ORDINANCE NO. 350, C. S.

AN ORDINANCE AMENDING THE CITY BUILDING CODE, WHICH IS ORDINANCE NO. 304, C. S., BY PROVIDING SECTION 32.1 THEREOF ESTABLISHING A MINIMUM HEIGHT FOR FLOOR SLABS.

BE IT ORDAINED by the Commission Council of the City of Hammond, Parish of Tangipahoa, State of Louisiana, in Special Session duly convened:

SECTION I

That the City Building Code, which is Ordinance No. 304, C. S., be amended and re-enacted to provide the following as Section 32.1:

"Floor slabs, minimum height"

"The top of all floor slabs shall be at least six (6) inches above the highest point of the street lying adjacent to the property upon which the slab is located, or, the top level of the nearest City sewer manhole, whichever is higher."

SECTION II

All ordinances or parts thereof which are inconsistent herewith are hereby repealed, including Ordinance No. 318, C. S.

Adopted by the Commission Council this 14th day of June, 1960.
ARTICLE II—GENERAL PROVISIONS

SECTION 1—DEPARTMENTALIZATION

All provisions of this Ordinance shall apply to any City Plan which has been officially adopted by the Commission. Any City Plan which has been officially adopted by the Department shall be the City Zoning Ordinance. When a tract to be subdivided or subdivided encloses any part of a highway, major or secondary street, or an unincorporated district street line, the street must front upon a street which is less than 15 feet in width and which is connected with the public street system (See Sec. 6.)

ARTICLE III—MINIMUM—REQUIREMENTS

Within the subdivision public service facilities and shape of residential lots shall be such as the Commission Council deems appropriate type of building and development contemplated. In no case shall the lot area and width of the building line be less than the minimum standards in this Ordinance. LOTS shall have sufficient to permit establishment of streets or ways for public use. Streets or ways for public use shall be planned by the subdivision in the same location and at the same width as indicated on such City Plan.

Section 4: STREETS.

a. RELATION TO ADJOINING STREETS.

Proposed new streets shall extend existing streets or their projections at the same or greater grade. In no case less than the minimum required width, unless variations are deemed necessary by the Commission Council for reasons of topography or design. Where, in the opinion of the opinion of the Commission Council it is desirable to provide street access to adjoining property, proposed streets shall be connected to the boundary of such property. Half streets along the boundary of land proposed for subdivision shall not be permitted, unless the other half is dedicated at the same time.

b. STREET WIDTHS.

The minimum widths of proposed streets measured from the building line to lot line, shall be as shown on the Major Street Plan, or if not shown on such plan, not less than ninety (90) feet for major streets, fifty (50) feet for minor streets with curb and gutter, and sixty (60) feet for minor streets with open ditch drainage.

c. STREET INTERSECTIONS.

Insofar as practicable, minor streets on the proposed streets shall be connected in such manner as to provide adequate street intersections. Where an acute angle of less than seventy-five (75) degrees occurs between streets at their intersections, the Commission Council may require the property lines to be rounded or otherwise set back to permit curb construction of desirable radius. Otherwise, the building line is to be set back to the sidewalk at the street corner to less than normal width. Submission of a grading plan showing existing and proposed contours at one (1) foot intervals or a developed design for the intersection may be required by the Commission Council.

d. DEAD-END STREETS.

Streets designed to have one end permanently closed (cull de sac) shall be provided with a turn-around with a minimum right-of-way radius of fifty (50) feet, and the last one hundred and fifty (150) feet in length, unless prohibited by the Commission Council.

In no case shall the name for the proposed streets duplicate existing street names irrespective of the suffix used.

ARTICLE IV—REQUIREMENTS OF SUBDIVISIONS

A Subdivision shall be platted and approved by the City Planning Commission. A Plat shall not be subject to platted, unless the following requirements have been met:

1. The Subdivision shall be of a uniform size, shape, and with existing and name streets or their projections at the same or greater grade. In no case less than the minimum required width, unless variations are deemed necessary by the Commission Council for reasons of topography or design. Where, in the opinion of the Commission Council it is desirable to provide street access to adjoining property, proposed streets shall be connected to the boundary of such property. Half streets along the boundary of land proposed for subdivision shall not be permitted, unless the other half is dedicated at the same time.

2. STREET WIDTHS.

The minimum widths of proposed streets measured from the building line to lot line, shall be as shown on the Major Street Plan, or if not shown on such plan, not less than ninety (90) feet for major streets, fifty (50) feet for minor streets with curb and gutter, and sixty (60) feet for minor streets with open ditch drainage.

3. STREET INTERSECTIONS.

Insofar as practicable, minor streets on the proposed streets shall be connected in such manner as to provide adequate street intersections. Where an acute angle of less than seventy-five (75) degrees occurs between streets at their intersections, the Commission Council may require the property lines to be rounded or otherwise set back to permit curb construction of desirable radius. Otherwise, the building line is to be set back to the sidewalk at the street corner to less than normal width. Submission of a grading plan showing existing and proposed contours at one (1) foot intervals or a developed design for the intersection may be required by the Commission Council.

4. DEAD-END STREETS.

Streets designed to have one end permanently closed (cull de sac) shall be provided with a turn-around with a minimum right-of-way radius of fifty (50) feet, and the last one hundred and fifty (150) feet in length, unless prohibited by the Commission Council.
8. BUILDING RESTRICTIONS AND BUILDING SET BACK LINES
No final plat of land within the force and effect of a zoning ordinance shall be approved unless the building restrictions to which this Ordinance shall be approved under the provisions of the Louisiana Department of Highways. Base courses are Part C-3 of the State of Louisiana, DEPARTMENT OF HIGHWAYS, STANDARD SPECIFICATIONS FOR TOWERS, PLANTS, AND BRIDGES, PRINTED JULY, 1955.

9. All streets shall be surfaced with a three-course bituminous surface treatment or equal that meets the Louisiana Highway Department requirements. Surface courses are Part C-3, Volume II of the Specifications for Streets and Highways. The street surfacing shall be at least eighteen (18) feet wide for clear driving lanes. Curb and gutter streets the width shall be twenty-five (25) feet for double, thirty (30) feet for special double, and forty (40) feet for Bridee.

ARTICLE 11: IMPROVEMENTS
No improvements shall be started until after the City Engineer, or his authorized representative, has approved plans and specifications of the complete construction. The improvements listed herein shall be supplied by the Parish Engineer and shall be held prior to approval of the final plat. Provided however that in the installation of these improvements, the subdivision may put a bond to cover the cost of improvements, as provided in this Article.

10. PERMANENT MARKERS
Wherever improvements are not started, the subdivision shall provide such markers as the Parish Engineer shall require and submit to the Parish Engineer, prior to final platting, the necessary information, including plans, elevations, and a complete list of all improvements to be installed on the subdivision, with a complete set of blueprints for the Parish Engineer's file.

11. CONSTRUCTION
For all subdivisions larger than twenty-five (25) lots or more, a permanent bond shall be approved by the Parish Engineer, as a protection of which shall be based on mean sea level datum as approved by the Parish Engineer, and the bond shall also contain a clause that such subdivision shall comply with all specifications of the Parish Engineer, and the bond shall be held in escrow under the supervision of the Parish Engineer, and the bond shall be held in escrow under the supervision of the Parish Engineer, and the bond shall be held in escrow under the supervision of the Parish Engineer.
ARTICLE I—VINDICITY.

Should any part of any ordinance of this character be declared invalid or unconstitutional by any court of competent jurisdiction, the validity of the Ordinance as a whole shall not be affected, but this Commission hereby declares that the part thereof so declared invalid and unconstitutional, or any part thereof, if it does not void the valid and constitutional parts thereof, so far as such parts are concerned with the Ordinance, shall not be forfeited or abrogated.

SECTION 1. BE IT ORDAINED BY THE MAYOR AND COMMISSION COUNCIL OF THE CITY OF HAMMOND that no person, firm or corporation, shall construct a drainage ditch or canal having a width of more than three (3) feet or a depth of more than three (3) feet within the City of Hammond, without first having obtained a permit therefor as herinafter provided.

SECTION II. Any person, firm or corporation desiring to construct a ditch more than three (3) feet wide or more than three (3) feet deep shall submit to the City Engineer a plat showing the proposed location of said drainage ditch, together with the width and length thereof, and the manner in which said ditch is to be connected with existing drainage. The City Engineer shall thereafter prepare a report on said proposed ditch or canal, which shall include his recommendations in the matter.

**IMPOSITION OF TAX**

Section 2.01. There is hereby levied from and after September 1, 1963, for the purposes stated in the proposition set forth in the preamble to this ordinance, a tax upon the sale at retail, the use, the lease or rental, the consumption and the storage for use or consumption of tangible personal property and upon the sale of services within this City, as defined herein; and the levy of such tax shall be as follows:

1. At the rate of one per cent (1%) of the cost price of each item or article of tangible personal property when sold at retail in this City; the tax to be computed on gross sales for the purpose of remitting the amount of tax due the City, and to include each and every retail sale.

2. At the rate of one per cent (1%) of the cost price of each item or article of tangible personal property when the same is not sold, but is used, consumed, distributed, or stored for use or consumption in this City; provided there shall be no duplication of the tax.

3. At the rate of one per cent (1%) of the gross proceeds derived from the lease or rental of tangible personal property, as defined herein, where the lease or rental of such property is an established business, or part of an established business or the same is incidental or germane to the said business.

4. At the rate of one per cent (1%) of the monthly lease or rental price paid by lessee or rentee, or contracted or agreed to be paid by lessee or rentee to the owner of the tangible personal property.

5. At the rate of one per cent (1%) of the gross proceeds derived from the sale of services, as defined herein.

Section 2.01-1. Sales or use taxes paid to this City on the purchase of new motor trucks and new motor tractors licensed and registered for 12,000 pounds or more, under the provisions of Section 462 of Title 47 of the Louisiana Revised Statutes of 1950 (R.S. 47: 462), new trailers and new semi-trailers licensed and registered for 16,000 pounds or more under the provisions of said Section for rental may be deducted as a credit against the tax due on the rental of that item of property so that no tax is payable on rental income until the tax paid on the purchase price has been exceeded. The sales tax paid to another City on the purchase of property is not deductible from the tax subsequently due on the rental of such property in this City. Property imported by the lessee for use in this City that has been previously used by him in another City is not subject to any tax on the value when imported, but is only subject to the tax that applies on rental payments.
If the tax on rental income fails to exceed the credits for sales or use tax paid, no refund is due the purchaser.

A dealer in the City of Hammond who ordinarily purchases personal property for sale and who withdraws a piece of property from stock for rental is not liable for a sales or use tax on the purchase price of the property when withdrawn from stock. Such person is liable only for the tax applicable on the rental income.

Any sales tax paid on any maintenance or operation expenses of a rental business is not deductible as a credit against the tax due on a rental income; such expenses are part of the cost of doing business and do not constitute a part of the cost of the identical property being rented.

Section 2.02. The tax shall be collected from the dealer, as defined herein, and paid at the time and in the manner hereinafter provided.

Section 2.03. The tax as levied is, and shall be in addition to all other taxes, whether levied in form of excise, or license, privilege or property taxes levied by any other ordinance or resolution of the Commission Council of this City.

Section 2.04. The integrated bracket schedule prescribed by the Collector of Revenue, State of Louisiana, by order issued pursuant to Section 304 of Title 47 of the Louisiana Revised Statutes of 1950 (R.S. 47:304) is established for the purpose of tax collection within the meaning of this ordinance, said schedule in part being as follows:

Section 2.05. The collection of the tax herein levied shall be made in the name of the City of Hammond by the Treasurer of the City of Hammond.

Section 3.01. The taxes imposed by this ordinance shall not apply to transactions involving the following tangible personal property:

(1) Where a part of the purchase price is represented by an article traded in, the sales tax is payable on the total purchase price less the market value of the article traded in.

(2) The sale at retail, use, consumption, distribution and storage to be used or consumed in this City, of gasoline, natural gas, steam, water when delivered to consumers through mains, pipes or conduits, electric power or energy, newspapers, fertilizers and containers used for farm products when sold directly to the farmer and new automobiles withdrawn from stock by factory authorized new automobile dealers, with the approval of the Collector of Revenue, State of Louisiana, and titled in the dealer's name for use as demonstrators.

(3) Ship chandlers' supplies sold in this City for use or consumption in coastwise and foreign maritime commerce and materials sold or used in the repair of vessels engaged in coastwise and foreign maritime commerce.

(4) The gross proceeds derived from the sale in this City of livestock, poultry and other farm products direct from the farm if such sales are made directly by the producers. When sales of livestock, poultry and other farm products are made to consumers by any person, other than the producer, they are not exempted from the tax im-
posed by this ordinance, provided, however, that each and every agricultural commodity sold by any person, other than a producer, to any other person, civil or natural, who purchases not for direct consumption but for the purpose of acquiring raw products for use or for sale in the process of preparing, finishing or manufacturing such agricultural commodity for the ultimate retail consumer trade, shall be, and is, exempted from any and all provisions of this ordinance, including payment of the tax applicable to the sale, storage, use, transfer, or any other utilization of, or handling thereof, except when such agricultural commodity is actually sold as a marketable or finished product to the ultimate consumer, and in no case, shall more than one tax be exacted.

(5) The "use tax" shall not apply to livestock and livestock products, to poultry and poultry products, to farm, range and agricultural products when produced by the farmer and used by him and members of his family.

(6) The sale at retail of seeds for use in planting of any kind of crops.

(7) The sale of casing, drill pipe and tubing in the City for use offshore beyond the territorial limits of the State of Louisiana for the production of oil, gas, sulphur, and other minerals.

(8) The sale or use of any materials, supplies or products for use in connection with any phase of the construction of the Toledo Bend Dam project on the Sabine River.

(9) The sale of admission tickets by Little Theatre organizations.

Section 3.02. It is not the intention of this ordinance to levy a tax upon articles of tangible personal property imported into this City, or produced or manufactured in this City, for export; nor is it the intention of this ordinance to levy a tax on a bona fide interstate commerce. It is, however, the intention of this ordinance to levy a tax on the sale at retail, the use, the consumption, the distribution, and the storage to be used or consumed in this City of tangible personal property after it has come to rest in this City and has become a part of the mass of property in this City. The provisions of this ordinance shall not apply in respect to the use, consumption, or distribution, or storage of tangible personal property for use or consumption in this City, upon which a like tax equal to, or greater than the amount imposed by this ordinance has been paid in another city or parish in Louisiana, or in a city or county in a state other than Louisiana, the proof of the payment of such tax to be according to rules and regulations made by the Treasurer of the City. If the amount of tax paid in a city or parish in Louisiana, or in a city or county in a state other than Louisiana is not equal to, or greater than the amount of tax imposed by this ordinance, then the dealer shall pay the City of Hammond an amount sufficient to make the tax paid in the other city or parish in Louisiana, or in the other city or county in a state other than Louisiana, and in this City equal to the amount of tax imposed by this ordinance.

COLLECTION OF TAX BY DEALER

Section 4.01. The tax levied by this ordinance shall be collected by the dealer from the purchaser or consumer, except as provided for the collection of the tax on motor vehicles in Section 4.06 of this ordinance. The dealer shall have the same right in respect to collecting the tax from the purchaser, or in respect to non-payment of the tax by the purchaser, as if the tax were a part of the purchase price of the property, or charges for services, and payable at the time of the sale; provided, however, that the City of Hammond shall be joined as a party plaintiff in any action or proceeding brought by the dealer to collect the tax.
Section 4.02. Every dealer located outside the City making sales of tangible personal property for distribution, storage, use or other consumption, in this City shall, at the time of making sales, collect the tax imposed by this ordinance from the purchaser.

Section 4.03. The dealer shall, as far as practicable, add the exact amount of the tax imposed under this ordinance, or the average equivalent thereof, in conformity with the rules and regulations to be issued by the Treasurer of the City, to the sale price or charge, and whenever added such tax shall constitute a part of such price or charge and shall be a debt from the purchaser or consumer to the dealer, until paid and shall be recoverable at law, in the same manner as other debts.

Section 4.04. In order to aid in the administration and enforcement of the provisions of this ordinance, and to collect all of the taxes imposed by this ordinance, on or before September 1, 1963, or in the case of dealers commencing business after September 1, 1963, or opening new places of business after such date, within three (3) days after such commencement or opening, every dealer purchasing or importing tangible personal property for resale shall file with the Treasurer a certificate of registration in a form prescribed by him. The Treasurer shall, within five (5) days after such registration, issue without charge to each dealer who purchases or imports for resale, a certificate of authority empowering such dealer to collect the tax from the purchaser, and duplicate thereof, for each additional place of business of such dealer. Each certificate or duplicate shall state the place of business to which it is applicable. Such certificate of authority shall be prominently displayed in all places of business of the dealer. A dealer who has no regular place of doing business shall attach such certificate to his cart, stand, truck or other merchandising device. Each certificate shall be non-assignable and non-transferable and shall be surrendered immediately to the Treasurer upon the dealer ceasing to do business at the place therein named.

Section 4.05. A wholesale dealer or jobber shall refuse to accept a certificate that any property upon which a tax is imposed by the ordinance is purchased for resale, and shall collect the tax imposed by this ordinance, unless the purchaser shall have filed a certificate of registration and received a certificate of authority to collect the tax imposed by this ordinance; provided, however, that the payment of the tax by such purchaser shall not relieve the purchaser of the duty herein imposed upon such purchaser to collect the tax upon any resale made by him; but such purchaser who shall thereafter file a certificate of registration and receive a certificate of authority to collect the tax may, upon application therefor, receive a refund of the taxes paid by him upon property thereafter resold by him, and upon the receipts from which he shall have collected and paid over to the City of Hammond the tax herein imposed.

Section 4.06. The tax imposed by this ordinance upon the sale or use of any motor vehicle, automobile, motorcycle, truck, truck-tractor, trailer, semi-trailer, motor bus, house trailer, or any other vehicle subject to the Louisiana Vehicle Registration License Tax of the State of Louisiana shall be collected as provided in this section.

(1) The tax levied by this ordinance on any such vehicle shall be paid to the Collector of Revenue of the State of Louisiana at the time of application for a certificate of title or vehicle registration license and no certificate of title or vehicle registration license shall be issued until the tax has been paid.

(a) The tax levied by this ordinance on the sale of any such vehicle shall be due at the time registration or any transfer of registration is required by the Vehicle Registration License Tax Law of the State of Louisiana (R.S. 47:451).
(b) The tax levied by this ordinance on the use of any such vehicle in this City shall be due at the time first registration in this City is required by the Vehicle Registration License Tax Law (R.S. 47:481).

(2) Every vendor of such a vehicle shall furnish to the purchaser at the time of sale a sworn statement showing the serial number, motor number, type, year and model of the vehicle sold, the total sales price, any allowance for and description of any vehicle taken in trade, and the total cash difference paid or to be paid by the purchaser between the vehicles purchased and traded in and the sales or use tax to be paid, along with such other information as may be required. All labor, parts, accessories and other equipment which are attached to the vehicle at the time of the sale and which are included in the sale price are to be considered a part of the vehicle.

(3) It is not the intention of this Section to grant an exemption from the tax levied by this ordinance to any sale, use, item or transaction which has heretofore been taxable and this Section shall not be construed as so doing. It is the intention of this Section to transfer the collection of the sales and use tax on vehicles from the vendor to the Collector of Revenue of the State of Louisiana and to provide a method of collection of the tax directly from the vendee or user by the Collector of Revenue in accordance with an agreement by and between the Collector of Revenue and the city of Hammond, State of Louisiana, acting as the governing authority of said City. Said tax so collected by the said Collector of Revenue shall be paid to the City of Hammond Sales Tax Department and sent to the Treasurer of the City as soon as possible, and in any event at least once each month, all in accordance with the said agreement.

Section 4.07. A person engaged in any business taxable under this ordinance shall not advertise or hold out to the public, in any manner, directly or indirectly, that he will absorb all or any part of the tax, or that he will relieve the purchaser from the payment of all or any part of the tax. The dealer shall state and collect the tax separately from the price paid by the purchaser, but his failure to do so shall not be available as a defense to the purchaser in any proceedings brought under this ordinance.

Section 4.08. Where the tax collected for any period is in excess of one per cent (1%), the total collected must be paid over to the Treasurer of the City of Hammond, less the commission to be allowed the dealer as hereinafter set forth.

Section 4.09. Where the purchaser has failed to pay and a dealer has failed to collect a tax upon a sale, as imposed by this ordinance, then in addition to all other rights, obligations and remedies provided, such tax shall be payable by the purchaser directly to the City of Hammond, and it shall be the duty of this purchaser to file a return thereof with the Treasurer of the City and to pay the tax imposed thereon to the City of Hammond within fifteen (15) days after such sale was made or rendered.

Section 4.10. For the purpose of compensating the dealer in accounting for and remitting the tax levied by this ordinance, each dealer shall be allowed two per cent (2%) of the amount of tax due and accounted for and remitted to the Treasurer in the form of a deduction in submitting his report and paying the amount due by him if the amount due was not delinquent at the time of payment.

COLLECTION OF TAX FROM DEALER

Section 5.01. The tax imposed by this ordinance shall be collectible by the Treasurer on behalf of this City from all persons engaged as dealers.
Section 5.02. On all tangible personal property imported, or caused to be imported, from other states or other political subdivisions of this State, or foreign country, and used by him, the dealer shall pay the tax imposed by this ordinance on all articles of tangible personal property so imported and used, the same as if the said articles had been sold at retail for use or consumption in his City. For the purpose of this ordinance, use or consumption, or distribution, or storage of tangible personal property, shall each be equivalent to a sale at retail, and the tax shall thereupon immediately levied and be collected in the manner provided herein, provided there shall be no duplication of the tax in any event.

RETURNS AND PAYMENT OF TAX

Section 6.01. The taxes levied under this ordinance shall be due and payable by all dealers monthly on the first day of the month.

Section 6.02. For the purpose of ascertaining the amount of tax payable under this ordinance, it shall be the duty of all dealers on or before the twentieth (20th) day of the month following the month in which this tax shall become effective to transmit to the Treasurer of the City of Hammond, upon forms prescribed, prepared and furnished by him, returns showing the gross sales, purchases, gross proceeds from lease or rental, gross payments for lease or rental, gross proceeds derived from sales of services, as the case may be, arising from all taxable transactions during the preceding calendar month or during the part of the preceding calendar month, running from the effective date of this ordinance to the end of such month. Thereafter, like returns shall be prepared and transmitted to said Treasurer of the City of Hammond by all dealers, on or before the twentieth (20th) day of each month, for the preceding calendar month. Said returns shall show such further information as the Treasurer may require to enable him to correctly compute and collect the tax herein levied. Such returns shall be signed by the dealer filing the same, and his signature thereon shall constitute a warranty on the part of the dealer that he has read and examined the said returns and that, to the best of his knowledge and belief, the same are true, correct and complete. Every dealer at the time of making the return required hereunder shall compute and remit to the City of Hammond the required tax due for the preceding calendar month.

Section 6.03. At the time of transmitting the return required hereunder to the Treasurer, the dealer shall remit to the City of Hammond therewith, the amount of the tax due under the applicable provisions of this ordinance, and failure to so remit such tax, shall cause said tax to become delinquent.

All taxes, interest and penalties imposed under this ordinance shall be paid to the City of Hammond in the form of remittance required by the Treasurer.

Section 6.04. Gross proceeds from rentals or leases of tangible personal property where the lease or rental is part of a regularly established business, or the sale is incidental or germane thereto, shall be reported and the tax shall be paid with respect thereto, in accordance with such rules and regulations as the Treasurer may prescribe.

Section 6.05. The Treasurer, for good cause, may extend for not to exceed thirty (30) days the time for making any returns required under the provisions of this ordinance.

Section 6.06. For the purpose of collecting and remitting to the City of Hammond the tax imposed by this ordinance, the dealer is hereby declared to be the agent of the City of Hammond.
Section 7.01. It shall be the duty of every dealer to make a report and pay any tax under this ordinance, to keep and preserve suitable records of the sales or purchases or sales of services, as the case may be, taxable under this ordinance, and such other books of account as may be necessary to determine the amount of tax due hereunder, and other information as may be required by the Treasurer; and it shall be the duty of every such dealer moreover, to keep and preserve, for a period of three (3) years, all invoices and other records of goods, wares and merchandise or other subjects of taxation under this ordinance; and all such books, invoices and other records shall be open to examination at all reasonable hours, by the Treasurer or any of his duly authorized agents.

Section 7.02. Each dealer shall secure, maintain and keep, for a period of three (3) years, a complete record of sales of services and tangible personal property received, used, sold at retail, distributed, or stored, leased or rented within this City by said dealer, together with invoices, bills of lading and other pertinent records and papers as may be required by the Treasurer for the reasonable administration of this ordinance, and all such records shall be open for inspection to the Treasurer at all reasonable hours.

Section 7.03. In order to aid in the administration and enforcement of the provisions of this ordinance, and to collect all of the tax imposed by this ordinance, all wholesale dealers and jobbers in this City are hereby required to keep a record of all sales of tangible personal property made in this City, whether such sales be for cash or on terms of credit. The record required to be kept by all wholesale dealers and jobbers shall contain and include the name and address of the purchaser, the date of the purchase, the article or articles purchased and the price at which the article is sold to the purchaser. These records shall be open to inspection of the Treasurer or his duly authorized assistants at all reasonable hours.

Section 7.04. For the purpose of administering this ordinance, the Treasurer, whenever he deems it expedient, may make or cause to be made by an employee of the department engaged in the administration of this ordinance, an examination or investigation of the place of business, if any, the tangible personal property, and the books, records, papers, vouchers, accounts, and documents of any dealer. It shall be the duty of every director, official, agent, or employee of every dealer, to exhibit to the Treasurer or to any such employee of his department charged with the collection of the tax imposed by this ordinance, hereafter referred to as a "deputy", the tangible personal property and all of the books, records, papers, vouchers, accounts, and documents of the dealer and to facilitate any such examination or investigation as far as it may be in his or their power so to do.

Section 7.05. For the purpose of enforcing the collection of the tax levied by this ordinance, the Treasurer of the City of Hammond is hereby specifically authorized and empowered to examine, at all reasonable hours, the books, records and other documents of all transportation companies, agencies or firms operating in this City, whether said companies, agencies or firms conduct their business by truck, rail, water, airplane, or otherwise, in order to determine what dealers, as provided in this ordinance, are importing or are otherwise shipping articles of tangible personal property which are liable for said tax.

Section 7.06. The Treasurer shall keep a record of all of his official acts and shall preserve copies of all rules, decisions and orders made by him or by any deputy of his department in charge of the collection of the tax imposed by this ordinance. Copies of such rules, decisions or orders and of any paper or papers filed in any office maintained by him in the administration of this ordinance may be authenticated under his official signature, and when so authenticated, shall be evidence in all courts of the state of the same weight and force as the original thereof.

Section 7.07. The records and files of the Treasurer
respecting the administration of this ordinance shall be considered confidential and privileged and neither the Treasurer nor any employee engaged in the administration thereof or charged with the custody of any such records or files shall divulge or disclose any information obtained from such records or files or from any examination or inspection of the premises or property of any dealer. Neither the Treasurer nor any employee engaged in such administration or charged with the custody of any such records or files shall be required to produce any of them for the inspection of any person or for use in any action or proceeding except: (a) in an action or proceeding under the provisions of this ordinance; and, (b) when the records or files or the facts shown thereby are directly involved in such action or proceeding.

Section 7.08. Nothing contained in this ordinance shall be construed to prevent:

(1) the delivery to a dealer or his duly authorized representative of a copy of any return, report or other paper filed by him pursuant to the provisions of this ordinance;

(2) the publication of statistics so classified as to prevent the identification of any return or report and the items thereof;

(3) the inspection by the City Attorney or other legal representative of the City of the returns, reports or files relating to the claim of any dealer who shall have brought an action to review or set aside any tax imposed under this ordinance or against whom an action or proceeding has been instituted in accordance with the provisions hereof;

(4) the examination of the records and files by the Treasurer or by his duly authorized agents; or

(5) the furnishing, in the discretion of the Treasurer, of any information disclosed by the records or files to any official person or body of any other state or of the United States who shall be concerned with the administration of any similar tax by that state or the United States.

IMPORTED GOODS - PERMIT

Section 8.01. In order to prevent the illegal importation into the City of Hammond of tangible personal property which is subject to the tax, and to strengthen and make more effective the manner and method of enforcing payment of the tax imposed by this ordinance, the Treasurer is hereby authorized and empowered to put into operation a system of permits whereby any person, or dealer, may import tangible personal property by truck, automobile, or other means of transportation other than a common carrier, without having said truck, automobile or other means of transportation seized and subjected to legal proceedings for its forfeiture. Such system of permits shall require the person, or dealer who desire to import tangible personal property into the City of Hammond, which property is subject to the tax imposed by this ordinance, to apply to the Treasurer or his assistant for a permit stating the kind of vehicle to be used, the name of the driver, the license number of the vehicle, the kind or character of tangible personal property to be imported, the date, the name and address of the consignee, and such other information as the Treasurer may deem proper or necessary. Such permits shall be free of cost to the applicant and may be obtained at the office of the Treasurer.

REMEDIES FOR COLLECTION, INCLUDING INTEREST, PENALTIES, ETC.

Section 9.01. For the purpose of the enforcement of this ordinance, and the collection of the tax levied hereunder, it is presumed that all tangible personal property, subject to the provisions of this ordinance, imported into the City of Hammond or held in the City of Hammond by any dealer is to be sold at retail, used or
consumed, or stored for use or consumption in the City of Hammond, or leased or rented within the City of Hammond, and is subject to the tax herein levied; provided, that such presumption shall be prima facie only, and subject to proof furnished to the Treasurer.

Section 9.02. Failure to pay any tax due as provided in this ordinance, shall ipso facto, without demand or putting in default, cause said tax, interest, penalties, and costs to become immediately delinquent, and the City of Hammond is hereby vested with authority, on motion in a court of competent jurisdiction, to take a rule on the said dealer, to show cause in not less than two (2) or more than ten (10) days, exclusive of holidays, after the service thereof, which may be tried out of term and in chambers, and shall always be tried by preference, why said dealer should not be ordered to cease from further pursuit of business as a dealer, and in case said rule is made absolute, the order thereon rendered shall be considered a judgment in favor of the City of Hammond, prohibiting such dealer from the further pursuit of said business until such time as he has paid the said delinquent tax, interest, penalties and costs, and every violation of the injunction shall be considered as a contempt of court, and punished according to law.

Section 9.03. If the amount of tax due by the dealer is not paid on or before the twentieth (20th) day of the month next following the month for which the tax is due, there shall be collected, with said tax, interest upon said unpaid amount, at the rate of six per cent (6%) per annum, or fractional part thereof, to be computed from the first day of the month next following the month for which the tax is due until it is paid; and in addition to the interest that may be so due there shall also be collected a penalty equivalent to five per cent (5%) for each thirty (30) days, or fraction thereof, of delinquency, not to exceed twenty-five per cent (25%), in aggregate, of the tax due, when such tax is not paid within thirty (30) days of the date the tax first becomes due and payable, and in the event of suit, attorney's fees at the rate of ten per cent (10%) of the aggregate of tax, interest and penalty.

Section 9.04. In the event any dealer fails to make a report and pay the tax as provided by this ordinance, or in case the dealer makes a grossly incorrect report, or a report that is false or fraudulent, it shall be the duty of the Treasurer to make an estimate for the taxable period of the retail sales, or sales or services, of such dealer, or of the gross proceeds from rentals or leases of tangible personal property by the dealer, and an estimate of the cost price of all articles of tangible personal property imported by the dealer for use or consumption or distribution or storage to be used or consumed in the City of Hammond, and assess and collect the tax and interest, plus penalty, if such have accrued, on the basis of such assessment, which shall be considered prima facie correct, and the burden to show the contrary shall rest upon the dealer. In the event such estimate and assessment requires an examination of books, records, or documents, or an audit thereof, then the Treasurer shall add to the assessment the cost of such examination, together with any penalties accruing thereon. Such costs and penalties when collected shall be placed to the account of the "Sales Tax Fund" in the manner as are the taxes collected under this ordinance.

If any dealer fails to make any return required by this ordinance or makes an incorrect return, and the circumstances indicate willful negligence or intentional disregard to rules and regulations, but no intent to defraud, there shall be imposed, in addition to any other penalties provided herein, a specific penalty of five per cent (5%) of the tax or deficiency found to be due, or Ten Dollars ($10.00), whichever is the greater. This specific penalty shall be an obligation to be collected and accounted for in the same manner as if it were a part of the tax due and can be enforced either in a separate action or in the same action for the collection of the tax.

Section 9.05. If any dealer liable for any tax, interest or penalty hereunder shall sell out his business or stock of goods or shall quit the business, he shall make a final return and payment within fifteen (15) days after the date of selling or quitting
business. His successor, successors, or assigns, if any shall with- 
hold sufficient of the purchase money to cover the amount of such 
taxes, interest and penalties due and unpaid until such time as the 
former owner shall produce a receipt from the Treasurer showing 
that they have been paid, or a certificate stating that no taxes, 
interest, or penalties are due. If the purchaser of a business or 
stock of goods shall fail to withhold purchase money as provided, he 
shall be personally liable for the payment of the taxes, interest 
and penalties accrued and unpaid on account of the operation of the 
business by any former owner, owners or assigns.

Section 9.06. In the event that any dealer is delinquent 
in the payment of the tax herein provided for, the Treasurer may 
give notice of the amount of such delinquency by registered mail to 
all persons having in their possession or under their control, any 
credits or other personal property belonging to such dealer, or 
owing any debts to such dealer at the time of receipt by them of 
such notice and thereafter any person so notified shall neither 
transfer nor make any other disposition of such credits, other per-
sonal property, or debts until the Treasurer shall have consented 
to a transfer or disposition, or until thirty (30) days shall have 
elapsed from and after the receipt of such notice. All persons so 
notified must, within five (5) days after receipt of such notice, 
advise the Treasurer of any and all such credits, other personal 
property, or debts, in their possession, under their control or owing 
by them, as the case may be.

Section 9.07. In the event the dealer has imported tangible 
personal property and he fails to produce an invoice showing the cost 
price of the articles which are subject to tax, or the invoice does 
not reflect the true or actual cost price, then the Treasurer shall 
ascertain, in any manner feasible, the true cost price and assess and 
collect the tax with interest, plus penalties, if such have accrued, 
on the true cost price as assessed by him. The assessment so made 
shall be considered prima facie correct, and the burden shall be on 
the dealer to show the contrary.

Section 9.08. In the case of the lease or rental of tangible 
personal property, if the consideration given or reported by the 
dealer does not, in the judgment of the Treasurer, represent the true 
or actual consideration, then the Treasurer is authorized to fix the 
same and collect the tax thereon for the City of Hammond in the same 
manner as above provided (Sec. 9.07), with interest plus penalties, 
if such have accrued.

Section 9.09. In the event any transportation company, 
avency, or firm shall refuse to permit examination of its books, 
records and other documents by the Treasurer, the Treasurer may pro-
ces by rule, in term or in chambers, in any court of competent juris-
diction and require said transportation company, agency or firm to 
show cause why the Treasurer should not be permitted to examine its 
books, records or other documents, and in case said rule be made ab-
solute, the same shall be considered a judgment of the Court and 
every violation of said judgment as a contempt thereof and punished 
according to law.

Section 9.10. If any dealer, subject to make and file a re-
turn required by any of the provisions of this ordinance, fails to 
render such return within the time required, or renders a return 
which is false or fraudulent, in that it contains statements which 
differ from the true gross sales, purchases, leases, or rentals, or 
other transactions taxable under this ordinance, or otherwise fails 
to comply with the provisions of this ordinance, for the taxable 
period for which said return is made, the Treasurer shall give such 
dealer fifteen (15) days' notice, in writing, requiring such dealer 
to appear before him or his assistant, with such books, records and 
papers as he may require, relating to the business of such dealer, 
for such taxable period; and said Treasurer may require such 
dealer, or the agents or employees of such dealer, to give testimony 
or to answer interrogatories, under oath administered by the Treasurer 
or his assistant, respecting the sale at retail, the use, or consumption, 
or distribution, in this City, or lease or rental of tangiblepersonal
property, or other transactions, subject to tax, or the failure to make report thereof, as provided in this ordinance.

Section 9.11. If any dealer fails to make a return, or refuses to permit an examination of his, the dealer's books, records, or papers or to appear and answer questions within the scope of such investigation relating to the sale, use, consumption, distribution, storage, lease or rental of tangible personal property, or sale of services, the Treasurer may apply to any court of competent jurisdiction, an order requiring such dealer to make such return, or requiring the dealer, or his agents or employees, to appear and answer any such questions or permit such examination, and the court or any judge thereof, shall thereupon issue an order, upon such reasonable notice as shall be prescribed therein, to be served upon said dealer or the agents or employees of such dealers, directing him or them to so appear and testify, and to produce such books, records and papers as may be required. Any person, or any member of any firm, co-partnership, joint venture, association, or corporation, or any agent or employee thereof, failing to comply with any such order shall be guilty of contempt, and shall be punished as provided by law in cases of contempt.

Section 9.12. The importation into this City of tangible personal property which is subject to tax, by truck, automobile, or other means of transportation other than a common carrier, without having first obtained a permit as described in Section 8 (if the tax imposed by this ordinance on said tangible personal property has not been paid), shall be construed as an attempt to evade payment of the said tax and the same is hereby prohibited, and the said truck, automobile, or means of transportation other than a common carrier, and said taxable property may be seized by the City of Hammond in order to secure the same as evidence in a trial and the same shall be subject to forfeiture and sale in the manner provided for in this ordinance.

Section 9.13. The failure of any dealer who imports tangible personal property from outside the City into the City for use or consumption or distribution or storage to be used or consumed in this City, or who imports for lease or rental any tangible personal property subject to the provisions of this ordinance, to pay any tax, interest, penalties, or costs under this ordinance, shall ipso facto make the said tax, interest, penalties and costs delinquent and shall be construed as an attempt to avoid the payment of same which shall be sufficient grounds for attachment of such tangible personal property wherever the same may be located or found, whether said delinquent dealer be a resident or non-resident of this City, and whether said tangible personal property is in the possession of said delinquent dealer or in the possession of other persons, firms, corporations or associations of persons; provided that it is the intention of this ordinance to prevent the disposition of the said tangible personal property in order to insure payment of the tax imposed by this ordinance, together with interest, penalties and costs, and authority to attach is hereby specifically authorized and granted to the City of Hammond.

In addition to the penalties prescribed in this and the preceding section (Section 9.12), any person, or dealer, who shall violate the provisions thereof, upon conviction shall be fined in a sum of not more than One Hundred Dollars ($100.00) or imprisonment in jail for a period of not more than ninety (90) days or by both such fine and imprisonment, in the discretion of the Court. Any, each importation or shipment by truck, automobile, or other means of transportation, other than a common carrier, found to be in violation of the provision of these sections shall constitute a separate offense.

Section 9.14. The liability of any person, or dealer arising from any tax, interest and penalty, or any of them, imposed by this ordinance, from the time they are due, shall be a personal debt of such person, or dealer to the City of Hammond recoverable in any court of competent jurisdiction in an action at law by the
by the City. Such debts, whether sued upon or not, shall be a lien on all the property of such delinquent person, or dealer, except as against an innocent purchaser for value without notice in the actual course of business, and shall have preference in any distribution of the assets of the person, or dealer, whether in bankruptcy, insolvency, or otherwise. The proceeds of any judgment or order obtained hereunder shall be paid to the City of Hammond.

Section 9.15. The City of Hammond may require a bond or other security satisfactory to the Treasurer for the payment of any taxes, fees, interest and penalties, or any of them, imposed pursuant to this ordinance when he shall find that the collection thereof may be prejudiced without such security.

Section 9.16. If any person, or dealer, shall fail to make a return or report as required by this ordinance, the Treasurer, within three (3) years after the last day on which the omitted report could have been filed without penalty, may make an estimate of the amount of taxes such person, or dealer, is liable to pay under the terms of this ordinance, from any information he is able to conveniently obtain, and according to such estimate so made by him, assess the taxes, fees, penalties and interest due the City from such person, or dealer, give notice of such assessment to such person, or dealer, and must make demand upon him for payment, or otherwise the said claim shall prescribe.

Section 9.17. After a return or report is filed under the provisions of this ordinance, the Treasurer shall cause to be examined and make such further audit or investigation as he may deem necessary, and if therefrom, he shall determine that there is a deficiency with respect to the payment of any tax under this ordinance, he shall assess the additional amount of tax, and any penalties and interest, or either of them due the City of Hammond from such person, or dealer, and make demand upon him for payment.

Section 9.18. If the Treasurer finds that any person, or dealer liable for the payment of any tax under this ordinance designs quickly to depart from this City or to remove therefrom his or its property, subject to any lien under the provisions of this ordinance, or to discontinue business, or to do any other act tending to prejudice or render wholly, or partly ineffectual any proceedings that might be instituted to collect such tax, whereby it shall have become important that such proceedings be instituted without delay, he Treasurer may make an arbitrary assessment as herein provided, whether or not any return or report is then due by law, and may proceed under such arbitrary assessment to collect the tax, or demand security for it, and thereafter shall cause notice of such findings to be given to such a dealer, together with a demand for an immediate return or report, and immediate payment of such tax.

All taxes, penalties and interest assessed pursuant to the provisions of the last three preceding sections, shall be paid within fifteen (15) days after notice and demand shall have been mailed to the dealer liable therefor by the City of Hammond. If such taxes, penalties and interest so assessed shall not be paid within such fifteen (15) days, there shall be added to the amount assessed, in addition to interest as hereinbefore provided, and any other penalties provided by this ordinance, a sum equivalent to five percent (5%) of the tax.

Section 9.19. If any dealer against whom taxes have been assessed under the provisions of this ordinance, shall refuse or neglect to pay such taxes within the time prescribed in this ordinance, it shall be lawful for the Treasurer, or his duly authorized representative, who is charged with the enforcement of collection of such taxes, to enforce collection of such taxes, together with such interest and other additional amounts as are added by law, by distraint and sale of property or rights to property belonging to the delinquent dealer.

(10) the president, executive officers, managers and directors of any corporation, who shall violate the provisions of Section 9.22 of this ordinance; provided that such fine and imprisonment shall not prevent other action against the corporation as otherwise provided in this ordinance for the recovery of the tax, interest and penalties that may be due; and

(11) any person who shall violate any other provisions of his ordinance, punishment for which is not otherwise herein provided.

Section 9.22. No corporation organized under the laws of this State shall hereafter be dissolved, or effect a merger, reorganization, or consolidation under any law of this State by the action of the stockholders or by the decree of any Court until all taxes, fees, penalties and interest imposed on the corporation in accordance with the provisions of this ordinance shall have been paid in full. No foreign corporation which has obtained authority from the State to transact business in this City may surrender such authority and withdraw from this State until all taxes, fees, penalties, interest and other charges imposed upon said corporation in accordance with the provisions of this ordinance shall have been fully paid.

REFUNDS AND REIMBURSEMENTS

Section 10.01. In the event purchases are returned to the dealer by the purchaser or consumer after the tax imposed by this ordinance has been collected or charged to the account of the consumer or used, the dealer shall be entitled to reimbursement of the amount of tax so collected or charged by him, in the manner prescribed by the Treasurer and in case the tax has not been remitted by the dealer to the City of Hammond, the dealer may deduct the same in submitting his return. Upon receipt of a sworn statement of the dealer as to the gross amount of such refunds during the period covered by such sworn statement, which period shall not be longer than ninety (90) days, the City of Hammond, through the Treasurer, shall issue to the dealer an official credit memorandum equal to the net amount remitted by the dealer for such tax collected, such memorandum shall be accepted by the City of Hammond at full face value from the entitled to whom it is issued, in the remittance for subsequent taxes accrued under the provisions of this ordinance.

Section 10.02. If any dealer shall have given to the Treasurer notice within the time provided in Section 10.01 of this ordinance, such dealer thereafter, at any time within two (2) years after the payment of any original or additional tax assessed against him, may file with the Treasurer a claim under oath for refund, in such form as the Treasurer may prescribe, stating the grounds thereof. However, no claim for refund shall be required or permitted to be filed with respect to any tax paid, after protest has been filed with the Treasurer as hereinafter provided, or after proceeding on appeal has been finally determined.

Section 10.03. If, upon examination of such claim for refund, it shall be determined by the Treasurer that there has been an overpayment of tax, the amount of such overpayment shall be credited against any liability of any dealer under this ordinance, and if there be no such liability, the said dealer shall be entitled to a refund of the tax so overpaid. If the Treasurer shall reject the claim for refund in whole or in part he shall make an order accordingly and serve notice upon such dealer.

Section 10.04. Where no question of fact or law is involved, and it appears from the records of the City of Hammond than any moneys have been erroneously or illegally collected from any dealer, or have been paid by any dealer under a mistake of fact or law, the Treasurer may, at any time within two (2) years by time of payment, upon making a record in writing of his reasons therefor, certify that any dealer is entitled to such refund and thereupon the Treasurer shall authorize the payment thereof from any appropriation available for such purposes.

Section 10.05. When, to secure compliance with any of the provisions of this ordinance any moneys shall have been deposited to the City of Hammond by any dealer, and shall have paid over to the City of Hammond and the Treasurer shall be satisfied that such dealer has fully complied with all such provisions, the Treasurer shall so certify and authorize repayment from any appropriations.
available for such purpose to such dealer of such moneys, or such part thereof as the Treasurer shall certify has not been applied by him to the satisfaction of any indebtedness arising under this ordinance.

**Remedies of the Dealer**

Section 11.01. A right of action is hereby created to afford a remedy at law for any dealer aggrieved by the provisions of this ordinance; and in case of any such dealer resisting the payment of any amount found due, or the enforcement of any provisions of such laws in relation thereto, such dealer shall pay the amount found due by the Treasurer and shall give the Treasurer notice, at the time, of his intention to file suit for the recovery of the same; and upon receipt of such notice the amount so paid shall be segregated and held by the Treasurer for a period of thirty (30) days; and if suit be filed within such time for recovery of such amount, such funds so segregated shall be further held, pending the outcome of such suit. If the dealer prevails, the Treasurer shall refund the amount to the claimant, with interest at the rate of two per cent (2%) covering the period from the date the said funds were received by the City of Hammond to the date of refund.

Section 11.02. This section shall afford a legal remedy and right of action in any State, City or Federal court having jurisdiction of the parties and subject matter, for a full and complete adjudication of any and all questions arising in the enforcement of this ordinance, as to the legality of any tax accrued or accruing or the method of enforcement thereof. In such actions service shall be upon the Treasurer of the City of Hammond.

Section 11.03. This section shall be construed to provide a legal remedy in the State, City or Federal courts, by action of law, in case such taxes are claimed to be an unlawful burden upon interstate commerce, or the collection thereof, in violation of any Act of Congress or the United States Constitution, or the Constitution of the State of Louisiana, or in any case where jurisdiction is vested in any of the courts of the United States; provided that upon request of the dealer and upon proper showing by such dealer that the principle of law involved in an additional assessment is already pending before the courts for judicial determination, the said dealer, upon agreement to abide by the decision of the courts may pay the additional assessment under protest, but need not file an additional suit. In such cases the tax so paid under protest shall be segregated and held by the Treasurer until the question of law involved has been determined by the Courts and shall then be disposed of as therein provided.

Section 11.04. If any dealer shall be aggrieved by any finding or assessment of the Treasurer, he may, within thirty (30) days of the receipt of notice of the assessment or finding, file a protest in writing signed by him or his duly authorized agent, which shall be under oath and shall set forth the reasons therefor, and he may request a hearing. Thereafter, the Treasurer shall grant a hearing to such dealer, if a hearing has been requested, and may make an order confirming, modifying or vacating any such finding or assessment. The filing of any such protest shall not abate any penalty for non-payment nor shall it stay the right of the Treasurer to collect the tax in any manner herein provided, unless the dealer shall furnish security of a kind and in an amount satisfactory to the Treasurer. Appeals from the decision of the Treasurer shall be direct to any State, City or Federal Court of competent jurisdiction as provided for in Section 11.02.

**Other Administrative Provisions**

Section 12.01. The Treasurer is hereby authorized and empowered to carry into effect the provisions of this ordinance, and in pursuance thereof to make and enforce such rules as he may deem necessary, subject to the action of the City of Hammond.

Section 12.02. The Treasurer shall have the power to make and publish reasonable rules and regulations, not inconsistent with
this ordinance, or the laws and the Constitution of this State or of the United States, for the enforcement of the provisions of this ordinance and the collection of the revenues and penalties imposed by this ordinance.

Section 12.03. The Treasurer shall design, prepare, print and furnish to all dealers or make available to said dealers, all necessary forms for filing returns, and instructions to insure a full collection from dealers and an accounting for the taxes due, but failure of any dealer to secure such forms shall not relieve such dealer from the payment of said taxes at the time and in the manner herein provided.

Section 12.04. The cost of preparing and distributing the report forms and paraphernalia for the collection of said tax, and of the inspection and enforcement duties required herein, shall be borne out of appropriations by the City of Hammond as provided in Section 13.02 of this ordinance.

Section 12.05. In any case where tangible personal property is sold at retail under a contract providing for such retail sale, made and entered into prior to the effective date of this ordinance and containing the sale price, and delivery is made after the effective date of this ordinance, and such sale is taxable under this ordinance, the seller shall add the tax imposed by said ordinance to said sale price, and collect it from the buyer.

The provisions of this section shall also apply where such tangible personal property is not sold, but is used, consumed, distributed, stored, leased or rented, and where services taxable hereunder are contracted for before the effective date of this ordinance, but are actually furnished after the effective date hereof.

The provisions of this section shall not apply to tangible personal property actually imported or caused to be imported into, or stored within, the territorial limits of the City of Hammond prior to the effective date of this ordinance, if the said tangible personal property is actually used or consumed by the person who imported and stored said tangible personal property.

Section 12.06. It shall be lawful for the Treasurer, or any deputy by him duly designated, to receive the written oath of any person signing any application, deposition, statement, or report required by the Treasurer in the administration of this ordinance.

Section 12.07. The Treasurer, or any deputy by him duly designated may conduct hearings, and have administered and examined under oath any dealer and the directors, officers, agents and employees of any dealer, and any other witnesses, relative to the business of such dealer in respect to any matter incident to the administration of this ordinance. Such examinations or hearings shall be at a time convenient to the dealer within fourteen (14) days after requested by the Treasurer in writing.

Section 12.08. Any notice required to be given by the Treasurer pursuant to this ordinance may be given by personal service on the dealer for whom it is intended, or he mailed to the dealer for whom it is intended, addressed to such dealer at the address given in the last report filed by him pursuant to the provisions of this ordinance, or if no report has been filed, then to such address as may be obtainable. The mailing of such notice shall be presumptive evidence of its receipt by the dealer to whom it is addressed.

Section 12.09. The Treasurer shall keep a record of all of the official acts, and shall preserve copies of all rules, decisions and orders made by him and by any deputy of his department in charge of the collection of the tax imposed by this ordinance. Copies of such rules, decisions, or orders and of any paper or papers filed in any office maintained by him in the administration of this ordinance, any be authenticated under his official signature, and when so authenticated, shall be evidence
in all Courts of the State of the same weight and force as the original thereof. For authenticating any such copy, he shall be paid a fee of One Dollar ($1.00) which shall be deposited in the "Sales Tax Fund".

Section 12.10. Nothing in this ordinance shall be construed to deprive the dealer of any remedy in the review of any tax, or in any proceedings to collect the tax given such dealer by any other law, nor to deprive the City of Hammond of any remedy for the enforcement of this ordinance through any procedure or remedies expressly provided in this ordinance imposing the tax herein levied or in any other law, nor shall this ordinance be construed as repealing or altering any such laws or ordinance.

Section 12.11. If any section, sub-section, sentence, clause or phrase of this ordinance be held invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The City of Hammond hereby declares that it would have passed this ordinance, and each section, sub-section, sentence, clause and phrase thereof irrespective of the fact that any one or more sections, sub-sections, sentences, clauses or phrases may be so declared invalid.

Section 12.12. The tax levied herein is declared to be supplemental and in addition to all other taxes levied by and under the authority of the City of Hammond of any kind or nature.

Section 12.13. This ordinance may be cited or otherwise referred to as the "City of Hammond Sales and Use Tax Ordinance".

When the structural condition of any building or structure does not provide sufficient clearance for the service connection, a pole or other suitable material shall be erected to carry the service conduit to the necessary height above the ground.

That all electrical materials, devices, and all appliances designed for attachment to or installed on any electric current or system must be of such material, design, and construction as to guard against fires or damage to persons and property. Conformity with the standards of the Underwriters' Laboratories, Inc., as indicated by lists of properly inspected appliances, or with the regulations of the American Standards Association or of the United States Bureau of Standards, shall be prima facie evidence that such electrical materials comply with the requirements of this section.
The Electrical Inspector is hereby authorized and empowered to make, adopt, and promulgate such rules, regulations and specifications as may be necessary or useful in determining conformity of electrical materials, devices and equipment with approved methods of construction for safety to persons and property, and he shall approve for sale and use in said City all such electrical materials, devices and equipment as are found to be in conformity with the provisions hereof and with approved methods of construction for safety to life and property.

Driven ground electrodes shall not be smaller than three quarters inch pipe or one-half inch ground rods (galvanized) or copper weld driven to a depth of not less than eight (8) feet. Where pipe is driven, the bottom end must be flattened to prevent pipe filling with dirt, in order to permit inspector to measure depth driven.

In all ceiling outlets in wooden two-story frame buildings or wooden joists, the outlet box hangers must be blocks of wood at least two inches thick and four inches wide rigidly secured to structural units of
the building or approved hangers. The support means of any electrical sign shall be adequate and subject to the approval of the Electrical Inspector. All electrical signs shall be connected to a separate circuit or circuits installed in conduit or electrical metallic tubing and not more than 1320 watts shall be allowed on each circuit, provided, however, that portable signs with self-contained transformers, and window displays with transformers designed for such, not exceeding 225 watts may be plugged into suitable receptacles.
