional 2% COLA, computed on the member's original benefit, to all regular retirees, disability, survivors and beneficiaries who are 65 years of age or older on the cut-off date which determines eligibility.

No regular retiree, survivor or beneficiary shall be eligible to receive a cost-of-living adjustment until benefits have been received at least one full fiscal year and the payment of such COLA, when authorized, shall not be effective until the lapse of at least one-half of the fiscal year.

Members who elect early retirement are not eligible for a cost of living adjustment until they reach regular retirement age.

<u>Deferred Retirement Option Plan</u> - A member is eligible to elect to enter the deferred retirement option plan (DROP) when he is eligible for regular retirement based on the members' sub plan participation. Upon filing the application for the program, the employee's active membership in the System is terminated. At the entry date into the DROP, the employee and employer contributions cease. The amount to be deposited into the DROP account is equal to the benefit computed under the retirement plan elected by the participant at date of application.

NOTES TO FINANCIAL STATEMENTS - CONTINUED As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Benefits Provided: (Continued)

MPERS: (Continued)

Deferred Retirement Option Plan: (Continued) - The duration of participation in the DROP is thirty six months or less. If employment is terminated after the three-year period, the participant may receive his benefits by lump sum payment or a true annuity. If employment is not terminated, active contributing membership into the System shall resume and upon later termination, he shall receive additional retirement benefit based on the additional service. For those eligible to enter DROP prior to January I, 2004, DROP accounts shall earn interest subsequent to the termination of DROP participation at a rate of half of one percentage point below the percentage rate of return of the System's investment portfolio as certified by the actuary on an annual basis but will never lose money. For those eligible to enter DROP subsequent to January I, 2004, an irrevocable election is made to earn interest based on the System's investment portfolio return or a money market investment return. This could result in a negative earnings rate being applied to the account.

If the member elects a money market investment return, the funds are transferred to a government money market account.

<u>Initial Benefit Option Plan</u> - In 1999, the State Legislature authorized the System to establish an Initial Benefit Option program. Initial Benefit Option is available to members who are eligible for regular retirement and have not participated in DROP. The Initial Benefit Option program provides both a one-time single sum payment of up to 36 months of regular monthly retirement benefit, plus a reduced monthly retirement benefit for life. Interest is computed on the balance based on the same criteria as DROP.

FRS

Any person who becomes an employee as defined in RS 11:2252 on and after January 1, 1980 shall become a member as a condition of employment.

No person who has attained age fifty or over shall become a member of the System, unless the person becomes a member by reason of a merger or unless the System received an application for membership before the applicant attained the age of fifty. No person who has not attained the age of eighteen years shall become a member of the System.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Benefits Provided: (Continued)

FRS: (Continued)

Any person who has retired from service under any retirement system or pension fund maintained basically for public officers and employees of the state, its agencies or political subdivisions, and who is receiving retirement benefits therefrom may become a member of this System, provided the person meets all other requirements for membership. Service credit from the retirement system or pension plan from which the member is retired shall not be used for reciprocal recognition of service with this System, or for any other purpose in order to attain eligibility or increase the amount of service credit in this System.

<u>Deferred Retirement Option Plan</u> - After completing 20 years of creditable service and age 50 or 25 years at any age, a member may elect to participate in the deferred retirement option plan (DROP) for up to 36 months.

Upon commencement of participation in the deferred retirement option plan, employer and employee contributions to the System cease. The monthly retirement benefit that would have been payable is paid into the deferred retirement option plan account. A member may (I) elect to roll over all or a portion of their DROP balance into another eligible qualified plan, (2) receive a lump-sum payment from the account, (3) receive single withdrawals at the discretion of the member, (4) receive monthly or annual withdrawals, or (5) receive an annuity based on the DROP account balance. These withdrawals are in addition to their regular monthly benefit. If employment is not terminated at the end of the 36 months, the participant resumes regular contributions to the System. No payments may be made from the deferred retirement option plan account until the participant retires.

<u>Initial Benefit Option Plan</u> - Effective June 16, 1999, members eligible to retire and who do not choose to participate in DROP may elect to receive, at the time of retirement, an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. Such amounts may be withdrawn or remain in the IBO account earning interest at the same rate as the DROP account.

Contributions

MERS

Contribution rates for employees are established by Louisiana Revised Statute 11:1786 and employer contribution rates are actuarially determined each year by the System's Board of Trustees. During the year ended June 30, 2018, employees were required to contribute 9.50% of their annual pay. The City's contractually required contribution rate for the year ended June 30, 2018, was 24.75% of annual payroll. Contributions to the System from the City were \$1,154,452 for the year ended June 30, 2018.

MPERS

Contribution rates for employees are established by state statutes and employer contribution rates are actuarially determined each year by the System's Board of Trustees. During the year ended June 30, 2018, employees were required to contribute 10.00% of their annual pay. The City's contractually required contribution rate for the year ended June 30, 2018, was 30.75% of annual payroll. Contributions to the System from the City were \$1,391,796 for the year ended June 30, 2018.

FRS

Contribution rates for employees are established by state statutes and employer contribution rates are actuarially determined each year by the System's Board of Trustees. During the year ended June 30, 2018, employees were required to contribute 10.00% of their annual pay. The City's contractually required contribution rate for the year ended June 30, 2018, was 26.50% of annual payroll. Contributions to the System from the City were \$781,743 for the year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the City of Hammond reported a liability for MERS, MPERS and FRS of \$9,673,046, \$12,911,108 and \$7,220,806, respectively, for its proportionate share of the net pension liability. The net pension liabilities were measured as of June 30, 2017, and the total pension liabilities used to calculate the net pension liability were determined by actuarial valuations as of that date. The City's proportion of the net pension liability for each retirement system was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

NOTES TO FINANCIAL STATEMENTS - CONTINUED As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

At June 30, 2018, the City's proportion for MERS, MPERS and FRS was 2.312233%, 1.478864% and 1.259769%, respectively. This reflects a decrease for MERS, MPERS, and FRS of 0.143482%, 0.129880%, and 0.022928%, respectively from their proportions measured as of June 30, 2017.

For the year ended June 30, 2018, the City recognized pension expense, for which there were no forfeitures, as follows:

	Pension
	 Expense
MERS	\$ 1,299,926
MPERS	1,858,772
FRS	 1,169,350
Total	\$ 4,328,048

At June 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources			Deferred Inflows of Resources

RP-2000 Disabled Lives Mortality Table set back 5 years for males and set back 3 years for females.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification. The target allocation and best estimates of arithmetic (MERS and MPERS) and geometric (FRS) real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018, are summarized in the following table:

•	*			Long-Term Expected				
	Tar	Target Allocation			Real Rate of Return			
Asset Class	MERS	MPERS	FRS	MERS	MPERS	FRS		
Public equity	50%	53%	57%	2.30%	3.66%	6.73%

11. PENSION PLANS: (Continued)

Discount Rates

The discount rate used to measure the total pension liability for MERS and FRS was 7.4%, while the discount rate for MPERS was 7.325%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions from participating employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plans' fiduciary net positions were projected to be available to make all projected future benefit payments of current active and inactive plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Employer's Proportionate Share of the Net Pension Liability to Changes in the Discount Rates

The following tables present the employer's proportionate share of the net pension liability using the discount rates of 7.4% for MERS and FRS and the discount rate of 7.325% for MPERS, as well as what the employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

	_1	1% Decrease		rrent Discount	1% Increase		
MERS (7.4%)	\$	12,326,675	\$	9,673,046	\$	7,409,573	
MPERS (7.325%)		17,837,941		12,911,108		8,777,851	
FRS (7.4%)		10,376,019		7,220,806		4,568,396	
TOTAL	\$	40,540,635	\$	29,804,960	\$	20,755,820	

Pension Plan Fiduciary Net Position

Detailed information about the pension plans' fiduciary net position is available in the separately issued MERS, MPERS and FRS audit reports at www.mersla.com, www.lampers.org and www.lafirefightersret.com, respectively.

Payables to the Pension Plan

At June 30, 2018, payables to MERS, MPERS and FRS were \$156,415, \$36,422 and \$20,591, respectively, for June 2018 employee and employer legally-required contributions.

Discretely Presented Component Units

City Court of Hammond

The employees of City Court of Hammond participate in the System and the judge participates in LASERS.

A. Parochial Employees' Retirement System of Louisiana

General Information about the Pension Plan

<u>Plan Description</u> – Employees of the City Court are eligible for participation in the Parochial Employees' Retirement System of Louisiana (the "System") – a cost-sharing, multiple-employer defined benefit pension plan administered by a Board of Trustees and established by Act 205 of the 1952 Regular Session of the Louisiana Legislature. The System issues a publicly available financial report that can be obtained at www.persla.org. The report may also obtained by writing to the Parochial Employees' Retirement System of Louisiana, 7905 Wrenwood Boulevard, Baton Rouge, Louisiana 70809, or by calling (225) 928-1361.

Benefits Provided – The System provides retirement, disability, and death benefits. Retirement benefits are determined as 2.0% of the employee's final compensation multiplied by the employee's years of creditable service. Employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of creditable service, or at any age with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3.0% of their final-average salary for each year of creditable service. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Under state law, cost of living increases to benefits are allowable only if sufficient funds are available from investment income in excess of normal requirements. Cost of living increases cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement.

<u>Contributions</u> – Per Act 765 of the 1979 Regular Session of the Louisiana Legislature, contribution rates for employees are established by state law and employer contribution rates are actuarially determined each year by the System's Board of Trustees. Employees are required to contribute 3.00% of their annual pay. The City Court's contribution rate was 8.00% for the period July 1, 2017 to December 31, 2017 and 7.50% for the period January 1, 2018 to June 30, 2018. Contributions to the System from the City Court were \$62,302 for the year ended June 30, 2018.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

11. PENSION PLANS: (Continued)

Discretely Presented Component Units: (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the City Court reported an asset of \$97,166 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2017, and the total pension asset used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City Court's proportion of the net pension asset was based on a projection of the City Court's June 30, 2018 contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At December 31, 2017, the City Court's proportion was 0.772256%, which was a decrease of 0.026612% from its proportion measured as of December 31, 2016. For the year ended June 30, 2018, the City Court recognized pension expense of \$66,142. At June 30, 2018, the City Court reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Out	ferred flows of sources	In	eferred flows of esources
Differences Between Expected and Actual Experience	\$	_	\$	50,602
Changes in Assumptions		57,169		-
Net Difference Between Projected and Actual Earnings				
On Pension Plan Investments		-		114,359
Changes in Proportion and Differences Between City Court				
Contributions and Proportionate Share of Contributions		663		435
City Court Contributions Subsequent to the Measurement Date		30,732		
	\$	88,564	\$	165,396

\$30,732 reported as deferred outflows of resources related to pensions resulting from City Court contributions subsequent to the measurement date will be recognized as a reduction of the net pension asset / liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Discretely Presented Component Units (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Years Ending:

December 31, 2018	\$ (5,230)
December 31, 2019	(15,797)
December 31, 2020	(42,681)
December 31, 2021	(44,324)

Actuarial Assumptions

The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal
Inflation	2.50%
Salary Increases	5.25% (2.50% Inflation, 2.75% Merit)
Investment Rate of Return	6.75%, Net of Investment Expense including Inflation

Expected Remaining Service Lives 4 years

Mortality rates were based on the RP-2000 Employee Sex Distinct Table for active members, the RP-2000 Healthy Annuitant Sex Distinct Table for annuitants and beneficiaries, and the RP-2000 Disabled Lives Mortality Tables for disabled annuitants.

The mortality rate assumption used in the December 31, 2017, valuation was set based upon an experience study performed on plan data for the period January 1, 2010 through December 31, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Discretely Presented Component Units: (Continued)

Actuarial Assumptions: (Continued)

The RP-2000 Healthy Annuitant Sex Distinct Tables (set forward two years for males and set forward one year for females) projected to 2031 using Scale AA was selected for annuitants and beneficiaries. For disabled annuitants, the RP-2000 Disables Lives Mortality Table set back five years for males and three years for females was selected. For active employees, the RP-2000 Employee Sex Distinct Tables set back four years for males and three years for females was used.

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up), and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.00% and an adjustment for the effect of rebalancing / diversification. The resulting expected long-term rate of return is 7.62% for the year ended December 31, 2017.

		Long-Term Expected
	Target	Real Rate of
Asset Class	Allocation	Return
Fixed Income	35.00%	1.24%
Equity	52.00%	3.57%
Alternatives	11.00%	0.69%
Real Assets	2.00%	0.12%
Total	100.00%	5.62%
Inflation		2.00%
Expected Arithmetic Nominal Return		7.62%

<u>Discount Rate</u> – The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with the relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on these assumptions, the System's fiduciary net

Discount Rate: (Continued)

position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension asset / liability.

Sensitivity of the City Court's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the City Court's proportionate share of the net pension asset / liability calculated using the discount rate of 6.75%, as well as what the City Court's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (5.75%) or one percentage-point higher (7.75%) than the current rate:

	Current						
	1.0% Decrease (5.75%)		Discount Rate (6.75%)		1.0% Increase (7.75%)		
	(3.7376)		(6.7376)		(7.7370)		
City Court's Proportionate Share of the							
Net Pension Asset / (Liability)	\$	207,044	\$	97,166	\$	(353,777)	

<u>Pension Plan Fiduciary Net Position</u> – Detailed information about the pension plan's fiduciary net position is available in the separately issued System financial report.

<u>Payables to the Pension Plan</u> – As of June 30, 2018, the City Court owed \$21,288 to the System for the City Court's 2nd quarter 2018 payroll contribution.

B. Louisiana State Employees Retirement System

General Information about the Pension Plan

<u>Plan Description</u> – The Judge of the City Court is the only employee eligible for participation in the Louisiana State Employees' Retirement System ("LASERS") – a cost-sharing, multiple-employer defined benefit pension plan administered by a Board of Trustees and established by Title II, Section 401 of the Louisiana Revised Statutes of 1950. LASERS issues a publicly available financial report that can be obtained at www.lasersonline.org. The report may also obtained by writing to the Louisiana Employees Retirement System, P.O. Box 44213, Baton Rouge, Louisiana 70804-4213.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Discretely Presented Component Units: (Continued)

General Information about the Pension Plan: (Continued)

<u>Benefits Provided</u> – The age and years of creditable service required in order for a member to retire with full benefits are established by Statute and may vary depending on the member's employer and job classification. The substantial majority of members may retire with full benefits at ages ranging from any age, upon completing thirty years of service, to age sixty, upon completing ten years of service.

The basic annual retirement benefit for substantially all members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Average compensation is defined as the member's average annual earned compensation for the highest thirty-six consecutive months of employment for members employed prior to July I, 2006. For members hired July I, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest sixty consecutive months of employment. The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to the basic retirement benefits, a member may elect to receive their retirement throughout their life, with certain benefits being paid to their designated beneficiary after their death.

Members are eligible for disability benefits under age 60 with 10 or more years of credited service. Survivor's benefits are available upon the death of a member who has credit for five or more years of service who is not eligible for normal retirement benefits. As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases that are funded through investment earnings when recommended by the Board of Trustees and approved by the State.

Contributions – Contribution rates are established annually under LRS 11:101 – 11:104 by the Public Retirement Systems' Actuarial Committee (PRSAC), taking into consideration the recommendation of LASER's actuary. Rates are different for each class of members; however, the City Court's contractually required contribution rate for the year ended June 30, 2018, was 40.10%. Members are required to contribute 11.50% of their annual pay. Contributions to LASERS from the City Court were \$9,444 for the year ended June 30, 2018. The Judge had previously been in the LASER's DROP program, but was reinstated to LASERS on January 1, 2018.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Discretely Presented Component Units: (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the City Court reported a liability of \$0 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City Court's proportion of the net pension liability was based on a projection of the City Court's June 30, 2018, contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2017, the City Court's proportion was 0.000000%, which was a change of 0.000000% from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the City Court recognized pension expense of \$0. At June 30, 2018, the City Court reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred Outflows of Resources		Deferred Inflows of Resources	
City Court Contributions Subsequent to the Measurement Date	\$	9,444	\$		
	\$	9,444	\$	<u> </u>	

\$9,444 reported as deferred outflows of resources related to pensions resulting from City Court contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. No other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense.

Actuarial Assumptions

The total pension liability in the June 30, 2017, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method Entry Age Normal Cost

Expected Remaining Service Life 3-Years

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Discretely Presented Component Units: (Continued)

Actuarial Assumptions: (Continued)

Investment Rate of Return 7.70% per annum, net of investment expenses

Inflation Rate 2.75% per annum

Mortality Non-disabled members – Mortality rates based on

the RP-2000 Combined Healthy Mortality Table with

mortality improvements projected to 2015.

Disabled members – Mortality rates based on the RP-2000 Disabled Retiree Mortality Table, with no

projection for mortality improvements.

Termination, Disability,

and Retirements

Termination, disability, and retirement assumptions were projected based on a five-year (2009-2013) experience study of the System's members.

Salary Increases

Salary increases were projected based on a 2009-2013 experience study of the System's members. The salary increase ranges for specific types of members are:

Member Type	Lower Range	Upper Range
Regular	4.00%	13.00%
Judges	3.00%	6.00%
Corrections	4.00%	15.00%
Hazardous Duty	4.00%	15.00%
Wildlife	4.00%	15.00%

Cost of Living Adjustments

The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The projected benefit payments do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Discretely Presented Component Units: (Continued)

Actuarial Assumptions: (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 3.25% and an adjustment for the effect of rebalancing / diversification. The resulting expected long-term rate of return is 8.69% for 2017. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2017 are summarized in the following table:

Long-Term Expected
Real Rate of Return
(0.24%)
4.31%
5.35%
1.73%
2.49%
7.41%
2.84%
5.26%

Discount Rate – The discount rate used to measure the total pension liability was 7.70%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from participating employers will be made at the actuarially determined rates approved by the PRSAC taking into consideration the recommendation of LASERS's actuary. Based on those assumptions, LASERS's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

of the Net Pension Liability	\$	\$ -	\$ -		

<u>Pension Plan Fiduciary Net Position</u> – Detailed information about the pension plan's fiduciary net position is available in the separately issued LASERS financial report.

<u>Payables to the Pension Plan</u> – As of June 30, 2018, the City Court did not have any payables due to LASERS.

Marshal's Office - City Court of Hammond

C. Employees' Pension Plan (Municipal Employees' Retirement System)

General Information about the Pension Plan

<u>Plan Description</u> – Employees of the Marshal are eligible for participation in the Municipal Employees' Retirement System of Louisiana (the "System") – a cost-sharing, multiple-employer defined benefit pension plan administered by a Board of Trustees and established by Act 356 of the 1954 Regular Session of the Louisiana Legislature. The System issues a publicly available financial report that can be obtained at www.mersla.com/annual-reports.

The report may also be obtained by writing to the Municipal Employees' Retirement System of Louisiana, 7937 Office Park Boulevard, Baton Rouge, LA 70809, or by calling (225) 925-4810.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Discretely Presented Component Units: (Continued)

General Information about the Pension Plan: (Continued)

Benefits Provided – The System provides retirement, disability, and death benefits. Retirement benefits are generally determined as 3.0% of the employee's final compensation multiplied by the employee's years of creditable service. Employees with 25 years of service are eligible to retire at any age. Employees with a minimum of 10 years of service are eligible to retire at age 60. Employees are eligible for disability benefits under age 60 with 5 years of service. Survivor's benefits are available upon the death of a member who has credit for 5 or more years of service who is not eligible for normal retirement benefits. Under state law, cost of living increases to benefits are allowable only if sufficient funds are available from investment income in excess of normal requirements. Cost of living increases cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement.

<u>Contributions</u> – Per Act 788 of the 1978 Regular Session of the Louisiana Legislature, contribution rates for employees are established by state law and employer contribution rates are actuarially determined each year by the System's Board of Trustees. Employees are required to contribute 9.50% of their annual pay. The Marshal's contractually required contribution rate for the year ended June 30, 2018, was 24.75% of annual payroll. Contributions to the System from the Marshal were \$62,135 for the year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the Marshal reported a liability of \$777,133 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Marshal's proportion of the net pension liability was based on a projection of the Marshal's June 30, 2018, contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2017, the Marshal's proportion was 0.185765%, which was a decrease of 0.024633% from its proportion measured as of June 30, 2016.

NOTES TO FINANCIAL STATEMENTS - CONTINUED As of and for the Year Ended June 30, 2018

Discretely Presented Component Units (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2018, the Marshal recognized pension expense of \$44,124. At June 30, 2018, the Marshal reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred		Deferred
	Outflows of	lı	nflows of
	Resources	R	Resources
Differences Between Expected and Actual Experience	\$ -	\$	23,668
Changes in Assumptions	12,995		-
Net Difference Between Projected and Actual Earnings			
On Pension Plan Investments	156,711		-
Changes in Proportion and Differences Between Marshal			
Contributions and Proportionate Share of Contributions	-		96,860
Marshal Contributions Subsequent to the Measurement Date	62,135		
	<u>\$ 231,841</u>	\$	120,528

\$62,135 reported as deferred outflows of resources related to pensions resulting from the Marshal's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ending:	
June 30, 2019	\$ (28,028)
June 30, 2020	36,379
June 30, 2021	34,002
June 30, 2022	7,030

Actuarial Assumptions

The total pension liability in the June 30, 2017, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal Cost		
Expected Remaining Service Life	3-Years		
Inflation	2.775%		

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Discretely Presented Component Units: (Continued)

Actuarial Assumptions: (Continued)

Investment Rate of Return 7.40%, Net of Investment Expense

Salary Increases 5.00% (2.775% Inflation, 2.225% Merit)

Mortality rates were based on the RP-2000 Employee Sex Distinct Table set back 2 years for both males and females for active members, the RP-2000 Healthy Annuitant Sex Distinct Table set forward 2 years for males and 1 year for females projected to 2028 using scale AA for healthy annuitants, and the RP-2000 Disabled Lives Mortality Tables set back 5 years for males and 3 years for females for disabled annuitants, as appropriate.

The actuarial assumptions used in the June 30, 2017, valuation were verified by combining data from the System with three other Louisiana statewide pension plans which have similar compositions in order to produce a credible experience. The data collected for this study covered the period July 1, 2009 to June 30, 2014.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing / diversification.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Long-Term Expected
	Target	Real Rate of
Asset Class	Allocation	Return
Public Equity	50.00%	2.30%
Public Fixed Income	35.00%	1.60%
Alternatives	<u> 15.00%</u>	.70%
Total	100.00%	4.60%
Inflation		2.60%
Expected Arithmetic Nominal Return		7.20%

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

11. PENSION PLANS: (Continued)

Discretely Presented Component Units: (Continued)

Actuarial Assumptions: (Continued)

<u>Discount Rate</u> – The discount rate used to measure the total pension liability was 7.40%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from participating employers will be made at the actuarially determined rates approved by the Louisiana Public Retirement Systems' Actuarial Committee ("PRSAC") taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Marshal's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the Marshal's proportionate share of the net pension liability calculated using the discount rate of 7.40%, as well as what the Marshal's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.40%) or one percentage-point higher (8.40%) than the current rate:

	Current					
	1.0% Decrease (6.40%)		Discount Rate (7.40%)		1.0% Increase (8.40%)	
Marshal's Proportionate Share						
of the Net Pension Liability	\$	990,327	\$	777,133	\$	595,286

<u>Pension Plan Fiduciary Net Position</u> – Detailed information about the pension plan's fiduciary net position is available in the separately issued System financial report.

<u>Payables to the Pension Plan</u> – As of June 30, 2018, the Marshal owed \$0 to the System for the Marshall's June 2018 payroll.

13. EMERGENCY RESERVE FUND

With Ordinance No. 06-4048, The Hammond City Council (the Council) established a Disaster Emergency Fund for the purpose of maintaining funds that will be available in the time of emergency to assist with recovery efforts for the City. These amounts may be spent on necessary expenses to expedite the return of the City to normalcy following a nature or man-made disaster. The Fund may be abolished or reduced for use for non-emergency disaster purposes only by regular ordinance and only upon a two-thirds vote of the Council. The fund had a Fund Balance of \$1,225,319 at June 30, 2018.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

14. RISK MANAGEMENT:

The City is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To account for and finance its uninsured risk of loss, the City has established an Insurance Fund (an internal service fund). Under this program, the Insurance Fund provides coverage for up to a maximum of \$350,000 for each worker's compensation claim and \$100,000 for each general liability claim. The City also purchases commercial insurance for claims in excess of coverage provided by the fund.

The General Fund and Enterprise Fund participate in the program and make payments to the fund based on management's estimates of the amounts needed to pay prior and current year claims. These interfund "premiums" related to workers' compensation, general liability and property insurance coverage are reported as quasi-external transactions. At June 30, 2018, the outstanding claims liability was \$832,662, which includes estimated liability for incurred but not reported claims. The liability is based on the requirements of GASB Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable and the amount of the loss can be reasonably estimated. Estimated claims liability is determined using specific claims information obtained from the City's claims administrator.

Changes in the general liability and workers' compensation claims liability amount for the years ended June 30, 2018, 2017 and 2016 were:

	_	nning of Liability	nt Year Claims Estimates	 Claim Payments	 alance at <u>'ear End</u>
2018	\$	870,714	\$ 1,296,985	\$ 1,335,037	\$ 832,662
2017		600,996	1,268,486	998,768	870,714
2016		462.839	1.065.439	927,282	600,996

The City has established a Health Insurance Fund (an internal service fund) to account for a partially self-insured health insurance plan that the City provides to its employees. Under this program, the Health Insurance Fund provides partial coverage for employee deductibles. For a single employee, the deductible is \$2,500, of which the City is responsible for \$1,800. For a family, the deductible is \$5,000, of which the City is responsible for \$3,600. Any claims in excess of the above stated deductible amounts are covered by a commercial insurance company.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

15. SUPPLEMENTAL PAY:

In addition to the compensation paid to the City's employees, employees who are firefighters and police officers may be eligible to receive supplemental pay. Each type of employee is governed by their particular revised statute. The amount of the compensation is determined by State Law and is revised periodically.

As per Louisiana Revised Statute 33:2002, any full time, regular employee of the City fire department who is hired after March 31, 1986 and who has passed a certified firefighters' training program equal to the National Fire Protection Association Standard 1001 and who is paid three hundred dollars per month from public funds is eligible for supplemental pay. These full-time employees are carried on the payroll paid from funds of the City obtained through lawfully adopted bond issues or lawfully assessed taxes, either directly or through a board or commission set up by law or ordinance. Employees employed by the fire department are not eligible for supplemental pay if they are presently drawing a retirement or disability pension, clerical employees, mechanics and for those employees who have not passed a certified firefighters' training program but are hired after March 31, 1986. State supplemental pay for firefighters' must be taken into account in calculating firefighters' holiday pay and overtime pay.

As per Louisiana Revised Statute 33:2219.2, any employee who devotes his or her full working time to law enforcement and who is hired after March 31, 1986 and who has completed a council certified training program as provided in Louisiana Revised Statute 40:2405 and is paid a salary of not less than three hundred fifty dollars per month shall be paid by the state extra compensation. A police officer entitled to additional pay out of state funds includes any person employed on a full-time basis who works as a duly commissioned law enforcement officer for the performance of primary duties which encompass the enforcement of state laws, supervisory police work, provides necessary services to the officers, desk sergeant or identification technician or a full-time radio dispatcher. Any person who received additional pay out of state funds shall continue to receive said additional state pay during any period of disability resulting from any injury sustained in the line of duty. The additional pay out of state funds shall continue to be paid to such person until the time that said person is determined to be permanently disabled and no longer able to return to work.

As of June 30, 2018, the City has recognized \$878,084 in revenues (intergovernmental) and expenditures (public safety) that the State of Louisiana has paid directly to the City's employees.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

16. LITIGATION AND CLAIMS:

At June 30, 2018, the City is a defendant in several lawsuits seeking damages. Possible liabilities arising from these claims and legal actions are immaterial and will not have a significant effect on the financial statements.

17. LEASES:

The City entered into an operating lease agreement for the lease of its land. The lease term is for five years, which commenced March 1998, with an option to renew for four five-year periods beginning March 2003. The monthly rent beginning March 1998 was \$1,000, with an annual adjustment in accordance with the Consumer Price Index, All Urban Consumers. Rent income for the year ended June 30, 2018 was \$84,561.

The City entered into an operating lease agreement for the office space used as the City's Office of Motor Vehicles. The lease term is for five years, which commenced April 2011, with the option to renew for two additional terms of five years each. The monthly rent beginning April 2011 was \$6,244, starting April 2016 was \$3,122, then starting April 2021 will be \$1. Rent expense for the year ended June 30, 2018 was \$37,464. The City's future minimum lease commitment under this operating lease as of June 30, 2018 is as follows:

June 30	Amount Due
2019	\$ 37,464
2020	37,464
2021	28,101
TOTAL	<u>\$ 103,029</u>

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

18. NOTES RECEIVABLE:

Other Governmental Funds

The City received federal funds to enter into low interest loans with various businesses throughout the City. The terms of the loans range from five to ten years with interest rates ranging from 0.75% to 5.00%. As the loans are paid off, the City enters into other low interest loans with businesses in the City. All loans are secured with property, inventory, land or certificates of deposit. The amount due to the City over the next five years and beyond is as follows:

<u>June 30</u>		Am	ount Due
2019		\$	63,661
2020			59,977
2021			57,171
2022			41,975
2023			41,516
Thereafter			54,718
TOTAL		\$	319,018

19. COMMITMENTS:

The City has entered into various construction contracts. The original amount of the contracts was \$9,075,946, of which \$6,953,493 has been expended as of June 30, 2018.

20. OTHER POSTEMPLOYMENT BENEFITS:

General Information about the OPEB Plan

Plan description – The City of Hammond (the City) provides certain continuing health care and life insurance benefits for its retired employees. The City of Hammond's OPEB Plan (the OPEB Plan) is a single-employer defined benefit OPEB plan administered by the City. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the City. No assets are accumulated in a trust that meets the criteria in Governmental Accounting Standards Board (GASB) Codification Section P52 Postemployment Benefits Other Than Pensions—Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria—Defined Benefit. The City has implemented GASB Statement No. 75 - "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" effective June 30, 2018.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

20. OTHER POSTEMPLOYMENT BENEFITS: (Continued)

General Information about the OPEB Plan (Continued)

Benefits Provided – Medical benefits are provided through a self-insured medical plan and are made available to employees upon actual retirement. The employees are covered by one of three retirement systems: first, the Municipal Employees' Retirement System of Louisiana, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 25 years of service at any age; or, age 60 and 10 years of service; second, the Municipal Police Retirement System of Louisiana, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 25 years of service at any age; age 50 and 20 years of service; or, age 55 and 12 years of service; and, third, the Firefighters' Retirement System of Louisiana, whose retirement eligibility (D.R.O.P. entry) provisions are as follows: 25 years of service at any age; age 50 and 20 years of service; or, age 55 and 12 years of service.

Employees covered by benefit terms – At June 30, 2018, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	34
Inactive employees entitled to but not yet receiving benefit payments	_
Active employees	283
	317

Total OPEB Liability

The City's total OPEB liability of \$2,043,075 was measured as of June 30, 2018 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and other inputs – The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 2.5%

Salary increases 4.0%, including inflation

Discount rate 3.5%, net of OPEB plan investment expense, including inflation

Healthcare cost trend rates Flat 5.5% annually

The discount rate was based on the average of the Bond Buyers' 20 Year General Obligation municipal bond index as of June 30, 2018, the end of the applicable measurement period.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

20. OTHER POSTEMPLOYMENT BENEFITS: (Continued)

Total OPEB Liability (Continued)

Mortality rates were based on the RP-2000 Table without projection with 50%/50% unisex blend.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of ongoing evaluations of the assumptions from July 1, 2009 to June 30, 2018.

Changes in the Total OPEB Liability

Balance at June 30, 2017	\$ 2,090,964
Changes for the year:	
Service cost	35,824
Interest	78,157
Differences between expected and actual experience	(19,070)
Benefit payments and net transfers	 (142,800)
Net changes	 (47,889)
Balance at June 30, 2018	\$ 2,043,075

Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.87%) or 1-percentage-point higher (4.87%) than the current discount rate:

		Current	
	1.0% Decrease	Discount Rate	1.0% Increase
	(2.87%)	(3.87%)	(4.87%)
Total OPEB liability	\$ 2,264,720	\$ 2,043,075	\$ 1,850,723

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates — The total OPEB liability of the City of \$2,043,075, will not change if it were calculated using healthcare cost trend rates that are I-percentage-point lower (4.5%) or I-percentage-point higher (6.5%) than the current healthcare trend rates. The City's premium is capped at \$350 and does not fluctuate. Any increase in the premium over the \$350 is the responsibility of the employee.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

20. OTHER POSTEMPLOYMENT BENEFITS: (Continued)

Changes in the Total OPEB Liability (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2018, the City recognized OPEB expense of \$112,710. At June 30, 2018, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred		Deferred
	Outflows of	- 1	nflows of
	Resources	R	Resources
Differences between expected and actual experience	\$ -	\$	(17,799)
Total	\$ -	\$	(17,799)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Years Ending:	
June 30, 2019	\$ (1,271)
June 30, 2020	(1,271)
June 30, 2021	(1,271)
June 30, 2022	(1,271)
June 30, 2023	(1,271)
Thereafter	(11,444)

21. PRIOR PERIOD ADJUSTMENTS

A summary of prior period adjustments made to the beginning net position are as follows:

A. Governmental Funds

	Governmental <u>Activities</u>			
Beginning Net Position, Originally Stated	\$	27,322,535		
To Adjust Prior Year Balances		(1,543,308)		
Beginning Net Position, Restated	\$	25,779,227		

NOTES TO FINANCIAL STATEMENTS - CONTINUED
As of and for the Year Ended June 30, 2018

21. PRIOR PERIOD ADJUSTMENTS: (Continued)

B. Business-type Funds

	Business-type <u>Activities</u>		
Beginning Net Position, Originally Stated To Adjust Prior Year Balances	\$	17,576,560 (215,998)	
Beginning Net Position, Restated	\$	17,360,562	

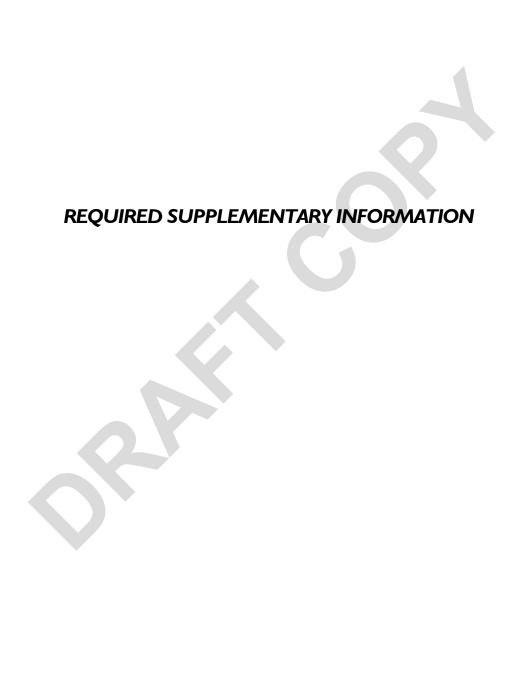

The prior period adjustments were made to adjust the beginning net position as a result of the implementation of GASB Statement No. 75 – "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions".

22. SUBSEQUENT EVENTS

Subsequent events were evaluated through November 27, 2018, which is the date the financial statements were available to be issued.

Subsequent to year end it came to management's attention that payroll fraud potentially occurred within the police department. Management reported this to the proper authorities and the matter is currently under investigation.

No other material subsequent events have occurred since June 30, 2018 that require recognition or disclosure in the financial statements.

NOTES TO SCHEDULE OF EXPENDITURES
OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2018

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION:

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the City and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Because the Schedule presents only a selected portion of the operations of the City, it is not indented to and does not present the net position and changes in net position of the City. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

2. DETERMINATION OF TYPE A AND TYPE B PROGRAMS:

Federal awards programs are classified as either Type A or Type B programs. For the year ended June 30, 2018, Type A programs consist of the federal programs that expended over \$750,000 and Type B programs are the programs that expended under \$750,000.

3. LOAN ASSISTANCE:

The City had an outstanding loan with continuing compliance requirements at June 30, 2018 with the state of Louisiana Clean Water State Revolving Fund, CFDA number 66.458. The City's federal portion of the net loan balance with continuing compliance requirements at June 30, 2018 was \$809,117.

4. DE MINIMIS COST RATE:

During the year ended June 30, 2018, the City did not elect to use the 10% de minimis cost rate as covered in Section 200.414 of the Uniform Guidance.

5. SUBRECIPIENTS:

The City did not pass-through any of its federal awards to a subrecipient during the year ended June 30, 2018.

6. NON-CASH ASSISTANCE:

No federal awards were expended in the form of non-cash assistance during the year ended June 30, 2018.
