### **City Council Request (Ordinance):**

Introduction for a Text Amendment to Ordinance #14-5364

- 1) Article 6.1.3 Mixed Use MX-N to removed several allowed uses, and
- 2) Add required construction routes for developments to be approved prior to issuance of permits. (TA-2020-07-00019) Recommend Approval by Zoning Commission

### **Additional Information:**

B-1 zoning uses were changed when the UDC was adopted in 2014. The same zoning classification was renamed to MX-N. The purpose of this change is because some of the current uses for MX-N are less neighborhood friendly. MX-N should be low impact to residential neighborhoods while also encouraging a live and work environment. Day use for mixed-use business area is more appropriate next to neighborhoods.

The City has been enforcing construction routes for development to ensure the safety of our citizens and to protect road conditions. There is no ordinance at this time to enforce this requirement.
