SECTION 7.1 Damage and Destruction. Unless the Lessee shall have elected to exercise its option to purchase pursuant to the provisions of Section 11.1 hereof, if prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture) the Project is destroyed (in whole or in part) or is damaged by fire or other casualty, the Lessee shall promptly give written notice thereof to the Trustee. All Net Proceeds of insurance received by the Lessee resulting from such claims for losses shall be paid to and held by the Trustee in a separate trust account, whereupon (i) the Lessee, or the Lessor at the Lessee's direction, will proceed promptly to repair, rebuild or restore the property damaged or destroyed to substantially the same condition as it existed prior to the event causing such damage or destruction, with such changes, alterations and modifications (including the substitution and addition of other property exclusive of movables) as may be desired by the Lessee and as will not impair operating unity or productive capacity or the character of the Project as a manufacturing facility, and (ii) the Trustee will apply so much as may be necessary of the Net Proceeds of such insurance to payment of the costs of such repair, rebuilding or restoration, either on completion thereof or as the work progresses. In the event said Net Proceeds are not sufficient to pay in full the costs of such repair, rebuilding or restoration, the Lessee will nonetheless complete the work thereof and will pay that portion of the costs thereof in excess of the amount of said Net Proceeds or will advance to the Lessor and the Trustee the moneys necessary to complete said work, in which case the Lessor will proceed so to complete said work.

The Lessee shall not, by reason of the payment of such excess costs (whether by direct payment thereof or advances to the Lessor or Trustee therefor), be entitled to any reimbursement from the Lessor, the Trustee or the holders or owners of the Bonds or any abatement or diminution of the rents or other amounts payable under Section 5.3 hereof.

Any balance of such Net Proceeds remaining after payment of all the costs of such repair, rebuilding or restoration shall be paid into the Bond Fund. If the Bonds have been fully paid all Net Proceeds will be paid to the Lessee.

SECTION 7.2 Condemnation. Unless the Lessee shall be entitled to and does exercise its option to purchase pursuant to the provisions of Section 11.1 hereof, in the event that title to, or the temporary use of, the Project or any part thereof shall be taken under the exercise of the power of eminent domain by any governmental authority, the Lessee shall be obligated to continue to make the rental and other payments specified in Section 5.3 hereof. The Net proceeds derived from the condemnation award shall be applied as hereinafter provided:

7.21. The Lessor and the Lessee will cause the Net Proceeds received by them and the Trustees, from any award made in such eminent domain proceedings, to be paid to and held by the Trustee in a separate trust account or be applied in one or more of the following ways as shall be directed in writing by the Lessee.

7.211. The restoration of the Project to an economic unit comparable to that which existed prior to the exercise of said power of eminent domain.

7.212. The acquisition, by construction or otherwise, by the Lessor of other land and improvements exclusive of movables deemed by Lessee to be adequate for continuance of its business operations at the Project (which improvements shall be deemed a part of the Project and available for use and occupancy by the Lessee without the payment of any rent other than herein provided to the
same extent as if such other land and improvements were specifically described herein and demised hereby); provided, that such land and improvements shall be acquired by the Lessor subject to no liens or encumbrances prior to the lien of the Indenture, other than Permitted Encumbrances.

7.213. Redemption of the principal of any of the Bonds together with accrued interest thereon to the date of redemption and the applicable premium; provided, that no part of such condemnation award may be applied for such redemption unless:

7.2131. All of the Bonds are to be redeemed in accordance with the Indenture upon exercise of the option to purchase pursuant to the provisions of Section 11.1 hereof; or

7.2132. In the event that less than all of the Bonds are to be redeemed, the Lessee shall furnish to the Lessor and the Trustee a certificate of an engineer acceptable to the Lessor and the Trustee stating:

7.21321. That the property forming a part of the Project that was taken by condemnation proceedings is not essential to the Lessee's use or occupancy of the Project, or

7.21322. That the Project has been restored as contemplated by the foregoing Subsection 7.211 of this Section, or

7.21323. That improvements have been acquired as contemplated by the foregoing Subsection 7.212 of this Section.

SECTION 7.3. Condemnation of Lessee-Owned Property. The Lessee shall also be entitled to the Net Proceeds of any condemnation award or portion thereof made for the damages to or takings of its own property other than the Project.

ARTICLE VIII
SPECIAL COVENANTS

SECTION 8.1. No Warranty of Condition or Suitability by the Lessor. The Lessor makes no warranty, either expressed or implied, as to the condition of the Project or that it will be suitable for the Lessee's purposes or needs.

SECTION 8.2 Inspection of the Project. The Lessee agrees that the Lessor, the Trustee or either of their duly authorized agents shall have the right at all reasonable times to enter upon the Project and to examine and inspect the Project. The Lessee further agrees that the Lessor and the Trustee and their duly authorized agents shall have such rights of access to the Project as may be reasonably necessary to enforce the rights of the Lessor contained in this agreement and to ensure the proper maintenance of the Project in the event of failure by the Lessee to perform its obligations under Section 6.1 hereof.

SECTION 8.3. Lessee to Maintain its Corporate Existence; Conditions Under Which Exceptions Permitted. The Lessee agrees that during the Lease Term it will maintain its corporate existence, will not dissolve or otherwise dispose of all or substantially all of its assets and will not consolidate with or merge into another corporation or permit one or more corporations to consolidate with or merge into it; provided that the Lessee may, without violation the agreement contained in this Section, consolidate with or merge into another corporation, or permit one or more other corporations to consolidate with or merge into it; or sell or otherwise transfer to another corporation all or substantially all of its assets as an entirety and thereafter dissolve, provided the surviving, resulting or transferee corporation, as the case may be, irrevocably and unconditionally assumes by means of an instrument in writing which is reasonably satisfactory and delivered to the Trustee all of the obligations of the Lessee herein, and further provided that the net worth of the surviving or transferee corporation after the consolidation, merger, or sale is at least equal to that of the Lessee immediately prior to such consolidation, merger or sale.

SECTION 8.4 Qualification in the State. The Lessee warrants that it is and throughout the Lease Term it will continue to be duly qualified to do business in the State.
SECTION 8.5 Release of Certain Land. Notwithstanding any other provisions of this agreement, the parties heretoreserve the right at any time and from time to time to amend this agreement for the purpose of effecting the release of and removal from this agreement and the leasehold estate created hereby (i) of any unimproved part of the Leased Land on which the Lessor then proposed to construct improvements for lease to the Lessee or any subsidiary or affiliated corporation thereof under separate lease or contract of sale or (ii) any part (or interest in such part) of the Leased Land with respect to which the Lessor proposes to grant an easement or convey title to a railroad, public utility or public body in order that railroad, utility services or roads may be provided for the Project; provided, that if at the time any such amendment is made any of the Bonds are outstanding and unpaid, there shall be deposited with the Trustee the following:

(a) A copy of the said amendment as executed.
(b) A resolution of the governing body of the Lessor (i) stating that the Lessor is not in default under any of the provisions of the Indenture and the Lessee is not to the knowledge of the Lessor in default under any of the provisions of this agreement, (ii) giving an adequate legal description of that portion of the Leased Land to be released and (iii) stating the purpose for which the Lessor desires the release.
(c) A certificate of the Authorized Lessee Representative approving such amendment and stating that the Lessee is not in default under any of the provisions of this agreement.
(d) A copy of the agreement between the Lessor and such Lessee wherein the Lessor agrees to construct improvements on the portion of the Leased Land so requested to be released and agrees to lease the same to such lessee and wherein such lessee agrees to lease the same from the Lessor or a copy of the instrument granting the easement or conveying the title to a railroad, public utility or public body.
(e) A certificate of an Independent Engineer (registered in Louisiana and not affiliated with Lessor or Lessee) who is acceptable to the Trustee, dated not more than sixty days prior to the date of the release stating that, in the opinion of the person signing such certificate, (i) the portion of the Leased Land so proposed to be released is necessary or desirable in order to obtain railroad, utility services or roads to benefit the Project or is not otherwise needed for the operation of the Project for the purposes hereinabove stated and (ii) the release so proposed to be made will not impair the usefulness of the Project and will not destroy the means of ingress thereto and egress therefrom.

Any consideration received by the Lessee in connection with the foregoing shall be paid to the City. No conveyance or release effected under the provisions of this Section shall entitle the Lessee to any abatement or diminution of the installments of rents or other amounts payable under Section 5.3 hereof.

SECTION 8.6. Granting of Easements. If no event of default under this agreement shall have happened and be continuing, the Lessee may at any time or time (i) grant easements, licenses, rights of way (including the dedication of public highways) and other rights or privileges in the nature of easements with respect to the Leased Land, free from this agreement and the leasehold estate created hereby, or (ii) release existing easements, licenses, rights of way and other rights or privileges relating to the Leased Land all with or without consideration and upon such terms and conditions as the lessee shall determine, provided that the Lessee shall obtain the Prior written consent of the Lessor, the City and the Trustee prior to taking any action under this Section. If the instrument of grant shall so provide, any such easement or right and the rights of such other parties thereunder shall be superior to the rights of the Lessor and the Trustee under this agreement and the Indenture and shall not be affected by any termination of this agreement or default on the part of the Lessee hereunder. Any payments or other consideration received by the Lessee for any such grant shall be deposited in the Bond Fund and use for the purposes for which said Fund has been established. Any such payments received after termination of the Lease Term and full payment of the Bonds shall be paid to the Lessee.

SECTION 8.7. Release and Indemnification Covenants. The Lessee releases the Lessor from, agrees that the Lessor shall not be liable for and agrees to hold the Lessor harmless against, any loss or damage to property or any injury to or death of any person that may be occasioned by any defect in the Project or any improvements on the Leased Land or by any cause whatsoever pertaining to the Project or the use thereof.
Whenever under the provisions of this agreement the approval of the Lessee is required or the Lessor is required to take some action at the request of the Lessee, such approval shall be given or such request shall be made by the Authorized Lessee Representative unless otherwise specified in this agreement and the Lessor shall be authorized to act on any such approval or request and the Lessee shall have no complaint against the Lessor as a result of any such action taken.

Furthermore, the Lessee agrees to reimburse the expenses incurred by the Lessor in the performance of its obligations under this agreement and the Indenture.

SECTION 8.8. Financial Statements of Lessee. The Lessee and Guarantors agree that they will during the Lease Term furnish to the Trustee audited financial statements of the Lessee and the Guarantors, as of the end of each fiscal year of the Lessee and the Guarantors, within 120 days after the end thereof, as included in the Annual Report of the Lessee and the Guarantors to its shareholders.

ARTICLE IX
ASSIGNMENT: SUBLEASING: SELLING:
REDEMPTION; RENT PREPAYING AND ABATEMENT

SECTION 9.1. Assignment and Subleasing. This agreement may be assigned, and the Project may be subleased as a whole or in part, by the Lessee without the necessity of obtaining the consent of either the Lessor or the Trustee, subject, however, to each of the following conditions:

(a) No assignment or subleasing shall relieve the Lessee from primary liability for any of its obligations hereunder, and in the event of any such assignment or subleasing the Lessee shall continue to remain primarily liable for payment of the rents and other amounts specified in Section 5.3 and for performance and observance of the other agreements on its part herein provided to be performed and observed by it.

(b) The assignee or sublessee shall assume the obligations of the Lessee hereunder to the extent of the interest assigned or subleased.

(c) The Lessee shall, within thirty days after the delivery thereof, furnish or cause to be furnished to the Lessor and to the Trustee a true and complete copy of each such assignment and sublease as the case may be.

SECTION 9.2. Transfer of Lessor's Interest in Project. Subject to the provisions of Article XI hereof, the Lessor and City agree that, except for the assignment of the agreement and the rentals hereunder to the Trustee pursuant to the Indenture, they will not sell, assign, convey, mortgage, encumber or otherwise dispose of any part of the Project during the Lease Term. If the laws of the State at the time shall permit such sale, assignment, transfer or conveyance to be taken, nothing contained in this Section shall prevent the consolidation of the Lessor with, or merger of the Lessor into, or transfer title to the Project as an entirety to, any public corporation whose property and income are not subject to taxation and which has corporate authority to carry on the business of owning and leasing the Project; provided, that upon any such consolidation, merger or transfer, the due and punctual payment of the principal of, premium, if any, and interest on the Bonds according to their tenor, and the due and punctual performance and observance of all the contracts and conditions of this agreement to be kept and performed by the Lessor, shall be expressly assumed in writing by the corporation resulting from such consolidation or surviving such merger or to which the Project shall be transferred as an entirety.

SECTION 9.3. Redemption of Bonds. If the Lessee is not in default in the payment of rents under Section 5.3 hereof, the Lessor, at the request of the Lessee at any time the aggregate moneys in the Bond Fund are sufficient to effect such redemption and if the same are then redeemable under the provisions of the Indenture, shall forthwith take all steps that may be necessary under the applicable redemption provisions of the Indenture to effect redemption of all or part of the then outstanding Bonds as may be specified by the Lessee, on such redemption date as may be specified by the Lessee.

SECTION 9.4. Prepayment of Rents. There is expressly reserved to the Lessee the right, and the Lessee is authorized and permitted, at any time it may choose, to prepay all or any part of the rents payable under Section 5.3. hereof, and the Lessor agrees that the Trustee may accept such prepayments of rents when the same are tendered by the Lessee. All rents so prepaid shall be deposited in the Bond Fund and credited on the rental payments specified in Section 5.3 hereof in order of their due dates, and at the election of the Lessee shall be used for the redemption or purchase of outstanding Bonds in the manner and to the extent provided in the Indenture.
SECTION 9.5. Lessee Entitled to Conveyance of the Project if Bonds Paid Prior To Maturity. If at any time the aggregate moneys in the Bond Fund shall be sufficient to retire in accordance with the provisions of the Indenture all of the Bonds at the time outstanding and to pay all fees and charges of the Trustee, the paying agents and the expenses of the Lessor due or to become due through the date on which the last of the Bonds is to be retired, and if the Lessee is not at the time otherwise in default hereunder, the Lessee shall be entitled to the conveyance of the Project pursuant to Sections 11.2 and 11.3 hereof.

SECTION 9.6. Installation of Lessee's Own Machinery and Equipment; Landlord's Lien Thereon. In addition to the machinery and equipment installed by the Lessee under the provisions of Section 6.1 hereof which does not become part of the Leased Building thereunder, the Lessee may from time to time, in its sole discretion and at its own expense install additional machinery and equipment in the Project or on the Leased Land. All machinery and equipment so installed by the Lessee shall remain the sole property of the Lessee in which neither the Lessor nor the Trustee shall have any interest, may be modified or removed at any time while the Lessee is not in default hereunder and shall not be subject to the lien of the Indenture. Nothing contained in the preceding provisions of this Section shall prevent the Lessee from purchasing, after delivery of the Indenture, such additional machinery and equipment on conditional sale contract or lease sale contract, or subject to vendor's lien or purchase money mortgage as security for the unpaid portion of the purchase price thereof, and each such conditional sale contract, lease sale contract, vendor's lien or purchase money mortgage made by the Lessee with respect to machinery and equipment purchased by it under the provisions of this Section after the delivery of the Indenture shall be prior and superior to any landlord's lien. The Lessee agrees to pay, unless in good faith contested by it, as due the purchase price of and all costs and expenses with respect to the acquisition and installation of any machinery and equipment installed by it pursuant to this Section.

SECTION 9.7. References to Bonds Ineffective After Bonds Paid. Upon payment in full of the Bonds (provision for payment thereof having been made in accordance with the provisions of the Indenture) and all fees and charges of the Trustee, the paying agent and the Lessor, all references in this agreement to the Bonds and the Trustee shall be ineffective and neither the Trustee nor the holder of any of the Bonds shall thereafter have any rights hereunder, saving and excepting those that shall have theretofore vested.

ARTICLE X
EVENTS OF DEFAULT AND REMEDIES

SECTION 10.1 Events of Default Defined. The following shall be "events of default" under this agreement and the terms "event of default" or "default" shall mean, whenever they are used in this agreement, any one or more of the following events:

(a) Failure by the Lessee to pay or cause to be paid the rent or other payments required to be paid under Section 5.3 hereof at the times specified therein.

(b) Failure by the Lessee to observe and perform any covenant, condition or agreement in this agreement on its part to be observed or performed, other than as referred to in sub-section (a) of this Section, for a period of ninety days after written notice, specifying such failure and requesting that it be remedied, given to the Lessee by the Lessor or the Trustee, unless the Lessor and the Trustee (with any required consent of Bondholders under the provisions of the Indenture) shall agree in writing to an extension of such time prior to its expiration.

(c) The dissolution or liquidation of the Lessee or the filing by the Lessee of a voluntary petition in bankruptcy, or failure by the Lessee promptly to institute judicial proceedings to lift any execution, garnishment or attachment of such consequence as will impair its ability to carry on its operations at the Project, or the commission by the Lessee of any act of bankruptcy, or adjudication of the Lessee as a bankrupt, or assignment by the Lessee for the benefit of its creditors, or the entry by the Lessee into an agreement of composition with its creditors, or the approval by a court of competent jurisdiction of a petition applicable to the Lessee in any proceeding for its reorganization instituted under the provisions of the Federal Bankruptcy Act, as amended, or under any similar act which may hereafter be enacted. The term "dissolution" or liquidation of the Lessee", as used in this subsection, shall not be construed to include the cessation of the corporate existence of the Lessee resulting either from a merger or consolidation of the Lessee into or with another corporation or a dissolution or liquidation of the Lessee following a transfer of all or substantially all of its assets as an entirety, under the conditions permitting such actions contained in Section 8.3 hereof.
The foregoing provisions of this Section are subject to the following limitations: If by reason of force majeure the Lessee is unable in whole or in part to carry out its agreements on its part herein contained, other than the obligations on the part of the Lessee contained in Article V and Sections 6.2, 6.3, 8.3, and 8.7 hereof, the Lessee shall not be deemed in default during the continuance of such inability. The term "force majeure" as used herein shall mean the following: acts of God; strikes, lockouts or other industrial disturbances; acts of public enemies; orders of any kind of the government of the United States or of the State or any of their departments, agencies, or officials, or any civil or military authority; insurrections; riots; epidemics; landslides; lightning; earthquake; fire; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions; partial or entire failure of utilities; or any other cause or event not reasonable within the control of the Lessee. The Lessee agrees, however, to remedy with all reasonable dispatch the cause or causes preventing the Lessee from carrying out its agreements; provided, that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the Lessee, and the Lessee shall not be required to make settlement of strikes, lockouts and other industrial disturbances by acceding to the demands of the opposing party or parties when such course is in the judgment of the Lessee unfavorable to the Lessee.

SECTION 10.2 Remedies on Default. In the event any of the Bonds shall at the time be outstanding and unpaid and provision for the payment thereof shall not have been made in accordance with the provisions of the Indenture, whenever any event of default referred to in Section 10.1 hereof shall have happened and be subsisting, the Lessor or the Trustee, where so provided, may take any one or more of the following remedial steps:

(a) The Lessor or the Trustee as provided in the Indenture may, at its option, declare all installments of rent payable under Section 5.3 hereof for the remainder of the Lease Term to be immediately due and payable, whereupon the same shall become immediately due and payable.
(b) The Lessor, with the prior written consent of the Trustee and the City, may re-enter and take possession of the Project without terminating this agreement, and lease the Project for the account of the Lessee, holding the Lessee liable for the difference between the rentals and other amounts payable by such Lessee in such leasing and the rents and other amounts payable by the Lessee hereunder.
(c) The Lessor or the Trustee may take whatever action at law or in equity may appear necessary or desirable to collect the rent then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the Lessee under this agreement.

Any amounts collected pursuant to action taken under this Section shall be paid into the Bond Fund and applied in accordance with the provisions of the Indenture or, if the Bonds have been fully paid (or provision for payment thereof has been made in accordance with the provisions of the Indenture) to the Lessee.

No action taken pursuant to this Section (including repossession of the Project or termination of the Lease Term) shall relieve the Lessee from the Lessee's obligation pursuant to Section 5.3 hereof, all of which shall survive any such action.

SECTION 10.3 No Remedy Exclusive. No remedy herein conferred upon or reserved to the Lessor or the Trustee is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Lessor or the Trustee to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be herein expressly required. Such rights and remedies as are given the Lessor hereunder shall also extend to the Trustee and the Trustee and the holders of the Bonds issued under the Indenture shall be deemed third party beneficiaries of all covenants and agreements herein contained.

SECTION 10.4 Agreement to Pay Attorney's Fees and Expenses.

(a) The Lessee agrees to reimburse the Lessor for expenses incurred including the employment of attorneys in fulfilling the obligations of the Lessor pursuant to Section 5.2 hereof, provided that the Lessee shall notify the General Counsel and the Treasurer of the Lessee in writing of the action that is to be taken and the Lessee shall approve the action and the incurrence of expenses.
In the event the Lessee should default under any of the provisions of this agreement and the Lessor or the Trustee should employ attorneys or incur other expenses for the collection of the rents or the enforcement of performance or observance of any obligation or agreement on the part of the Lessee herein contained, the Lessee agrees that it will on demand therefor pay to the Lessor or the Trustee the fee of such attorneys and such other expenses so incurred by the Lessor or the Trustee.

 SECTION 10.5 No Additional Waiver Implied by One Waiver. In the event any agreement contained in this agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

ARTICLE XI
OPTIONS IN FAVOR OF LESSEE

SECTION 11.1. Options to Terminate. The Lessee shall have, and is hereby granted, the option to purchase the Project prior to the full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), if any of the following shall have occurred:

(a) At any time prior to full payment of the Bonds (or provision for payment thereof having been made in accordance with the provisions of the Indenture), the Lessee may terminate the Lease Term by paying to the Trustee, for the account of the Lessor, for deposit in the Bond Fund an amount of money or certain obligations of or guaranteed by the United States permitted under Article IX of the Indenture which, when added to the amount on deposit in the Bond Fund, will be sufficient to pay, retire and redeem all of the outstanding Bonds in accordance with the provisions of the Indenture (including, without limiting the generality of the foregoing, principal, interest to maturity or redemption date specified by the Lessee, as the case may be, premium, expenses of redemption and the Trustee's and paying agents' fees and expenses), and in case of redemption by making arrangements satisfactory to the Trustee for the giving of the required notice of redemption. Upon the occurrence of the foregoing, the Lessee may exercise its option to purchase the Project as provided in this Article XI for the consideration of $5,000 paid by Lessee to the City.

(b) The Project shall have been damaged or destroyed to such extent that, in the opinion of the Lessee as expressed in a resolution of the Board of Directors of the Lessee or the Executive Committee of said Board of Directors, (i) such facilities could not be reasonably restored within a period of four months to the operating condition thereof immediately preceding such damage or destruction, or (ii) the Lessee is thereby prevented or likely to be prevented from carrying on its normal operations at the Project for a period of four months, or (iii) the restoration of the Project is not economically feasible.

(c) Title to, or the temporary use of, all or substantially all the Project shall have been taken under the exercise of the power of eminent domain by any governmental authority, or person, firm or corporation acting under governmental authority which in the opinion of the Lessee, as expressed in a resolution of the Board of Directors of the Lessee or the Executive Committee of said Board of Directors, is likely to result in the Lessee being thereby prevented from carrying on its normal operations at the Project for a period of four months.

(d) As a result of any changes in the Constitution of the State or the Constitution of the United States of America or as a result of legislative or administrative action (whether state or federal) or by final decree, judgment or order of any court of administrative body (whether state or federal) entered after the contest thereof by the Lessee in good faith, this agreement shall have become void or unenforceable or impossible of performance in accordance with the intent and purposes of the Parties, or been declared to be unlawful, or unreasonable burdens or excessive liabilities shall have been imposed on the Lessor or the Lessee including without limitation federal, state or other ad valorem, property, income or other taxes not being imposed on the date of this agreement.

(e) Changes in economic availability of raw materials, operating supplies or facilities necessary to operate the Project or technological or other changes which make the continued operation of the Project uneconomical in the opinion of the Lessee, as expressed in a resolution of the Board of Directors of the Lessee or the Executive Committee of said Board of Directors.

(f) Legal curtailment of Lessee's use and occupancy of all or substantially all of the Project which in the opinion of the Lessee, as expressed in a resolution of the Board of Directors of the Lessee or the Executive Committee of said Board of Directors, is likely to result in the Lessee being thereby prevented from carrying on its normal operations at said Project for a period of four months.
To exercise such option pursuant to paragraphs (b) to (f), inclusive, the Lessee shall, within six months following the event authorizing the exercise of such option, give written notice to the Lessor and to the Trustee, if any of the Bonds shall then be unpaid and provision of the Indenture, and shall specify therein the date of closing such purchase, which date shall be not less than forty-five nor more than ninety days from the date such notice is mailed, and in case of a redemption of the Bonds in accordance with the provisions of the Indenture shall make arrangements satisfactory to the Trustee for the giving of the required notice of redemption. The purchase price payable by the Lessee in the event of its exercise of the option pursuant to subsections (b) to (f), inclusive, of this Section shall be the sum of the following:

(1) an amount of money to be paid into the Bond Fund which, when added to the amount then on deposit in the Bond Fund for payment of the Bonds, will be sufficient to pay, redeem pursuant to the Indenture, or pay at maturity, at the principal amount thereof all the then outstanding Bonds on the date on which such Bonds may be redeemed or paid at maturity, including without limitation, principal, all accrued interest to said date and redemption expenses, plus
(2) an amount of money equal to the Trustee's fees and expenses under the Indenture and the expenses of the Lessor accrued and to accrue until such final payment and redemption of the Bonds, plus
(3) the sum of $5000.

In the event of the exercise of the option granted in this Section any Net Proceeds of insurance or condemnation shall be paid to the Lessee and the Lease Term shall be terminated.

SECTION 11.2. Conveyance of the Project to the Lessee. The Lessor shall upon the payment of all sums due to the Lessor under this agreement, at the expiration or sooner termination of the Lease Term following full payment of the Bonds or provision for payment thereof having been made in accordance with the provisions of the Indenture, convey the Project to the Lessee, by delivery of the documents specified in Section 11.3 hereof.

SECTION 11.3. Conveyance at Closing. At the closing of any purchase pursuant to any option to purchase, the Lessor will upon receipt of the purchase price deliver to the Lessee the following:

(a) If the Indenture shall not at the time have been satisfied in full, a release from the Trustee of the property with respect to which the option to purchase was exercised.
(b) Documents conveying to the Lessee title to the property being purchases, as such property then exists, subject to the following: (i) those liens and encumbrances (if any) to which title to said property was subject on the Settlement Date; (ii) those liens and encumbrances created by the Lessee or to the creation or suffering of which the Lessee consented; (iii) those liens and encumbrances resulting from the failure of the Lessee to perform or observe any of the agreements on its part contained in this agreement; (iv) Permitted Encumbrances other than the Indenture and this agreement; and (v) if the option is exercised pursuant to the provisions of Section 11.1 (c) hereof, the rights and title of the condemning authority.

SECTION 11.4. Relative Position of Options and Indenture. The rights, respectively, granted to the Lessee in this Article shall be and remain prior and superior to the Indenture and may be exercised whether or not the Lessee is in default hereunder, provided that such default will not result in non-fulfillment of any condition to the exercise of any such option.

ARTICLE XII

ORDINANCE NO. 820 C. S.

"AN ORDINANCE REGULATING AND RESTRICTING THE HEIGHT OF STRUCTURES AND OBJECTS OF NATURAL GROWTH, AND OTHERWISE REGULATING THE USE OF PROPERTY, IN THE VICINITY OF THE HAMMOND MUNICIPAL AIRPORT BY CREATING THE APPROPRIATE ZONES AND ESTABLISHING THE BOUNDARIES THEREOF; PROVIDING FOR CHANGES IN THE RESTRICTIONS AND BOUNDARIES OF SUCH ZONES; DEFINING CERTAIN TERMS USED HEREIN; REFERRING TO THE HAMMOND MUNICIPAL AIRPORT HEIGHT RESTRICTION MAP WHICH IS INCORPORATED IN AND MADE A PART OF THIS ORDINANCE; PROVIDING FOR ENFORCEMENT; ESTABLISHING A BOARD OF ADJUSTMENT; AND IMPOSING PENALTIES.

This ordinance is adopted pursuant to the authority conferred by Louisiana Revised Statutes 2:381 and the following. It is hereby found that an airport hazard endangers the lives and property of users of the Hammond Municipal Airport and property of occupants of land in its vicinity, and also if the obstruction type, in effect reduces the size of the area available for the landing, take-off, and maneuvering of aircraft, thus tending to destroy or impair the utility of the Hammond Municipal Airport and a public investment therein. Accordingly, it is declared:

1. That the creation of establishment of an airport hazard is a public nuisance and an injury to the region served by the Hammond Municipal Airport;

2. That it is necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport hazards be prevented; and

3. That the prevention of these hazards should be accomplished, to the extent legally possible, by the exercise of the police power without compensation.

4. It is further declared that both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivision may raise and expend public funds and acquire land or interests in land.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HAMMOND, LOUISIANA AT ITS REGULAR SESSION HELD ON THE 18th DAY OF JULY, 1978.

When the runway has a specially prepared hard surface, the primary surface extends 200 feet beyond each end of that runway; but when the runway has no specially prepared hard surface, or planned hard surface, the primary surface ends at each end of that runway. The width of the primary surface of a runway will be that width prescribed in Part 77 of the Federal Aviation Regulations (FAR) for the most precise approach existing or planned for either end of that runway. The elevation of any point on the primary surface is the same as the elevation of the nearest point on the runway centerline.

16. APPROACH, TRANSITIONAL, HORIZONTAL, AND CONICAL ZONES—These zones apply to the area under the approach, transitional, horizontal, and conical surfaces defined in (FAR) part 77.

SECTION III: AIRPORT ZONES

In order to carry out the provisions of this ordinance and in accordance with Title 2, Sections 381-390 of the Louisiana Revised Statutes, there are hereby created and established certain zones which include all of the land lying within the approach zones, transitional zones, horizontal zones, and conical zones as they may apply to the Hammond Municipal Airport Approach and Clear Zone Plan consisting of 1 sheet prepared by the city consultants, and dated __________, 19__, which is attached to this ordinance and made a part hereof. An area located in more than one of the following zones is considered to be only in the zone with the more restrictive height limitation. The various zones are hereby established and defined as follows:

1. Utility Runway Visual Approach Zone—The inner edge of this approach zone coincides with the width of the primary surface and is 250 feet wide. The approach zone expands outward uniformly to a width of 1,250 feet at a horizontal distance of 5,000 feet at a slope of 20 to 1. Its centerline being the continuation of the centerline of the runway.

2. Utility Runway Non-Precision Instrument Approach Zone—The inner edge of this approach zone, coincides with the width of the primary surface and is 500 feet wide. The approach zone expands outward uniformly to a width of 2,000 feet at a horizontal distance 5,000 feet at a slope of 20 to 1. Its centerline being the continuation of the centerline of the runway.
3. Runway Larger Than Utility Visual Approach Zone-The inner edge of this approach zone coincides with the width of the primary surface and is 500 feet wide. The approach zone expands outward uniformly at a width of 1,500 feet at a horizontal distance of 5,000 feet at a slope of 20 to 1. Its centerline being the continuation of the centerline of the runway.

4. Runway Larger Than Utility With a Visibility Minimum Greater Than 3/4 Mile Non-Precision Instrument Approach Zone- The inner edge of this approach zone coincides with the width of the primary surface and is 500 feet wide. The approach zone expands outward uniformly to a width of 3,500 feet at a horizontal distance of 10,000 feet at a slope of 34 to 1. Its centerline being the continuation of the centerline of the runway.

5. Runway Larger Than Utility With Visibility Minimum As Low As 3/4 Mile Non-Precision Instrument Approach Zone-The inner edge of this approach zone coincides with width of the primary surface and is 1,000 feet wide. The approach zone expands outward uniformly to a width of 4,000 feet at a horizontal distance of 10,000 feet at a slope of 40 to 1. Its centerline being the continuation of the centerline of the runway.

6. Precision Instrument Runway Approach Zone-The inner edge of this approach zone coincides with the width of the primary surface and is 1,000 feet wide. The approach zone expands outward uniformly to a width of 16,000 feet at a horizontal distance of 10,000 feet at a slope of 50 to 1 with an additional 40,000 feet at a slope of 40 to 1. Its centerline being the continuation of the centerline of the runway.

7. Transitional Zones-These zones are hereby established as the area beneath the transitional surfaces. These surfaces extend outward and upward at right angles to the runway centerline and the runway centerline extended at a slope of seven (7) feet horizontally for each foot vertically 7 to 1 from the sides of the primary approach surfaces to where they intersect the horizontal and conical surfaces. Transitional zones for those portions of the precision approach zones which project through and beyond the limits of the conical surface, extend a distance of 5,000 feet measured horizontally from the edge of the approach zone and at right angles to the extended runway centerline.

8. Horizontal Zone-The horizontal zone is hereby established by swinging arcs of 10,000 feet radii from the center of each end of the primary surface of each runway, and connecting the adjacent arcs by drawing lines tangent to those arcs. The horizontal zone does not include the approach and transitional zones.

9. Conical Zone-The conical zone is hereby established as the area that commences at the periphery of the horizontal zone and extends outward therefrom a horizontal distance of 4,000 feet at a slope of 20 to 1. The conical zone does not include the precision instrument approach zones and the transitional zones.

SECTION IV: AIRPORT ZONE HEIGHT LIMITATIONS

Except as otherwise provided in this Ordinance, no structure or tree shall be erected, altered, allowed to grow, or be maintained in any zone created by this Ordinance to a height in excess of the applicable height limit by this Ordinance to a height in excess of the applicable height limit herein established for such zone. Such applicable height limitations are hereby established for each of the zones in question as follows:

1. Utility Runway Visual Approach Zone-Slopes upward twenty (20) feet horizontally for each foot vertically, beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.

2. Utility Runway Non-Precision Instrument Approach Zone-Slopes upward twenty (20) feet horizontally for each foot vertically beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.

3. Runway Larger Than Utility Visual Approach Zone-Slopes upward twenty (20) feet horizontally for each foot vertically beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.

SECTION V: USE RESTRICTIONS

Notwithstanding any other provisions of this Ordinance, no use may be made of land or water within any zone established by this Ordinance in such a manner as to create electrical interference with navigational signals or radio communications between the airport and aircraft, make it difficult for pilots to distinguish between airport lights and others, result in glare in the eyes of pilots using the airport, impair visibility in the vicinity of the airport or otherwise in any way create a hazard or endanger the landing, takeoff, or maneuvering of aircraft intending to use the airport.
SECTION VI: NONCONFORMING USES

1. Regulations not Retroactive—The regulations prescribed by this Ordinance shall not be construed to require the removal, lowering, or other changes or alterations of any structure or tree not conforming to the regulations as of the effective date of this Ordinance, or otherwise interfere with the continuance of a nonconforming use, except as otherwise provided by law. Nothing contained herein shall require any change in the construction, alteration, or intended use of any structure, the construction or alteration of which was begun prior to the effective date of this Ordinance, and is diligently prosecuted.

2. Marking and Lighting—Notwithstanding the preceding provision of this Section, the owner of any existing nonconforming structure or tree is hereby required to permit the installation, operation, and maintenance thereon of such markers and lights as shall be deemed necessary by the Hammond Airport Authority to indicate to the operators of aircraft in the vicinity of the airport, the presence of such airport hazards. Such markers and lights shall be installed, operated, and maintained at the expense of the Hammond Airport Authority.

SECTION VII: PERMITS

1. Future Uses—No material change shall be made in the use of land and no structure or tree shall be erected, altered, planted, or otherwise established in any zone hereby created unless a permit therefor shall have been applied for and granted.

   (a) However, a permit for a tree or structure of less than 75 feet of vertical height above the ground shall not be required in the horizontal and conical zones or in any approach and transitional zones beyond a horizontal distance of 4,200 feet from each end of the runway except when such tree or structure, because of terrain, land contour, or topographic features, would extend above the height limit prescribed for the respective zone.

   (b) Each application for a permit shall indicate the purpose for which the permit is desired with sufficient particulars to determine whether the resulting use, structure, or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit shall be granted.

2. Existing Uses—No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a nonconforming use, structure, or tree to become a greater hazard to air navigation than it was on the effective date of this Ordinance or any amendments thereto or than it is when the application for a permit is made. Except as indicated, all applications for such a permit shall be granted.

3. Nonconforming Uses Abandoned or Destroyed—Whenever the Hammond Airport Zoning Board determines that a nonconforming tree or structure has been abandoned or more than 80 percent torn down, physically deteriorated, or decayed, no permit shall be granted that would allow such structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations.

4. Variances—Any person desiring to erect or increase the height of any structure, or permit the growth of any tree, or use his property not in accordance with the regulations prescribed in this Ordinance, may apply to the Board of Adjustment for a variance from such regulations. Such variances shall be allowed where it is duly found that a literal application or enforcement of regulations would result in practical difficulty or unnecessary hardship and relief granted would not be contrary to the public interest but will do substantial justice and be in accordance with the spirit of this Ordinance.

5. Hazard Marking and Lighting—Any permit or variance granted may, if such action is deemed advisable to effectuate the purpose of this Ordinance and be reasonable in the circumstances so conditioned as to require the owner of the structure or tree in question to permit the Hammond Airport Authority at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to pilots the presence of an airport hazard.

SECTION VIII: ADMINISTRATION AND ENFORCEMENT

It shall be the duty of the Hammond Airport Height Restriction Board to administer and enforce the regulations prescribed herein. Application for permits and variances shall be made to the Hammond Airport Height Restriction Board upon a form furnished by it. Applications required by this Ordinance to be submitted to the Hammond Airport Height Restriction Board shall be promptly considered and granted or denied by it. 4. The Board of Appeals shall appoint one of its members to be designated as an Airspace Inspector for the purpose of facilitating investigation and reporting of exceptions and variances in these zoning regulations.

5. The Board shall make written findings of facts and conclusions of law giving the facts upon which it acted and its legal conclusions from such facts in reversing, affirming, or modifying any order, requirement, decision, or determination which comes before it under the provisions of this Ordinance.

The Hammond Airport Height Restriction Board shall forthwith transmit to the Board of Appeal all the papers constituting the record upon which the action appealed from was taken.

3. An appeal shall stay all proceedings in furtherance of the action appealed from unless the Airspace Inspector certifies to the Board of Appeal, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed except by order of the Board of Appeal on notice to the Hammond Airport Height Restriction Board and on due cause shown.

SECTION 7. That any and all payments made in cash in payment of the assessments herein levied shall be expended for no purpose other than towards the payment of the cost of the paving improvements herein referred to; and the Clerk of the
Council of the City of Hammond, be and she is hereby authorized to accept full payments in cash in the amount hereinbefore set forth for the assessments herein levied and to authorize the said Clerk of Court to cancel the lien against the property securing the assessment so paid in cash.

SECTION 8. In case any one or more of the provisions of this ordinance shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provisions of said ordinance, but the same shall be construed and enforced as if such illegal or invalid provisions had not been contained herein.
