

CITY OF HAMMOND ORDINANCE Nº 09-5176 C.S.

AN ORDINANCE TO AMEND ZONING ORDINANCE NO. 01-2679 TO ADD A DEFINITION OF "MULTI-FAMILY DEVELOPMENT" TO SECTION 8-DEFINITIONS AND TO ADD MULTI-FAMILY DEVELOPMENT, MULTI-FAMILY DWELLING, TOWNHOUSES AND PATIO HOMES TO THE LIST OF PERMITTED USES UNDER SECTION 2.4(7) R-A APARTMENT DISTRICT SUBSECTION b)

WHEREAS, the City Council determines it to be in the best interest of the City to define multi-family development and designate an appropriate zoning district for the placement of multi-family development, multi-family dwelling and townhouse land uses in order to promote orderly development and preserve the integrity of single-family neighborhoods;

NOW, THEREFORE, BE IT ORDAINED by the City Council of Hammond, Louisiana, that:

- A. The City of Hammond Zoning Ordinance #01-2769 SECTION 8-DEFINITIONS is amended to add the following definition to be placed in alphabetical order:
 - Multi-family Development A development of three (3) or more contiguous two-family or duplex dwelling sites or a single site with multi-family dwellings.
- B. The City of Hammond Zoning Ordinance #01-2769 SECTION 2.4(7) R-A Apartment District subsection b) is amended to add the following to the list of permitted uses: Multi-Family Dwellings, Multi-Family Development, Townhouses, and Patio Homes.

This ordinance shall supersede all prior ordinances in conflict with this ordinance. It is the intention of the City Council that in the event of any conflict with any existing ordinance, the provisions of this ordinance shall control.

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on, September 9th 2009 of the Hammond City Council and discussed at a public meeting held on November 3rd 2009; after motion and second was submitted to the official vote of the Hammond City Council.

On motion by Jason Hood and Second by Kathy Montecino the foregoing ordinance was hereby declared adopted on November 3rd 2009 by the following roll call vote:

Votes: Johnny Blount (Y) Jason Hood (Y) Willie Jackson (Absent) Kathy Montecino (Y) Mike Williams (Y) Motion carried approved.

WHEREFORE the above and foregoing ordinance was declared duly adopted on this 3rd day of November, in the year 2009, at Hammond, Tangipahoa Parish, Louisiana.

CITY OF HAMMOND ORDINANCE Nº 09-5174 C.S.

AN ORDINANCE PROHIBITING SEX OFENDERS IN CITY PARKS AND PUBLIC RECREATIONAL FACILITES

WHEREAS, the legislature of the State of Louisiana has found that sex offenders, sexually violent predators, and child predators often pose a high risk of engaging in sex offenses, and crimes against victims who are minors even after being released from incarceration or commitment, and

WHEREAS, protection of the public from sex offenders, sexually violent predators, and child predators is of paramount interest to the City of Hammond,

THEREFORE BE IT ORDAINED by the City Council of Hammond, Louisiana, that Chapter 22 of the Code of Ordinances, City of Hammond Louisiana is hereby amended to add section 22-7 which section shall read as follows:

Sec. 22-7. Prohibition of sex offenders in city parks and recreational facilities

It shall be unlawful for any person who is registered as a sex offender or who is required to be registered as a sex offender with the State of Louisiana or any other state or federal agency to knowingly enter into any public park or recreational facility owned, operated or maintained by the City of Hammond.

The term recreational facility as used in this section shall mean (a) any facility where recreation activities for persons under the age of eighteen (18) are conducted by the City of Hammond or by an entity conducting such activities through a cooperative endeavor agreement with the City of Hammond and (b) any facility operated as a children's museum by the City of Hammond or by an entity operating a children's museum through a cooperative endeavor agreement with the City of Hammond.

Any person found in violation of this ordinance shall be fined not more than five hundred dollars (\$500.00) or be imprisoned for not more than sixty (60) days or both.

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on, October 20th, 2009 of the Hammond City Council and discussed at a public meeting held on November 3rd 2009; after motion and second was submitted to the official vote of the Hammond City Council.

On motion by Kathy Montecino and Second by Johnny Blount the foregoing ordinance was hereby declared adopted on November 3rd 2009 by the following roll call vote:

Votes: Johnny Blount (Y) Jason Hood (Y) Willie Jackson (Absent) Kathy Montecino (Y) Mike Williams (Y) Motion carried approved.

WHEREFORE the above and foregoing ordinance was declared duly adopted on this 3rd day of November, in the year 2009, at Hammond, Tangipahoa Parish, Louisiana.

Sheet 2 of 2

City Council Agenda Request From Planning & Zoning

Date of Planning & Zoning Meeting: 09/03/2009

Item to be presented to the Council (Ordinance):

Case#SDF2009-7-4 Minor subdivision request by Zion Apostolic Church (Joseph Williams, Sr.) at 1300 Palmetto St. to subdivide a 3.98 acre parcel in Section 35, T6S, R7E into Zion Apostolic Church of Hammond, Inc. Subdivision, Lots 1-6 and dedicate existing street rights-of-way for Mooney Ave., Palmetto St. and Showers Ln. in accordance with survey by Robert G. Barrilleaux revised 8/4/2009; zoned R-5.

Brief Description of the Property:

3.98 acres in Section 35, T6S, R7E on corner of Mooney Ave., Palmetto St. and Showers Lane. The property currently includes the existing church, two houses, two mobile homes, half the right-of-way of Mooney Avenue and Palmetto Street and most of the right-of-way of Showers Lane. The proposed subdivision will create a separate lot for each of these existing structures, create one additional lot for a future residence and dedicate a portion of the "apparent" rights-of-way for Mooney Avenue, Palmetto Street and Showers Lane.

Existing Zoning: R5

Specific Action taken by the Commission:

Recommend approval to subdivide a 3.98 acres into lots 1-6 and accept dedication of existing street rights-of-way for Mooney Ave., Palmetto St., and Showers Ln. in accordance with survey by Robert G. Barrilleaux revised 8/4/2009

Stipulations or Special Conditions: None

Public Hearings: This case was tabled by P&Z on August 6th to allow Wanda Brown (heir to adjacent property) to hire a surveyor to confirm the location of the property line at Showers Lane. At the September 3 meeting she made the same request. In addition, Roosevelt McCray was present at both meetings to object. He is claiming to own the area shown as lot 6 on the plat where a brick home is located. However, the tax assessor shows Mr. McCray's property as fronting on Mooney surrounded by the church property, as shown on the plat.

Planning Commission Vote Results: 4-0 to recommend approval

Date presented to the City Council Clerk: 9/10/2009

Date to be on the Council Agendas:

Re: Glad

Gladys Williams 117 Showers Lane Hammond, Louisiana

Dear Sirs:

As counsel for Ms. Gladys Williams we enclose herewith a copy of a notice received by our client relative to her property which is evidently affected in some manner by a rezoning request as set out in the notice.

This letter will confirm our client's opposition to the rezoning, but apart from that, it appears that the owner applying for the rezoning may have encroached on our client's property. She is most concerned that she will not have sufficient time within which to obtain a survey or other examination of her boundaries to establish what affect this process will have on her property. Furthermore, as she is a resident owner of her property, she has some concerns as to the planned re-subdivision which will add significant traffic, possible noise, and other problems in her neighborhood.

Dupli code

City of Hammond Re: Gladys Williams August 27, 2009 Page 2

Ms. Williams indicated that she is planning on attending a hearing scheduled by your office on September 3, 2009. Unfortunately I will be out of the state at that time and unable to be in attendance. Any courtesies which can be extended to our client would be very much appreciated including the granting of additional time for her to establish her boundaries and also to conduct further investigation as to the planned use of the property which is subject of the rezoning request.

Your courtesies in this matter are very much appreciated.

11/1/

Paul L. Billingsley

CITY OF HAMMOND ORDINANCE Nº 09-5170 C.S. **Major Subdivision** Alack Refrigeration Co. Inc. Case#SDF2009-8-1

BE IT ORDAINED by the City Council of Hammond, Louisiana, that:

An Ordinance has been adopted approving Case#SDF2009-8-1 Major Subdivision requested by Alack Refrigeration Co. Inc. (Jason Reibert) at 17420 Hwy 190 East for final approval of Alack Business Park Subdivision and dedication of improvements with a almost nine (9) month maintenance bond in accordance with survey by Dennis L. Gowin and two (2) year performance bond for cul-de-sac; zoned C-3 As recommended by the Planning and Zoning Commission on September 3, 2009 and granting the applicant a waiver of the requirement to install the cul-de-sac prior to final approval in lieu of a twoyear Performance Bond in the amount of \$69,500 guaranteeing the construction of the cul-de-sac; and granting the applicant a waiver of the requirement to provide a one-year maintenance bond to allow for a maintenance bond in the amount of \$28,647.00 that will expire on June 30, 2010.

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on, September 15th 2009 of the Hammond City Council and discussed at a public meeting held on October 6th 2009; after motion and second was submitted to the official vote of the Hammond City Council.

On motion by Johnny Blount and Second by Jason Hood the foregoing ordinance was hereby declared adopted on October, 6th 2009 by the following roll call vote:

Votes: Johnny Blount (Y) Jason Hood (Y) Willie Jackson (Absent) Kathy Montecino (Y) Mike Williams (Y) Motion carried approved.

WHEREFORE the above and foregoing ordinance was declared duly adopted on this 6th day of October, in the year 2009, at Hammond, Tangipahoa Parish, Louisiana.

PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS That Alack Refrigeration Co., Inc. as Principal, hereinafter called Contractor, and Western Surety Company as Surety, hereinafter called Surety, are held and firmly bound unto City of Hammond, LA as Obligee, hereinafter called Owner, in the amount of Sixty-Nine Thousand Five Hundred Dollars and No/100 (\$69,500.00), for the payment whereof Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly, severally and in solido, firmly by these presents.

WHEREAS, Contractor is obligated to construct a cul-de-sac at the end of Arc Way, Alack Buisness Park
Subdivision - Hammond, LA in accordance with plans and specifications prepared by Cooper Engineering included September 17, 2009 (the "Plans") which Plans are by reference made a part hereof, and is hereinafter referred to as the obligation.

NOW THEREFORE, THE CONDITION OF THIS BOND is such that, if Contractor shall promptly and faithfully perform said obligation, then this bond shall be null and void; otherwise it shall remain in full force and effect.

Surety hereby makes a condition of the issuance of this bond the acceptance and agreement by the Obligee that this bond shall remain in effect for the term 10/6/09 to 10/6/11 and that this time limitation shall supersede to any all other requirements of the obligation or this bond shall be null and void and of no force and effect Whenever Contractor shall be, and declared by Owner to be in default under the obligation, the Surety may promptly remedy the default, or shall promptly:

- 1. Complete the obligation in accordance with the Plans, or
- 2. Obtain a bid or bids for submission to Owner for completing the obligation in accordance with the Plans, and upon determination by Owner and Surety of the lowest responsible bidder, arrange for a contract between such bidder and Owner, and make available as work progresses (even though there should be a default or a succession of defaults under the contract or contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof.

Any suit under this bond must be instituted before the expiration of one year from the date of expiration as described above.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the Owner, named herein or its successors or assigns.

Non-renewal by the Surety shall not constitute a loss recoverable by the Obligee under this bond.

Signed and sealed this 17th day of September, 2009.

Alack Refrigeration Co., Inc.

(Principal).

Ordinance 09-5165

(985) 845-1778

CITY OF HAMMOND ORDINANCE Nº 09-5164 C.S.

An Ordinance to renew the lease agreement between the City of Hammond and Downtown Hammond, LLC regarding the rental of 206 and 210 East Thomas St.

BE IT ORDAINED by the City Council of Hammond, Louisiana, that:

An ordinance has been accepted to authorize the Mayor to renew the lease agreement between the City of Hammond and Downtown Hammond, LLC regarding the rental of 206 and 210 East Thomas St. for a 3 year agreement with the option to terminate after the first year.

FIRST AMENDMENT OF LEASE

STATE OF LOUISIANA

PARISH OF TANGIPAHOA

KNOW ALL MEN BY THESE PRESENTS, THAT:

THIS FIRST AMENDMENT OF LEASE is made this _ day of July, 2009, between Downtown Hammond, LLC, hereinafter referred to as "Lessor", and The City of Hammond, hereinafter referred to as "Lessee".

WITNESSETH:

WHEREAS, on August 28, 2003, Harrison Stewart Cottages, Inc., as original Lessor and The City of Hammond executed that certain Lease, (as amended and assigned, the "Lease") with respect to certain Leased Premises located at 206 and 210 East Thomas Street, City of Hammond, State of Louisiana; and all as more particularly described in the Lease; and

WHEREAS, Downtown Hammond, LLC has succeeded to the interest of the original Lessor; and

WHEREAS, the last renewal term of the Lease commenced October 1, 2006 and will expire September 30, 2009 (the "First Renewal Term"); and

WHEREAS, Lessee and Lessor desire to extend the term of this Lease for an additional three (3) years (the "Second Renewal Term"); and

NOW, THEREFORE, For and in consideration of the mutual benefits to be derived by Lessor and Lessee, the parties hereby agree to amend the Lease as follows:

- 1. The Second Renewal Term shall commence October 1, 2009 and expire September 30, 2012.
- 2. During the Second Renewal Term, Lessor shall pay Rent as follows:

Year One (1):

\$3,912.52/month

\$46,950.24/year

Year Two (2): Year Three (3): \$4,108.15/month \$4,313.56/month \$49,297.80/year \$51,762.72/year

The above rental amount shall be payable in equal monthly installments and shall be due in

advance on or before the first day of each month.

Provided there has been no default by Lessee of any of the terms of this Lease, Lessee shall have the right to terminate this Lease following the expiration of the first full lease year of the Second Renewal Term ("Termination Right"). In order to exercise this Termination Right, Lessee shall provide Lessor with not less than one hundred eighty (180) days advanced written notice advising of Lessee's election to terminate the Lease. In the event Lessee elects to exercise its termination right as provided in this Paragraph Three (3), Lessee shall continue to remit all Rent due to Lessor through and including the effective Termination Date.

CITY OF HAMMOND

ORDINANCE Nº 09-5164 C.S.

An Ordinance to renew the lease agreement between the City of Hammond and Downtown Hammond, LLC regarding the rental of 206 and 210 East Thomas St.

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on July 7th, 2009 of the Hammond City Council and discussed at a public meeting held on July 21st 2009; after motion and second was submitted to the official vote of the Hammond City Council.

On motion by Jason Hood and Second by Kathy Montecino the foregoing ordinance was hereby declared adopted on July 21st, 2009 by the following roll call vote:

Votes: Johnny Blount (Y) Jason Hood (Y) Willie Jackson (Absent) Kathy Montecino (Y) Mike Williams (Y) Motion to carry to approve.

WHEREFORE the above and foregoing ordinance was declared duly adopted on this 21st day of July, in the year 2009, at Hammond, Tangipahoa Parish, Louisiana.

Hammond City

CERTIFICATE OF DELIVERY

In accordance with Home Rule Charter Article II, Section 2-12 (A), the above Ordinance was delivered to

the Mayor of the City of Hammond on the

the Mayor on the year (3)

day of Ald in the year (3)

KO o'clock and said delivery being within three (3) calendar days after adeption, exclusive of weekends and state holidays.

Clerk of Hammond City Council

CITY OF HAMMOND ORDINANCE N° 09-5163 C.S.

An ordinance authorizing the incurring of debt and issuance of a Sewer Revenue Bond, Series 2009 in an amount not to exceed \$900,000, by the City of Hammond, State of Louisiana; making application to the State Bond Commission for approval of said bonds; employing bond counsel, and providing for other matters in connection therewith.

BE IT ORDAINED by the City Council of the City of Hammond, State of Louisiana (the "Governing Authority"), acting as the governing authority of the City of Hammond, State of Louisiana (the "City"), that:

SECTION 1. <u>Authorization and Sale of Bond</u>. Pursuant to La. R.S. 39:1430 and La. R.S. 30:2079 (the "Act"), and other constitutional and statutory authority, the City of Hammond, State of Louisiana, (the "City") is hereby authorized to incur debt for the purpose of acquiring, constructing and installing improvements, extensions and additions to the sewerage system of the City, and to represent said indebtedness, the City shall issue its Sewer Revenue Bond, Series 2009, in an amount not exceeding Nine Hundred Thousand Dollars (\$900,000) (the "Bond"). The Bond shall be issued in the form of a single fully registered bond, dated the date of delivery thereof and numbered R-1. The Bond shall be non-interest bearing, and shall mature in a single installment not later than twenty (20) years from date thereof. The principal of the Bond will be subject to forgiveness as provided in Section 3 below, and will be subject to prepayment at any time, in whole or in part at the option of the City, at a price of par plus accrued interest to the date of prepayment.

Pursuant to the Act and La. R.S. 39:1426(B), the City has determined to sell the Bond at a private sale without the necessity of publishing any notice of sale. Accordingly, the Bond is hereby sold to the Louisiana Department of Environmental Quality, Municipal Facilities Revolving Loan Fund (the "Department"). The purchase price of the Bond shall be paid to the City by the Department in installments on an "as-needed" basis, and the date and amount of each installment of the purchase price shall be noted on the Bond and the obligation of the City to repay the principal of the Bond shall only accrue to the extent of the purchase price of the Bond theretofore paid by the Department.

SECTION 2. <u>Form and Execution of Bond</u>. The Bond shall be in substantially the form attached hereto as Exhibit A, and the Mayor and Clerk of the Council are authorized and directed on behalf of the City to execute, seal and deliver the Bond to the Department.

SECTION 3. Security for Bond; Principal Forgiveness. The Bond will be secured by and payable from the revenues of City's sewerage system (the "System"), subject to the prior payment of the reasonable and necessary costs and expenses of operating and maintaining the System, until the Bond is paid in full in accordance with its terms, all in accordance with the provisions of La. R.S. 30:2079, La. R.S. 39:1430 and other constitutional and statutory authority. The City shall budget and set aside from time to time as necessary sufficient of the net revenues of the System to pay the principal of the Bond when due.

However, it is understood that the terms of the purchase of the Bonds by the Department provide that the City's obligation to repay the principal of the Bond will be forgiven simultaneously with the payment by the Department of each installment of the purchase price of the Bond. Accordingly, it is anticipated that no payments of principal, interest or administrative fees to the Department will ever be due and payable on the Bonds. Notwithstanding any law or contractual provision to the contrary, the forgiveness at any time of any or all of the principal of the Bond theretofore advanced by the Department shall in no way extinguish the Bond or the obligation thereof with respect to the yet-to-be advanced portion of the principal thereof.

SECTION 4. Loan Documents. The (i) Commitment Agreement, (ii) Loan & Pledge Agreement and (iii) Supplemental Loan Agreement, in substantially the forms attached hereto as Exhibit B, are hereby approved, and the Mayor and Clerk of the Council are authorized to execute and deliver the aforesaid documents on behalf of the City, with such changes as may be deemed necessary, upon the advice of counsel, in connection with the Bond.

SECTION 5. <u>Authorization of Officers</u>. The Mayor and Clerk of the Council are hereby further authorized and directed, for and on behalf of the City, to accept, receive, execute, seal, attest and deliver all such additional documents, certificates and other instruments as are required in connection with the authorization, issuance, sale and delivery of the Bond and to take such further action as may be

appropriate or required by law or advised by bond counsel in connection with the authorization, issuance, sale and delivery of the Bond.

SECTION 6. State Bond Commission. Application is hereby made to the State Bond Commission, Baton Rouge, Louisiana, for approval of the issuance of the Bond. A certified copy of this ordinance shall be submitted to the State Bond Commission, together with a request for prompt consideration and approval of this application.

By virtue of the City's application for, acceptance and utilization of the benefits of the Louisiana State Bond Commission's approval(s) resolved and set forth herein, it resolves that the City understands and agrees that such approval(s) are expressly conditioned upon, and it further resolves that it understands, agrees and binds itself, its successors and assigns, to full and continuing compliance with the "State Bond Commission Policy on Approval of Proposed Use of Swaps, or other forms of Derivative Products Hedges, Etc.", adopted by the State Bond Commission on July 20, 2006, as to the borrowing(s) and other matter(s) subject to the approval(s), including subsequent application and approval under said Policy of the implementation or use of any swap(s) or other product(s) or enhancement(s) covered thereby.

SECTION 7. Employment of Bond Counsel. A real necessity is hereby found for the employment of special bond counsel in connection with the issuance of the Bond, and accordingly the law firm of Foley & Judell, LLP, Bond Counsel, is hereby employed as Bond Counsel to handle all matters of a legal nature in connection with the negotiation, sale, issuance and delivery of the Bond. Said special bond counsel shall prepare and submit to the City all proceedings necessary for the due authorization, issuance, sale and delivery of the Bond, shall counsel the City as to the issuance and sale of the Bond, and shall furnish its opinion covering the legality of the Bond. The fee of special bond counsel in this connection, which shall be contingent upon the delivery of the Bond, is hereby established and fixed at a sum not to exceed 0.75% of the Bond, plus "out-of-pocket" expenses. A certified copy of this ordinance shall be forwarded to the Attorney General of the State of Louisiana for his approval of the employment herein provided for.

SECTION 8. <u>Publication</u>; <u>Peremption</u>. A copy of this ordinance shall be published immediately after its adoption in one issue of the official journal of the City, provided that the exhibits to this ordinance (the form of Bond and the Agreements) need not be published but will instead be available for public inspection at the office of the Clerk of the Council during regular business hours on weekdays.

For a period of thirty (30) days from the date of such publication any person in interest shall have the right to contest the legality of this ordinance or of the Bond and the provisions securing the Bond. After the expiration of said thirty (30) days, no one shall have any right of action to contest the validity of the Bond or the provisions of this ordinance, and the Bond shall be conclusively presumed to be legal, and no court shall thereafter have authority to inquire into such matters.

SECTION 9. No Recourse on the Bond. No recourse shall be had for the payment of the Bonds or for any claim based thereon or on this ordinance against any member of the Governing Authority or officer of the City or any person executing the Bond.

SECTION 10. Effective Date. This ordinance shall take effect immediately.

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on July 7th, 2009 of the Hammond City Council and discussed at a public meeting held on July 21st 2009; after motion and second was submitted to the official vote of the Hammond City Council.

7.5 On motion by Kathy Montecino and Second by Jason Hood the foregoing ordinance was hereby declared adopted on July 21st, 2009 by the following roll call vote;

Votes: Johnny Blount (Y) Jason Hood (Y) Willie Jackson (Absent) Kathy Montecino (Y) Mike Williams The way of the state of the sta (Y) Motion to carry to approve. eteratore of meanings.

WHEREFORE the above and foregoing ordinance was declared duly adopted on this 21st day of

July, in the year 2009, at Hammond, Tangipahoa Parish, Louisiana.

THE CITY OF HAMMOND, STATE OF LOUISIANA (the "City"), promises to pay, but solely from the source and as hereinafter provided, to:

LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY

ATTN: Financial Services Division, Accounts Receivable
P. O. Box 4311
Baton Rouge, LA 70821-4311 (the "Department")

or registered assigns, on the dates and in the amounts as shown below, but solely from the revenues hereinafter specified, the principal amount stated above, on the Maturity Date stated above. This bond shall be non-interest bearing.

The purchase price of this Bond shall be paid by the Department to the City in installments. The date and amount of each purchase price installment, together with the amount of principal forgiveness associated therewith and the cumulative outstanding balance of this Bond, shall be noted on Schedule A attached hereto. Notwithstanding any law or contractual provision to the contrary, the forgiveness at any time of any or all of the principal of this Bond theretofore advanced by the Department shall in no way extinguish this Bond or the obligation of this Bond with respect to the yet-to-be advanced portion of the principal hereof.

This Bond represents the entire issue of bonds designated "Sewer Revenue Bond, Series 2009, of the City of Hammond, State of Louisiana" and this Bond is issued by the City pursuant to an ordinance adopted by its governing authority on July 21, 2009 (the "Ordinance"), for the purposes set forth in the Ordinance, under the authority conferred by La. R.S. 30:2079 and La. R.S. 39:1430, and other constitutional and statutory authority (collectively, the "Act").

The principal installments of this Bond are subject to prepayment by the City in the manner set forth in the Ordinance.

The payment of this Bond is secured by and payable from the revenues of City's sewerage system (the "System"), subject to the prior payment of the reasonable and necessary costs and expenses of operating and maintaining the System, until this Bond is paid in full in accordance with its terms, all in accordance with the provisions of the Act and the Ordinance. For a complete statement of the revenues from which and conditions under which this Bond is issued, reference is hereby made to the Ordinance.

It is certified that this Bond is authorized by and is issued in conformity with the requirements of the Constitution and statutes of this State. It is further certified, recited and declared that all acts, conditions and things required to exist, to happen and to be performed precedent to and in the issuance of this Bond necessary to constitute the same a legal, binding and valid obligations of the City have existed, have happened and have been performed in due time, form and manner as required by law, and that the indebtedness of the City, including this Bond, does not exceed any limitation prescribed by the Constitution and statutes of the State of Louisiana, and that this Bond shall not be invalid for any irregularity or defect in the proceedings for the issuance and sale thereof and shall be incontestable in the hands of *bona fide* purchasers or owners for value thereof.

IN WITNESS WHEREOF, the City has caused this Bond to be executed in its name by the signatures of its Mayor and Clerk of Council, and its official seal to be imprinted or impressed hereon.

CITY OF HAMMOND, STATE OF LOUISIANA

Anette A. Kirylo, Clerk Hammond City Council Honorable Mayson H. Foster Mayor, City of Hammond

A-2

I, the undersigned Clerk of the City Council of the City of Hammond, State of Louisiana (the "Governing Authority"), do hereby certify that the foregoing ______ (__) pages constitute a true and correct copy of an ordinance adopted by the Governing Authority on July 21, 2009, authorizing the incurring of debt and issuance of not to exceed \$900,000 of Sewer Revenue Bond, Series 2009, of the City of Hammond, State of Louisiana; making application to the State Bond Commission for approval of said bonds; employing bond counsel, and providing for other matters in connection therewith.

IN FAITH WHEREOF, witness my official signature and the impress of the official seal of said City at Hammond, Louisiana, on this, the 21st day of July, 2009.

Anette A. Birylo, Clerk Hammond City Council

UNITED STATES OF AMERICA STATE OF LOUISIANA PARISH OF TANGIPAHOA

SEWER REVENUE BOND, SERIES 2009 OF THE CITY OF HAMMOND, STATE OF LOUISIANA

Bond Number	Bond Date	Maturity Date	Principal Amount
R-1	November 17, 2009	November 1, 2029	\$800,000

THE CITY OF HAMMOND, STATE OF LOUISIANA (the "City"), promises to pay, but solely from the source and as hereinafter provided, to:

LOUISIANA DEPARTMENT OF ENVIRONMENTAL QUALITY

ATTN: Financial Services Division, Accounts Receivable
P. O. Box 4311
Baton Rouge, LA 70821-4311 (the "Department")

or registered assigns, on the dates and in the amounts as shown below, but solely from the revenues hereinafter specified, the principal amount stated above, on the Maturity Date stated above. This bond shall be non-interest bearing.

The purchase price of this Bone shall be paid by the Department to the City in installments. The date and amount of each purchase price installment, together with the amount of principal forgiveness associated therewith and the cumulative outstanding balance of this Bond, shall be noted on Schedule A attached hereto. Notwithstanding any law or contractual provision to the contrary, the forgiveness at any time of any or all of the principal of this Bond theretofore advanced by the Department shall in no way extinguish this Bond or the obligation of this Bond with respect to the yet-to-be advanced portion of the principal hereof.

This Bond represents the entire issue of bonds designated "Sewer Revenue Bond, Series 2009, of the City of Hammond, State of Louisiana" and this Bond is issued by the City pursuant to an ordinance adopted by its governing authority on July 21, 2009 (the "Ordinance"), for the purposes set forth in the Ordinance, under the authority conferred by La. R.S. 30:2079 and La. R.S. 39:1430, and other constitutional and statutory authority (collectively, the "Act").

The principal installments of this Bond are subject to prepayment by the City in the manner set forth in the Ordinance.

The payment of this Bond is secured by and payable from the revenues of City's sewerage system (the "System"), subject to the prior payment of the reasonable and necessary costs and expenses of operating and maintaining the System, until this Bond is

Honorable Mayson H. Foster Mayor of Hammond P. O. Box 2788 Hammond, LA. 70404

RE:Clean Water State Revolving Fund ARRA Project # 221740-01

Dear Mayor Foster:

On November 17, 2009 your municipality was awarded \$800,000 through the Louisiana Department of Environmental Quality's (LDEQ) Clean Water Revolving Loan Fund (CWSRF) through a grant from the American Recovery and Reinvestment Act for a waste water/sewer improvement project. These funds were awarded through a loan to your municipality. Although this loan carried zero percent (0%) interest with 100% principal forgiveness, your municipality issued a bond to the LDEQ for the full amount of the loan.

We have processed your final disbursement request on January 20, 2012 for a total draw of \$778,479.11. Since the project is officially completed, we are returning the bond "CANCELLED" to your municipality showing each disbursement fully forgiven. A copy of this letter should be provided to your auditors indicating that the bond has been cancelled and that the debt should not be included in future financial statements.

If you have any questions concerning this document or need further information on future financing for your infrastructure needs, please do not hesitate to contact Karyn Andrews at (225) 219-3863.

Sincerely,

Vince Sagnibene

Undersecretary

CITY OF HAMMOND ORDINANCE Nº 09-5162 C.S.

An Ordinance to extend the lease agreement between the City of Hammond and Salvadore A. Tallo

BE IT ORDAINED by the City Council of Hammond, Louisiana, that:

An ordinance has been accepted to authorize the Mayor to extend the lease agreement between the City of Hammond and Salvadore A. Tallo for an additional five years until December 31, 2018 for a property pertaining to a plot of land surveyed by Roy Edwards, R. C. Edwards Professional Land Surveyors August 12, 1999 containing 0.1753 acres at the corner of Southwest Railroad Avenue and West Coleman Avenue.

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on **June 16th**, **2009** of the Hammond City Council and discussed at a public meeting held on July 21st 2009; after motion and second was submitted to the official vote of the Hammond City Council.

On motion by Jason Hood and Second by Kathy Montecino the foregoing ordinance was hereby declared adopted on July 21st, 2009 by the following roll call vote:

Votes: Johnny Blount (Y) Jason Hood (Y) Willie Jackson (Absent) Kathy Montecino (Y) Mike Williams (Y) Motion to carry to approve.

WHEREFORE the above and foregoing ordinance was declared duly adopted on this 21st day of July, in the year 2009, at Hammond, Tangipahoa Parish, Louisiana.

Michael A. Williams

President, Hammond City Council

Honorable Mayson H. Foster Mayor, City of Hammond

Mayor of the City of Hammond on day of his in the year 7007 30 colock 9 .m., in accordance with arter Article II, Section 2-12 (B).

Hammond City Council An Ordinance to extend the lease agreement between the City of Hammond and Salvadore A. Tallo

SECOND LEASE ADDENDUM

STATE OF LOUISIANA PARISH OF TANGIPAHOA

Before the undersigned Notary Public(s) duly qualified, personally came and appeared the CITY OF HAMMOND, ("COH") represented herein by its Mayor, Mayson H. Foster, as authorized by Ordinance No. 09-5162 C.S. of the City Council of the City of Hammond, and SALVADORE A. TALLO, a person of the full age of majority ("Tallo") who after being duly sworn did depose and say they do stipulate and agree as follows:

WHEREAS, the COH and Tallo entered into a lease agreement dated December 7, 1993 (the "Lease") pertaining to a plot of land surveyed by Roy Edwards, R. C. Edwards Professional Land Surveyors August 12, 1999 containing 0.1753 acres at the corner of Southwest Railroad Avenue and West Coleman Avenue as set forth in the Lease and specifically incorporated herein; and

WHEREAS, the Lease was extended by execution of an option in September, 1998 by Tallo; and WHEREAS, the Lease was amended by a Lease Addendum dated October 20, 1999 granting an additional two (2) renewal option periods, consisting of five (5) years each; and

WHEREAS, Tallo has exercised said options and extended the term of the Lease through December 31, 2013; and

WHEREAS, the leased property has limited use and the Lease allows the COH the continued use of the leased property; and

WHEREAS, the COH does not require the exclusive use of the leased property for a public purpose; and

WHEREAS, the continued use of the leased property by Tallo under the Lease will provide additional incentive for Tallo to improve his adjoining property situated within the City.

NOW THEREFORE, the parties agree to further amend the Lease as follows:

- 1. <u>Term.</u> Tallo is given five additional five year options to renew the term of the Lease commencing as of the expiration of the existing term. If Tallo intends to exercise an option, he must give written notice to the COH at the address set forth below no later than sixty (60) days prior to the end of the then existing term. Failure to timely provide notice shall result in the forfeiture of all remaining options.
- 2. Rent. The monthly rent for the first option term shall be \$100.00 per month and the monthly rent for each additional option term shall be increased by a percentage equal to the percentage increase, if

any, of the Consumer Price Index - All Urban Consumers ("CPI") U. S. City Average - All Items

(1982-84-100), issued and published by the Bureau of Labor Statistics of the United States Department

of Labor, or if the CPI is no longer published, a successor or substitute index issued by a reliable

governmental or non-partisan publication selected by the COH. The increase shall be determined by

comparing the CPI published on the date closest to the date preceding the beginning of the existing

option term with the CPI published on the date closest to the date preceding the end of the fifth year of

the existing option term. The rent shall be increased by such percentage increase and fixed for that

option term. In no event shall there be a decrease in rent.

3. <u>Use of Leased Property by COH</u>. The COH shall be allowed the non-exclusive use of the leased

property during the entire term of the Lease. In addition, the COH has the right and authority to access

any utility lines or sewer lines within, on or under the leased property. In the event it is necessary for the

COH to gain access to any sewer or utility lines for any purpose, the COH shall not be required to

renovate, restore or repair the leased property as a result of such access.

4. <u>Default</u>. In the event either party fails to comply with this Agreement, then the other party is

entitled to all rights and remedies under Louisiana law, including the right to demand specific

performance. In addition, any party in default of the Lease shall be responsible for payment of attorney

fees and costs incurred by the party seeking enforcement of the Lease.

5. <u>No Commission</u>. The COH and Tallo represent that there are no real estate agents involved and

no commissions are or will be owed.

6. No Sublease or Assignment. Tallo may not sublease or assign the Lease without written approval

of the COH.

7. <u>Notices</u>. Notices hereunder shall be in writing signed by the party serving the same and shall be

sent to the following addresses:

If intended to COH:

If intended to Tallo:

City of Hammond 310 East Charles Street

Hammond, LA 70401

Salvadore A. Tallo

115 East Thomas Street

Hammond, LA 70401

All notices, demands and requests by either party to the other shall be deemed effective upon the

earlier of (A) personal delivery, or (B) three (3) days after deposit in United States registered or certified

mail, postage prepaid, return receipt requested, or (C) one (1) day after deposit with an overnight courier

service for next day delivery, with postage prepaid, or (D) actual delivery if transmitted by facsimile

during normal business hours (8:00 a.m. -5:00 p.m.) for the recipient, provided, however, that the same

notice is also deposited on the same day with an overnight courier service in compliance with (C) above,

all addressed to the other party at its address set forth above, or at such other place as it may from time to time designate in a written notice to the other party.

- 8. <u>Survival of Terms</u>. This addendum shall be subject to the terms and conditions contained in the Lease, and, except where expressly modified herein, shall be deemed and considered to have been inclusive of the original terms and conditions as if recited in full herein and are hereby ratified and confirmed.
- 9. <u>Multiple Counterparts</u>. This agreement may be executed in multiple counterparts.

STATE OF LOUISIANA

ACT OF DONATION

PARISH OF TANGIPAHOA

PARISH OF TANGIPAHOA
BEFORE THE UNDERSIGNED, a Notary Public, personally came and appeared: The Tangipahoa Water
District, herein appearing through its duly authorized President, Mr. Lawrence Byers, acting in accord with
resolution of the Water District passed on, 2009, who did state that the said Tangipahoa Water
District does donate, convey, transfer, setover and deliver unto the City of Hammond, represented herein by it
Mayor, Mayson Foster, in accord with resolution of the Hammond City Council passed on the day of June
2009, the following described property, to-wit:
 The right, privilege and franchise to conduct and carry on in the Parish of Tangipahoa the business of producing, distributing and selling water and water services held by donor.
 All water lines, valves, meters, servitudes, tanks, rights of way, pipes and other equipment or property of whatever nature, kind or description used in the distribution and selling of water by the donor, but excluding any assets related to the delivery and operation of a sewerage system.
To have and to hold unto the said City of Hammond, its, successors and assigns in full property forever
with full and general warranty of title and free and clear of all liens and encumbrances.
Donor further agrees to indemnify, hold harmless and defend donee from any and all claims or demand
which may be made upon donee arising wholly or partially from any water services provided by donor prior to the
effective date of this donation.
And now appears the City of Hammond who accepts said donation.
THUS EXECUTED at Hammond, Parish of Tangipahoa, State of Louisiana, on this day o
, 2009, in the presence of the two undersigned competent
witnesses and the undersigned Notary Public, all of whom affix their signature after due reading of the whole.

City Council Agenda Request From Planning & Zoning

Date of Planning & Zoning Meeting: 05-07-2009

Item to be presented to the Council (Ordinance):

Case#SDF2009-4-1-Major Subdivision request by HAEIDD & Hammond Business Park LLP (James D. Kofoed) for final subdivision approval with modifications of Lot B-1 into Lots B-1A & B-1B and dedication of improvements for HAEIDD Business Park Phase 1 in accordance with amended final plat by Dennis L. Gowin, surveyor; zoned L

Brief Description of the Property:

The first phase of a 162+ acre Business Park subdivision. Phase I includes a 100' right of way culminating in a cul de sac. The south half of a proposed 4 lane boulevard has been paved and is being dedicated along with the 100' right of way. A city sewer main and parish water line are located in the north half of the right of way.

Existing Zoning: L

Specific Action taken by the Commission:

Recommend approval of the Amended Final Plat of HAEIDD Business Park, Phase 1 and acceptance of the dedication of the improvements in accordance with the survey by Dennis L. Gowin, dated 4-08-09, revised 5-06-09, with the following conditions:

- 1. That the drainage structure noted in the Review Engineers comments is repaired,
- 2. That a two-year property bond (as presented by J. Seal at the meeting) for the cul de sac improvements be provided and approved by the City Attorney prior to Council approval;
- 3. That the required one-year maintenance bond is waived, as requested by the applicant, by the City Council.

Stipulations or Special Conditions:

Ordinance should include verbiage as follows: "Final approval of Amended Final Plat of HAEIDD Business Park, Phase I and acceptance of dedication of 100' right-of-way, two-lane paved roadway on south half of HAEIDD Drive right-of-way and public improvements all in accordance with survey by Dennis L. Gowin dated April 8,2009 Revised May 6, 2009 (attached herewith); acceptance of a two- year property bond for the construction of the Phase 1 cul-de-sac; and waiving the required one- year maintenance bond

Planning Commission Vote Results: 4-0 for Approval

Date presented to the City Council Clerk: 5/15/2009

Date to be on the Council Agendas:

Introduction -05/05/2009 and Final -05/19/2009

EXHIBIT A

CITY OF HAMMOND ORDINANCE N° 09-5152 C.S.

AN ORDINANCE REGARDING DOMESTIC ABUSE BATTERY

BE IT ORDAINED by the City Council of Hammond, Louisiana, that:

A. The Code of Ordinances, City of Hammond Louisiana Chapter 21 be amended to include the following:

Sec. 21-35.3. Domestic Abuse Battery.

- A. Domestic abuse battery is the intentional use of force or violence committed by one household member upon the person of another household member without the consent of the victim.
- B. For purposes of this Section the term "household member" means any person of the opposite sex presently living in the same residence or living in the same residence within five years of the occurrence of the domestic abuse battery with the defendant as a spouse, whether married or not, or any minor child presently living in the same residence or living in the same residence within five years immediately prior to the occurrence of domestic abuse battery, or any biological minor child of the offender regardless of where the child resides.
- C. On a first conviction, notwithstanding any other provision of law to the contrary, the offender shall be fined not less than three hundred dollars nor more than one thousand dollars and shall be imprisoned for not less than ten days nor more than six months. Imposition or execution of sentence shall not be suspended unless:
- (1) The offender is placed on probation with a minimum condition that he serve two days in jail and participate in a court-approved domestic abuse prevention program, and the offender shall not own or possess a firearm throughout the entirety of the sentence; or
- (2) The offender is placed on probation with a minimum condition that he perform four eighthour days of court-approved community service activities and participate in a court-approved domestic abuse prevention program, and the offender shall not own or possess a firearm throughout the entirety of the sentence.
- D. On a conviction of a second offense, notwithstanding any other provision of law to the contrary, regardless of whether the second offense occurred before or after the first conviction, the offender shall be fined not less than seven hundred fifty dollars nor more than one thousand dollars and shall be imprisoned for not less than thirty days nor more than six months. At least forty-eight hours of the sentence imposed shall be served without benefit of parole, probation, or suspension of sentence. Imposition or execution of the remainder of the sentence shall not be suspended unless:
- (1) The offender is placed on probation with a minimum condition that he serve fifteen days in jail and participate in a court-approved domestic abuse prevention program, and the offender shall not own or possess a firearm throughout the entirety of the sentence; or
- (2) The offender is placed on probation with a minimum condition that he perform thirty eighthour days of court-approved community service activities and participate in a court-approved domestic abuse prevention program, and the offender shall not own or possess a firearm throughout the entirety of the sentence.
- E. (1) For purposes of determining whether a defendant has a prior conviction for violation of this Section, a conviction under this Section or a conviction under the laws of any state or an ordinance of a municipality, town, or similar political subdivision of another state which prohibits the intentional use of force or violence committed by one household member upon another household member of the opposite sex presently or formerly living in the same residence with the defendant as a spouse, whether married or not, shall constitute a prior conviction. This determination shall be made by the court as a matter of law.

- (2) For purposes of this Section, a prior conviction shall not include a conviction for an offense under this Section if committed more than ten years prior to the commission of the crime for which the defendant is being tried, and such conviction shall not be considered in the assessment of penalties hereunder. However, periods of time during which the offender was incarcerated in a penal institution in this or any other state shall be excluded in computing the ten-year period.
- F. An offender ordered to participate in a domestic abuse prevention program required by the provisions of this Section shall pay the cost incurred in participation in the program. Failure to make such payment shall subject the offender to revocation of probation, unless the court determines that the offender is unable to pay.

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on May 5th, 2009 of the Hammond City Council and discussed at a public meeting held on May 19th 2009; after motion and second was submitted to the official vote of the Hammond City Council.

On motion by Kathy Montecino and Second by Willie G. Jackson the foregoing ordinance was hereby declared adopted on May 19th, 2009 by the following roll call vote:

OFFENSES AND MISCELLANEOUS PROVISIONS

Sec. 21-120.2 Disturbing the peace; excessive noise.

- (a) In addition to any other violation of this Chapter, it shall be unlawful to disturb the peace by making or causing to be made any loud and raucous noise in the City which is offensive to persons of ordinary sensibilities and which renders the enjoyment of life or property uncomfortable or interferes with the public peace and comfort.
- (b) The following acts, among others, are declared to create loud and raucous noises and shall be deemed a violation of this section, but such enumeration shall not be deemed to be exclusive:
- (1) The playing of any radio, phonograph, tape, compact disc, musical instrument or any other machine or device capable of producing or reproducing sound, from a stationary location in such a manner, or with such volume as to disturb the peace, quiet, comfort, or repose of persons in any dwelling, apartment, hotel, or other type of residence or in any public place.
- (2) The sounding of any horn or other auditory signaling device on or in any motor vehicle on any public right-of-way or public space, except as a warning of danger.
- (3) The sounding of any horn or signal device on any automobile, motorcycle, bus, streetcar, or other vehicle, except as a danger signal, as required by state law.
- (4) The use of any automobile, motorcycle, bus, streetcar, bus, or vehicle so out of repair or so loaded, which emits or creates loud grating, grinding, or rattling noise.
- (5) The blowing of any steam whistle attached to any stationary boiler, except to give notice of the time to begin or stop work or as a warning of danger.
- (6) The discharge into the open air of the exhaust of any stationary steam engine, stationary internal combustion engine, or motor boat engine, except through a muffler or other device which will effectively and efficiently prevent loud noises.
- (7) The discharge into the open air of the exhaust from any motor vehicle except through a muffler, or other device, which will effectively and efficiently prevent loud and raucous noises.
- (8) The creation of loud and raucous noise by construction work in or adjacent to a residential area other than between the hours of 7:00 a.m. and 7:00 p.m. on weekdays and Saturdays, except in the case of urgent necessity in the interest of public safety for which permission must be obtained from the Mayor or his designee. "Construction work" includes but is not limited to the erection, excavation, demolition, alteration, or repair of any building.
- (9) The creation of loud and raucous noise by an industrial facility, located in or adjacent to a residential area, which interferes with the public peace and comfort, other than between the hours of 7:00 a.m. and 7:00 p.m. on weekdays.
- (10) The creation of loud and raucous noise on any street adjacent to any school or court which is in session or adjacent to any hospital; provided, that conspicuous signs are located in such streets indicating that schools, hospitals, and courts are adjacent thereto.
- (11) The shouting and crying of peddlers, hawkers and vendors which disturbs the quiet and peace of residentially zoned areas.

- (12) The operating or causing to be operated any recreational motorized vehicle on a public right-of-way or on private property in such a manner that the sound level emitted therefrom disturbs the peace, quiet, comfort, or repose of persons in any dwelling, apartment, hotel, or other type of residence or of persons in any public place. This subsection shall apply to all recreational motorized vehicles, whether or not fully licensed and registered, including but not limited to commercial or noncommercial racing vehicles, motorcycles, go-carts, minibikes, snowmobiles, amphibious craft, campers and dune buggies, but not including motorboats.
- (c) Whoever commits the crime of excessive noise shall be fined not more than five hundred dollars per occurrence or imprisoned for not more than sixty days, or both, at the discretion of the judge.
- (d) The City Council shall have the authority grant special variances by resolution of the Council which may be requested when they find or determine that:
- 1. Strict conformance with the provisions of this section would cause a hardship upon any person; or
- 2. The offending noise will be for a short duration and compliance with this section will be impractical; or
- 3. The benefit in the community of the activity creating the offending noise is greater than the adverse effect on the community of the noise created; or
- 4. The applicant needs additional time to modify equipment or take other action in order to comply with the provisions of this section.

(e) Exceptions.

- 1. Airport and aircraft operations. Nothing in this section shall be construed to prohibit, restrict, penalize, enjoin or in any manner regulate the movement of aircraft which are in all respects conducted in accordance with or pursuant to applicable federal laws or regulations.
- 2. Public functions. Nothing in this section shall be construed to prohibit, restrict, penalize, enjoin or in any manner regulate any public or private school function, including sporting events where the function occurs on the property of the school or on property where the function is conducted.
- 3. Governmental activities. Nothing in this section shall be construed to prohibit, restrict, penalize, enjoin or in any manner regulate any federal, state or local governmental agency or any employee or agent of the same in the fulfillment of any official duty or activity sanctioned by or on behalf of the governmental agency.
- B. Be it further ordained that if any provision of this Ordinance is held invalid, such invalidity shall not effect other provisions, items, or applications of this Ordinance, which can be given effect without the invalid provisions, items or application, and to this end the provisions of this Ordinance are hereby declared severable.

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on April 21st, 2009 of the Hammond City Council and discussed at a public meeting held on May 5th 2009; after motion and second was submitted to the official vote of the Hammond City Council.

On motion by Jason Hood and Second by Kathy Montecino the foregoing ordinance was hereby declared adopted on May 5th, 2009 by the following roll call vote:

ARTICLE 3- SUBSURFACE DRAINAGE

SECT. 28-30

STORMWATER

Art. I.	General Provisions, 28-30.1—28-30.3
Art. II.	Abbreviations and Definitions, 28-30.4—28-30.5
Art. III.	User Requirements, 28-30.6—28-30.10
Art. IV.	Stormwater Discharge from Construction Activities, 28-30.11—28-30.12
Art. V.	Grading Permit, 28-30.13—28-30.20
Art. VI	Compliance Monitoring, 28-30.21
Art. VII.	Penalties and Enforcement, 28-30.22—28-30.26
Art. VIII.	Citizen Participation, 28-30.27
Art. IX.	Miscellaneous Provisions, 28-30.28

ARTICLE I. GENERAL PROVISIONS

Sec. 28-30.1 Title.

This chapter shall be known as the "Stormwater Code of the City of Hammond, Louisiana" and may be cited and referred to herein as "this chapter."

Sec. 28-30.2 Purpose.

The purpose and objectives of this chapter are as follows:

- (1) To maintain and improve the quality of surface water and groundwater within the City of Hammond;
- (2) To prevent the discharge of contaminated stormwater runoff from industrial, commercial, residential, and construction sites into the municipal separate storm sewer system (MS4) and natural waters affected by the City of Hammond;
- (3) To promote public awareness of the hazards involved in the improper discharge of hazardous substances, petroleum products, household hazardous waste, industrial waste, sediment from construction sites, pesticides, herbicides, fertilizers, and other contaminants into the storm sewers and natural waters of the City of Hammond;
- (4) To encourage the recycling of used motor oil and safe disposal of other hazardous consumer products;
- (5) To facilitate compliance with state and federal standards and permits by owners and operators of industrial and construction sites within the City of Hammond; and
- (6) To enable the City of Hammond to comply with all federal and state laws and regulations applicable to stormwater discharge.

Sec. 28-30.3 Administration.

Except as otherwise provided herein, the city building official shall administer, implement, and enforce the provisions of this chapter. Any powers granted to or duties imposed upon the city building official shall be carried out by that person and may be delegated by the city building official to other city personnel.

ARTICLE II. ABBREVIATIONS AND DEFINITIONS

Sec. 28-30.4 Abbreviations.

BMP—Best management practices.

BTEX—Benzene, toluene, ethylbenzene and xylene.

CFR—Code of Federal Regulations.

COH—City of Hammond

DEQ – Louisiana Department of Environmental Quality

DHH – Louisiana Department of Health and Hospitals

EPA—U.S. Environmental Protection Agency

HHW—Household hazardous waste.

mg/l-Milligram per liter.

MS4—Municipal separate storm sewer system.

NOI-Notice of intent.

NOT—Notice of termination.

NPDES—National pollution discharge elimination system.

ppb—Parts per billion.

PST—Petroleum storage tank.

RPE—Registered professional engineer.

RQ—Reportable quantity.

SWPPP—Stormwater pollution prevention plan.

TPH—Total petroleum hydrocarbon.

Sec. 28-30.5 Definitions.

Agricultural stormwater runoff. Any stormwater runoff from cultivated crops, pastures, and other nonpoint source agricultural activities, but not discharges from concentrated animal feeding operations as defined in 40 CFR Section 122.3 or discharges from concentrated aquatic animal production facilities as defined in 40 CFR Section 122.24.

Back washing: The rinsing and /or cleaning of cartridge or sand filters.

Best management practices (BMP): Schedules of activities, prohibitions of practices, maintenance procedures, and other management practices to prevent or reduce the pollution of waters of the United States. BMPs also include treatment requirements, operating procedures, and practices to control plant site runoff.

Cellar dirt: Construction site waste materials such as natural rock and soil overburden.

City: City of Hammond, Louisiana.

City Building Official: The person appointed by the mayor to the position of city building official, or his/her duly authorized representative.

City engineer: The person appointed by the mayor to the position of city engineer, or his/her duly authorized representative.

Commencement of construction: The disturbance of soils associated with clearing, grading, excavating activities, or other construction activities.

Commercia: Pertaining to any business, trade, industry, or other activity engaged in for profit.

Compliance officer: The person appointed by the mayor to the position of compliance officer, or his/her duly authorized representative. The compliance officer is the city building official or his/her duly authorized representative.

Contaminated: Pertaining to containing a harmful quantity of any substance.

Contamination: Pertaining to the presence of or entry into a public water supply system, the MS4, waters of the state, or waters of the United States of any substance which may be deleterious to the public health and/or quality of the water.

Cosmetic cleaning: Pertaining to cleaning done for cosmetic purposes. It does not include industrial cleaning, cleaning associated with manufacturing activities, hazardous or toxic waste cleaning, or any cleaning otherwise regulated under federal, state, or local laws.

Department of Environmental Quality (DEQ): The Louisiana Department of Environmental Quality, whose mission is to provide service to the people of Louisiana through comprehensive environmental protection in order to promote and protect health, safety and welfare while considering sound policies regarding employment and economic development.

Department of Health and Hospitals (DHH): The Louisiana Department of Health and Hospitals, whose mission is to protect and promote health and to ensure access to medical, preventive, and rehabilitative services for all citizens of the State of Louisiana.

Director of planning and development: The person appointed by the mayor to the position of director of planning and development, or his/her duly authorized representative.

Director of public works: The person appointed by the mayor to the position of director of public works, or his/her duly authorized representative.

Director of utilities: The person appointed by the mayor to the position of director of utilities, or his/her duly authorized representative.

Discharge: Any addition or introduction of any pollutant, stormwater, or any other substance whatsoever into the municipal separate storm sewer system (MS4) or into waters of the United States.

Discharger: Any person who causes, allows, permits, or is otherwise responsible for, a discharge, including, without limitation, any operator of a construction site or industrial facility.

Domestic sewage: Human excrement, gray water (from home clothes washing, bathing, showers, dishwashing, and food preparation), other wastewater from household drains, and waterborne waste normally discharged from the sanitary conveniences of

dwellings, office buildings, industrial sites, and institutions, that is free from industrial waste.

Environmental Protection Agency (EPA): The United States Environmental Protection Agency, the regional office thereof, any federal department, agency, or commission that may succeed to the authority of the EPA, and any duly authorized official of EPA or such successor agency.

Extremely hazardous substance: Any substance listed in the appendices to 40 CFR Part 355, Emergency Planning and Notification.

Facility: Any building, structure, installation, process, or activity from which there is or may be a discharge of a pollutant.

Final stabilization: Stabilization of least seventy (70) per cent of the project site.

Fire code: The "Fire Prevention and Protection" chapter of the City Code.

Fire protection water: Any water, and any substance or materials contained therein, used by any person other than the fire department to control or extinguish a fire.

Garbage: Putrescible animal and vegetable waste material from the handling, preparation, cooking, or consumption of food, including waste materials from markets, storage facilities, and the handling and sale of produce and other food products.

Grading permit: Permit to commence grading or other land disturbance activity prior to obtaining a building permit.

Harmful quantity: The amount of any substance that will cause pollution of water in the state.

Hazardous household waste (HHW): Any waste generated in a household by a consumer which, except for the exclusion provided in 40 CFR Part 261.4(b) (1), would be classified as a hazardous waste under 40 CFR Part 302.

Hazardous substance: Any substance listed in Table 302.4 of 40 CFR 302.

Hazardous waste: Any substance identified or listed as a hazardous waste by EPA pursuant to 40 CFR Part 261.

Industrial waste: Any waterborne liquid or solid substance that results from any process of industry, manufacturing, production, trade, or business.

Mobile commercial cosmetic cleaning: Any power washing, steam cleaning, and other mobile cosmetic cleaning operation, of vehicles and/or exterior surfaces, engaged in for commercial purposes.

Motor vehicle fuel: Any vehicle crankcase oil, antifreeze, transmission fluid, brake fluid, differential lubricant, gasoline, diesel fuel, gasoline/alcohol blend, and any other fluid used in a motor vehicle.

Municipal landfill or landfill: An area of land or an excavation in which municipal solid waste is placed for permanent disposal, and which is not a land treatment facility, a surface impoundment, an injection well, or a pile.

Municipal separate storm sewer system (MS4): The system of conveyances, gutters, ditches, manmade channels, or storm drains owned and operated by the city and designated or used for collecting or conveying stormwater, and which is not used for collecting or conveying sewage.

Municipal solid waste: Solid waste resulting from or incidental to municipal, community, commercial, institutional, or recreational activities, and includes garbage, rubbish, ashes, street cleanings, dead animals, abandoned automobiles, and other solid waste other than industrial waste.

NPDES general permit for stormwater discharges associated with industrial activity or industrial general permit: The Industrial General Permit issued by EPA on August 27, 1992 and published in Volume 57 of the Federal Register at page 41304 on September 9, 1992, and any subsequent modifications or amendments thereto.

NPDES general permit for stormwater discharges from construction sites or construction general permit: The construction general permit issued by EPA on August 27, 1992, and published in Volume 57 of the Federal Register at page 41217 on September 9, 1992, and any subsequent modifications or amendments thereto.

NPDES permit: A permit issued by EPA (or by the state under authority delegated pursuant to 33 USC 1342 (b)) that authorizes the discharge of pollutants to waters of the United States, whether the permit is applicable on an individual, group, or general area-wide basis.

Nonpoint source: Any source of any discharge of a pollutant that is not a "point source".

Notice of intent (NOI): The notice of intent that is required by either the industrial general permit or the construction general permit.

Notice of termination (NOT): The notice of termination that is required by either the industrial general permit or the construction general permit.

Oil: Any kind of oil in any form, including, but not limited to, petroleum, fuel oil, and pressure, sludge, oil refuse, and oil mixed with waste.

Operator: The person or persons who, either individually or taken together, meet the following two (2) criteria: (1) they have operational control over the facility specifications (including the ability to make modifications in specifications); and (2) they have the day-to-day operational control over those activities at the facility necessary to ensure compliance with pollution prevention requirements and any permit conditions.

Owner: The person who owns a facility or part of a facility.

Person: Any individual, partnership, firm, company, corporation, association, joint stock company, trust, estate, government entity, or any other legal entity; or their legal representatives, agents, or assigns. This definition includes all federal, state, and local entities.

Petroleum product: A petroleum product that is obtained from distilling and processing crude oil, and that is capable of being used as a fuel for the propulsion of a motor vehicle or aircraft, including motor gasoline, gasohol, other alcohol blended fuels, aviation gasoline, kerosene, distillate fuel oil, and #1 and #2 diesel.

Petroleum storage tank (PST: Any one or combination of above ground or underwater storage tanks that contain petroleum products and any connecting underground pipes.

Point source: Any discernable, confined, and discrete conveyances, including, but not limited to, any pipe, ditch, channel, tunnel, conduit, well discrete fissure, container, rolling stock, concentrated animal feeding operation, landfill leachate collection system, vessel or other floating craft from which pollutants are or may be discharged. This term does not include return flows from irrigated agriculture or agricultural stormwater runoff.

Pollutan: Dredged spoil, solid waste, incinerator residue, sewage, garbage, sewage sludge, munitions, chemical waste, biological material, radioactive material, heat, wrecked or discarded equipment, rock, sand, cellar dirt, and industrial, municipal, and agricultural wastes discharged into water. The term "pollutant" does not include tail water or runoff water from irrigation or rainwater runoff from cultivated or uncultivated pasture land or farm land.

Pollution: The alteration of the physical, thermal, chemical, or biological quality of, or the contamination of, any water in the state that renders the water harmful, detrimental, or injurious to humans, animal life, vegetation, or property, or to the public

health, safety, or welfare, or impairs the usefulness of public enjoyment of the water for any lawful or reasonable purpose.

Registered landscape architect (RLA): A person who has been duly licensed and registered to practice landscape architecture.

Registered professional engineer (RPE): A person who has been duly licensed and registered by the state board of registration for professional engineers to engage in the practice of engineering in the State of Louisiana.

Release: Any spill, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the municipal separate storm sewer system (MS4) or the waters of the United States.

Reportable quantity (RQ): For any "hazardous substance," the quantity established and listed in Table 302; for any "extremely hazardous substances," the quantity established in 40 CFR Part 302; for any "extremely hazardous substance," the quantity established in 40 CFR Part 355 and listed in Appendix A thereto.

Rubbish: Nonputrescible solid waste, excluding ashes, that consist of (a) combustible waste materials, including paper, rags, cartons, wood, furniture, rubber, plastics, yard trimmings, leaves, and similar materials; and (b) noncombustible waste materials, including glass, crockery, tin cans, aluminum cans, metal furniture, and similar materials that do not burn at ordinary incinerator temperatures (1,600 to 1,800 degrees Fahrenheit).

Sanitary sewer or sewer: The system of pipes, conduits, and other conveyances, which carry industrial waste and domestic sewage from residential dwellings, commercial buildings, industrial and manufacturing facilities, and institutions, whether treated or untreated, to the city sewage treatment plant (and to which stormwater, surface water, and groundwater are not intentionally admitted).

Septic tank waste: Any domestic sewage from holding tanks such as vessels, chemical toilets, campers, trailers, and septic tanks.

Service station: Any retail establishment engaged in the business of selling fuel for motor vehicles that is dispensed from stationary storage tanks.

Sewage or sanitary sewage: The domestic sewage and/or industrial waste that is discharged into the city sanitary sewer system and passes through the sanitary sewer system to the city sewage treatment plant for treatment.

Site: The land or water area where any facility or activity is physically located or conducted including adjacent land used in connection with the facility or activity.

Solid waste: Any garbage, rubbish, refuse, sludge from a waste treatment plant, water supply treatment plant, or air pollution control facility, and other discarded material including solid, liquid, semi-solid, or contained gaseous material resulting from community and institutional activities.

State: State of Louisiana.

Stormwater: Stormwater runoff, snow melt runoff, surface runoff and drainage.

Stormwater discharge associated with industrial activity: The discharge from any conveyances which is used for collecting and conveying stormwater and which is directly related to manufacturing, processing, or raw materials storage areas at or directly related to manufacturing, processing, or raw materials storage areas at an industrial plant which is within one (1) of the categories of facilities listed in 40 CFR 122.26 (b) (14), and which is not excluded from EPA's definition of the same term.

Stormwater pollution prevention plan (SWPP: A plan required by either the construction general permit or the industrial general permit and which describes and ensures the implementation of practices that are to be used to reduce the pollutants in stormwater discharges associated with construction or other industrial activity at the facility.

Uncontaminated: Not containing a harmful quantity of any substance.

Used oil (or used motor oil): Any oil that has been refined from crude oil or synthetic oil that, as a result of use, storage, or handling has become unsuitable for its original purpose because of impurities or the loss of original properties, but that may be suitable for further use and is recyclable in compliance with state and federal law.

Water in the state (or water: Any groundwater, percolating or otherwise, lakes, bays, ponds, impounding reservoirs, springs, rivers, streams, creeks, estuaries, marshes, inlets, canals, the Gulf of Mexico, inside the territorial limits of the state, and all other bodies of surface water, natural or artificial, inland or coastal, fresh or salt, navigable or nonnavigable, and including the beds and banks of all water courses and bodies of surface water, that are wholly or partially inside or bordering the state or inside the jurisdiction of the state.

Water quality standard: The designation of a body or segment of surface water in the state for desirable uses and the narrative and numerical deemed by the state.

Waters of the United States: All waters which are currently used, were used in the past, or may be susceptible to use in interstate or foreign commerce, including all waters which are subject to the ebb and flow tide; all interstate waters, including interstate wetlands; all other waters by which the use, degradation, or destruction of which would affect or could affect interstate or foreign commerce; all impoundments of waters otherwise defined as waters of the United States under this definition; all wetlands adjacent to waters identified in this definition; and any waters within the federal definition of "waters of the United States: at 40 CFR 122.2; but not including any waste treatment systems, treatment ponds, or lagoons designed to meet the requirement of the federal Clean Water Act.

Wetland: An area that is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances does support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas.

Yard waste: Leaves, grass clippings, yard and garden debris, and brush that result from landscaping maintenance and land-clearing operations.

ARTICLE III. USER REQUIREMENTS

Sec. 28-30.6 General provisions.

- (a) No person shall introduce or cause to be introduced into the municipal separate storm sewer system (MS4) any discharge that is not composed entirely of stormwater.
- (b) It is an affirmative defense to any enforcement action for violation of subsection (a) of this section that the discharge was composed entirely of one (1) or more of the following categories of discharges:
 - (1) A discharge authorized by, and in full compliance with, an NPDES permit (other than the NPDES permit for discharges from the MS4);
 - (2) A discharge or flow resulting from the fire fighting by the fire department;
 - (3) A discharge or flow of fire protection water that does not contain oil or hazardous substances or materials;
 - (4) Agricultural water runoff;
 - (5) A discharge or flow from water line flushing, but not including a discharge from water line disinfection by superchlorination or other means unless it contains no harmful quantities of chlorine or any other chemical used in the line disinfection;

- (6) A discharge or flow from lawn watering, landscape irrigation, or other irrigation water;
- (7) A discharge of flow from a diverted stream flow or natural spring;
- (8) A discharge or flow from uncontaminated pumped ground water or rising groundwater;
- (9) Uncontaminated groundwater infiltration (as defined as 40 CFR 35.2005(2) to the MS4);
- (10) Uncontaminated discharge or flow from a foundation drain, crawl space pump, or footing drain;
- (11) A discharge or flow from air conditioning condensation that is not mixed with water from a cooling tower, emissions scrubber, emission filter, or any other source of pollutant;
- (12) A discharge or flow from a potable water source not containing any harmful substance or material from the cleaning or draining of a storage tank or other container;
- (13) A discharge or flow from individual residential car washing;
- (14) A discharge or flow from riparian habitat or wetland;
- (15) A discharge or flow from water used in street washing that is not contaminated with any soap, detergent, solvent, emulsifier, dispersant, or any other harmful cleaning substance; or
- (16) Stormwater runoff from a roof that is not contaminated by any runoff or discharge from an emissions scrubber or filter or any other source of pollutant.
- (c) No affirmative defense shall be available under subsection (b) of this section if the discharger or flow in questions has been determined by the stormwater committee to be a source of a pollutant or pollutants to the waters of the United States or to the MS4, written notice of such determination has been provided to the discharger, and the discharge has occurred more than ten (10) days beyond such notice. The correctness of the stormwater committee's determination that a discharge is a source of a pollutant may be reviewed in any administrative or judicial enforcement proceeding.

Sec. 28-30.7 Specific prohibitions and requirements.

- (a) The specific prohibitions and requirements in this section are not inclusive of all the discharges prohibited by the general prohibition in section 28-30.6.
- (b) No person shall introduce or cause to be introduced into the MS4 any discharge that causes or contributes to causing the city to violate a water quality standard, the city's NPDES permit, or any state-issued discharge permit for discharges from its MS4.
- (c) No person shall dump, spill, leak, pump, pour, emit, empty, discharge, leach, dispose, or otherwise introduce or cause, allow, or permit to be introduced any of the following substances into the MS4:
 - (1) Any used motor oil, antifreeze, or any other motor vehicle fluid;
 - (2) Any industrial waste;
 - (3) Any hazardous waste, including hazardous household waste;

- (4) Any domestic sewage or septic tank waste, grease trap waste, or grit trap waste;
- (5) Any garbage, rubbish, or yard waste;
- (6) Any wastewater from a commercial carwash facility; from any vehicle washing, cleaning, or maintenance at any new or used automobile or other vehicle dealership, rental agency, body shop, repair shop, or maintenance facility; or from any washing, cleaning, or maintenance of any business or commercial or public service vehicle, including a truck, bus, or heavy equipment, by a business or public entity;
- (7) Any wastewater from the washing, cleaning, de-icing, or other maintenance of aircraft;
- (8) Any wastewater from commercial floor, rug, or carpet cleaning;
- (9) Any effluent from a cooling tower, condenser, compressor, emission scrubber, emission filter, or the blowdown from a boiler;
- (10) Any runoff or wash down from any animal pen, kennel, or fowl or livestock containment area;
- (11) Any discharge from water line disinfection by superchlorination or other means if it contains any harmful quantity of chlorine or any other chemical used in line disinfection;
- (12) Any fire protection water containing oil or hazardous substances or materials;
- (13) Any water from a water curtain in a spray room used for painting vehicles or equipment;
- (14) Any contaminated runoff from a vehicle wrecking;
- (15) Any substance or material that will damage, block, or clog the MS4;
- (16) Any release from a petroleum storage tank (PST), or any leachate or runoff from soil contamination by leaking PST, or any discharge of pumped, confined, or treated wastewater from the remediation of such PST release, unless the discharge satisfies all of the following criteria:
 - a. Compliance with all state and federal standards and requirements;
 - b. No discharge containing harmful quantity of any pollutant; and
 - c. No discharge containing more than fifty (50) parts per billion of benzene, five hundred (500) parts per billion combined total quantities of benzene, toluene, ethylbenzene, and xylene, (BTEX); or fifteen (15) mg/l of total petroleum hydrocarbons (TPH).
- (17) The following non-storm water sources may be discharged from the MS4 provided that they have been determined by the city not to be substantial sources of pollutants to the MS4. The operator must utilize best management practices to limit discharge of the following non-storm water sources:
 - a. Any waste water from a commercial mobile power washer or from the washing or other cleaning of a building exterior

- that contains any harmful quantity of soap, detergent, degreaser, solvent, or other harmful cleaning substance;
- b. Any wastewater from the wash down or other cleaning of pavement that contains any harmful quantity of soap, detergent, solvent, degreaser, emulsifier, dispersant, or any other cleaning substance; or any wastewater from the wash down or other cleaning of any pavement where any spill, leak, or other release or oil, motor fuel, or other petroleum or hazardous substance has occurred, unless all harmful quantities of such released material have been previously removed; and
- c. Any ready-mixed concrete, mortar, ceramic, or asphalt base material or hydro mulch material, or material from the cleaning of commercial vehicles or equipment containing, or used in transporting or applying, such material.
- (d) No person shall introduce or cause to be introduced into the MS4 any harmful quantity of sediment, silt, earth, soil, or other material associated with clearing, grading, excavation, or other construction activities in excess of what could be retained on site or captured by employing sediment and erosion control measures to the maximum extent practicable.
- (e) No person shall connect a line conveying sanitary sewage, domestic, or industrial, to the MS4, or allow such a connection to continue.
- (f) No person shall cause or allow any pavement washwater from a commercial facility to be discharged into a MS4 unless such wastewater has passed through a proper functioning and maintained grease, oil, and sand interceptor before discharging into the MS4.

Sec. 28-30.8 Used oil regulation.

- (a) No person shall:
 - (1) Discharge used oil into the MS4 or a sewer drainage system, surface water, groundwater, or water course;
 - (2) Knowingly mix or commingle used oil with solid waste that is to be disposed in a landfill or knowingly dispose of used oil on land or in a landfill;
 - (3) Apply used oil to a road or land for solid suppression, weed abatement, or other similar use that introduces used oil into the environment.

Sec. 28-30.9 Swimming pool regulation.

Requirements for two (2) types of discharges:

- (a) Filter backwashing:
 - 1. Backwash water may be disposed of and filters may be rinsed on the pool/spa owner's property. This should be done in an area that will absorb the water.
 - 2. Water from backwashing a pool or spa containing chlorine <1 mg/l, total suspended solids <45 mg/l, pH in the range of 7 to 8, no harmful quantities of muriatic acid or other chemical used in the treatment or disinfection of the water, free of color, algae, and other contaminants may be discharged off the owner's property to the MS4.

- 3. The following restrictions apply to backwash water discharge activities;
 - a. Discharges may not be drained onto a neighbor's property or across a sidewalk.
 - b. Discharge water may not cause erosion or transport sediment.
 - c. Discharges may not be drained into unpaved alleys.
 - d. Discharges may not cause an accumulation of water along the curbline gutter of a paved street.
 - e. Backwash water discharge unable to meet the restrictions outlined above must be discharged to the sanitary sewer system with approval from the wastewater superintendent and the city plumbing inspector.

(b) Swimming pool/spa draining;

- 1. Water from draining a pool or spa containing chlorine <1mg/l, total suspended solids <45mg/l, pH in the range of 7 to 8, no harmful quantities of muriatic acid or other chemical used in the treatment or disinfection of the water, free of color, algae, and other contaminants may be discharged off the owner's property to the MS4.
- 2. The following restrictions apply to swimming pool and spa discharge activities:
 - a. Discharges may not be drained onto a neighbor's property or across a sidewalk.
 - b. Discharge water may not cause erosion or transport sediment.
 - c. Discharges may not be drained into unpaved alleys.
 - d. Discharges may not cause an accumulation of water along the curb-line gutter of a paved street.
 - e. Swimming pool or spa water discharge unable to meet the restrictions outlined above must be discharged to the sanitary sewer system in the event there is no subsurface drainage available. To discharge to the sanitary sewer, prior approval from the wastewater superintendent must be obtained.

Sec. 28-30.10 Discharge from dumpster area.

All new construction of commercial facilities requiring suitable cleaning and supplies such as high pressure pumps, hot water, steam, and detergents necessary for the effective cleaning of equipment and receptacles of solid waste collection must meet the following requirements:

- (a) Liquid waste generated by the cleaning operations cannot be discharged into the MS4 without a valid NPDES permit;
- Liquid waste generated by cleaning operations not meeting criteria in subsection (a) above must be discharged to the sanitary sewer.
 Stormwater runoff must be prevented from entering the sanitary sewer by means approved by the City of Hammond; and
- (c) Discharge entering the sanitary sewer must meet local discharge limits found in city ordinances. Discharges unable to meet these discharge limits

must be pretreated on site to reduce pollutant concentration prior to discharging to the sanitary sewer.

ARTICLE IV. STORMWATER DISCHARGES FROM CONSTRUCTION ACTIVITIES

Sec. 28-30.11 General requirements.

The operator shall certify all state requirements have been met by signing a certification statement as part of the grading application and/or building permit application. Refer to current specific NPDES permit for site applicability and NOI requirements:

- (1) All operators of construction sites shall use best management practices to control and reduce the discharge, to the MS4 and to waters of the United States, of sediment, silt, earth, soil, and other material associated with the clearing, grading, excavation, and other construction activities to the maximum extent practicable. Such best management practices may include, but not be limited to, the following measures:
 - (a) Ensuring that existing vegetation is preserved where feasible and that disturbed portions of the site are stabilized as soon as practicable in portions of the site where construction activities have temporarily or permanently ceased. Stabilization measures may include: temporary seeding, permanent seeding, mulching, geotextiles, sod stabilization, vegetative buffer strips, protection of trees, preservation of mature vegetation, and other appropriate measures;
 - (b) Use of structural practices to divert flows from exposed soils, stored flows, or otherwise limit runoff and the discharge of pollutants from the site to the extent feasible;
 - (c) Minimization of the tracking of sediments off-site by vehicles, the generation of dust, and the escape of other windblown waste from the site;
 - (d) Prevention of the discharge of building materials, including cement, lime, concrete, and mortar, to the MS4 or waters of the United States;
 - (e) Providing general good housekeeping measures to prevent and contain spills of paints, solvent, fuel, septic water, and other hazardous chemicals and pollutants associated with construction, and to assure proper cleaning and disposal of any such spills in compliance with state, federal, and local requirement;
 - (f) Implementation of proper waste disposal and waste management techniques, including covering waste materials and minimizing ground contact with hazardous chemicals and trash;
 - (g) Timely maintenance of vegetation, erosion and sediment control measures, and other best management practices in good and effective operating condition; and
 - (h) Installation of structural measures during the construction process to control pollutants in stormwater discharges that will occur after construction operations have been completed. Structural measures should be placed on upland soil to the degree attainable. Such installed structural measures may include, but not be limited to, the following: stormwater detention structures (including wet ponds); flow attenuation by use of open vegetative swales and natural depressions; other velocity dissipation devices, infiltration of runoff on site; and sequential systems which combine several practices. Operators of construction sites are only responsible for the installation and maintenance of stormwater management measures prior to final stabilization of the site and are not

responsible for maintenance after stormwater discharges associated with construction activity have terminated.

- (2) Personnel (provided by the operator of the construction site) shall inspect disturbed areas of any construction site (meeting criteria of current NPDES permit) that have not been finally stabilized, areas used for storage of material that are exposed to precipitation, structural control measures, and locations where vehicles enter or exit the site in accordance with the current NPDES permit. All erosion and sediment control measures and other identified best management practices shall be observed in order to ensure that they are operating correctly and are effective in preventing significant impacts to receiving waters and the MS4. Based on the results of the inspections, best management practices shall be revised as appropriate and as soon as is practicable.
- (3) The city may require any plans and specifications that are prepared for the construction of site improvements to illustrate and describe the best management practices required by subsection (1) (a) above that will be implemented at the construction site. The city may deny approval of any building permit, site development plan, or any other city approval necessary to commence or continue construction, or to assume occupancy, on the grounds that the management practices described in the plans or observed upon the site inspection by the city are determined not to control and reduce the discharge of sediment, silt, earth, soil, and other material associated with clearing, grading, excavation, and other construction activities to the maximum extent practicable.
- (4) Any owner of a site of construction activity, whether or not he/she is an operator, is jointly and severally responsible for compliance with the requirements in this section.
- (5) Any contractor or subcontractor on a site of construction activity, who is not an owner or operator, but who is responsible under his/her contract or subcontract for implementing best management practice control measures, is jointly and severally responsible for any willful or negligent failure on his/her part to adequately implement that control measure if such failure causes or contributes to causing the city to violate a water quality standard, the city's NPDES permit, or any state-issued discharge permit for discharges from its MS4.
- (6) Based on the results of the inspections required by subsection (2), the site description and/or the pollution prevention measures shall be revised as appropriate, but in no case later than seven (7) calendar days following the inspection. Such modifications shall provide for timely implementation of any changes to the SWPPP within seven (7) calendar days following the inspection.
- (7) Upon final stabilization of the construction site, the owner or the duly authorized representative thereof shall submit written certification to the city that the site has been finally stabilized. The city may withhold an occupancy or use permit for any premises constructed on the site until certification of final stabilization has been filed and the city has determined, following any appropriate inspection, that final stabilization has, in fact, occurred and that any required permanent structural controls have been completed.

Sec. 28-30.12 Site applicability.

Construction activity, including clearing, grading, and excavation activities, that result in the disturbance of one (1) or more acres of total land area shall comply with the requirements of this chapter.

ARTICLE V. GRADING PERMIT

Sec. 28-30.13 Purpose.

The purpose of this section is to regulate grading property within the incorporated area of the City of Hammond to safeguard life, limb, health, property, and public welfare; to avoid pollution of watercourses with nutrients, sediments, or other earthen material generated on or caused by surface runoff on or across the permit area; and to ensure that the intended use of a graded site is consistent with applicable city ordinances.

Sec. 28-30.14 Exemptions.

The following described activities shall not require a grading permit in order to perform clearing, excavation, or related earthwork:

- (1) If building permit is obtained, no grading permit is required;
- (2) Utility or public works improvements do not require a grading permit;
- (3) Excavation in connection with a building, swimming pool, retaining wall, or other structure authorized by a valid building permit;
- (4) Any emergency activity that is immediately necessary for the protection of life, property, or natural resources;
- (5) Septic repair and/or alteration;
- (6) Cemetery graves;
- (7) Temporary stockpiling or storing of materials provided that such operations do not affect adjacent properties and all drainage and erosion control requirements;
- (8) Accepted agricultural practices such as plowing, cultivation, construction of agricultural structures, nursery operations, tree cutting, logging operations leaving the stump and root mat intact, and cultivated sod operation;
- (9) Minor landscaping and sprinkler installation.

Sec. 28-30.15 Permitting procedures.

Unless otherwise stated, no person(s) shall perform any clearing, excavation, or earthwork within the City of Hammond without first having obtained a grading permit or building permit from the building department.

The grading permit is applicable, but is not limited, to the following activities:

- (1) Excavating, cutting, filling, grading, draining, or paving lots, parcels, or other areas;
- (2) Altering, rerouting, deepening, widening, obstructing, or changing in any way an existing drainage system or feature;
- (3) Development for: residential, commercial, institutional, industrial, utility, or other activities;
- (4) Commencing any other development or excavation which may: significantly increase or decrease the rate and/or quantity of surface water runoff; degrade the quality of water; or adversely affect any sinkhole, water course, or water body.

Sec. 28-30.16 Responsibility not waived.

The grading permit exceptions listed in section 28-30.13 do not relieve the owner, developer, contractor, or other legal representative of the responsibility of installing and properly maintaining the proper erosion/ sedimentation control measures or other liability resulting from such activities.

Sec. 28-30.17 Site plan and/or conceptual grading plan requirements.

- (a) An approved site sketch is required to obtain a grading permit. The site sketch shall contain in addition to such basic information as owner name and address, date and parcel number the following:
 - (1) The actual shape, location, and dimension of the lot to be built upon;
 - (2) The shape, size, and location of all existing and proposed buildings or other structures;
 - (3) The location and approximate dimension of all points of access to a public street or road;
 - (4) The location of all driveways and entrances; and
 - (5) Locations of areas subject to flooding, if applicable.
- (b) An approved site plan is required to obtain a grading permit. The site plan shall contain, as a minimum, the following items or information, as applicable:
 - (1) Total land area;
 - (2) Existing and proposed topography of existing land and impervious areas shown;
 - (3) Elevations of all existing and proposed streets, alleys, utilities, sanitary and storm water sewers, and existing buildings and structures;
 - (4) All existing and proposed impervious area;
 - (5) Natural or artificial watercourses;
 - (6) Limits of floodplains, if applicable;
 - (7) All existing and proposed slopes, terraces, or retaining walls;
 - (8) All existing and proposed stormwater drainage structures or features;
 - (9) All stormwater structures/features immediately upstream and downstream of the site;
 - (10) Erosion and siltation controls plans;
 - (11) Drainage calculations when required; and
 - (12) Drainage easement when required.

Sec. 28-30.18 Plan submittal, review, and approval process for grading permits.

If site, drainage, grading, and erosion plans for the purpose of obtaining a grading permit are required, they shall be submitted to the building department. They are to be submitted not less than ten (10) days prior to the intended date to begin site alterations. The issuance of all other permits is based upon approval of submitted plans.

The grading permit is valid for a period of one (1) year from the date of issue. Extensions will be considered based on circumstances.

Sec. 28-30.19 Grading permit fees.

The fee for the grading permit is intended to assist the City of Hammond in recovering some of the expenses associated with the permitting process. These costs consist primarily of administration, inspection, and enforcement activities and shall be approved and set by the city council.

The fee schedule for grading permits is as follows:

Grading/excavation/earthworks projects

Areas less than or equal to one (1) acre	\$50.00
Areas more than one (1) acre, per additional acre	\$25.00

Sec. 28-30.20 Erosion and sedimentation control.

Developers and/or property owners shall use appropriate erosion and sedimentation control measures to ensure that erosion, or adverse conditions caused by erosion or sedimentation, is eliminated or held to an acceptable minimum and does not cross to an adjoining property, right-of-way, or stream.

ARTICLE VI. COMPLIANCE MONITORING

Sec. 28-30.21 Right of entry: inspection and sampling.

The city shall have the right to enter the premises of any person discharging stormwater to municipal separate storm sewer system (MS4), or to waters of the United States, to determine if the discharger is complying with all requirements of this chapter and with state or federal discharge permits, limitations, or requirements. Dischargers shall allow the city ready access to all parts of the premises for the purposes of inspection, sampling, record examination and copying, and for the performance of any additional duties. Dischargers shall make available to the city, upon request, any SWPPPs, modifications thereto, self-inspection reports, monitoring records, compliance evaluations, notices of intent, and any other records, reports, and other documents related to compliance with this chapter and with any state or federal discharge permit.

- (1) Where a discharger has security measures in force which require proper identification and clearance before entry into its premises, the discharger shall make necessary arrangements with its security guards so that, upon presentation of suitable identification, city personnel will be permitted to enter without delay for the purpose of performing his/her responsibilities.
- (2) The city shall have the right to set up on the discharger's property, or require installation of, such devices as are necessary to conduct sampling and/or metering of the discharger's operation.
- (3) The city may require any discharger to the MS4 or waters of the United States to conduct specified sampling, testing, analysis, and other monitoring of its stormwater discharges necessary to meet the requirements of the city's stormwater permit and may specify the frequency and parameters of any such required monitoring. This requirement by the city may be appealed following the Administrative Appeal process described in Sec. 28-30.26.
- (4) The city may require the discharger to install monitoring equipment as necessary at the discharger's expense. The facility's sampling and monitoring equipment shall be maintained at all times in a safe and proper operating condition by the discharger at its own expense. All devices used to measure stormwater flow and quality shall be calibrated to ensure their accuracy.
- (5) Any temporary or permanent obstruction to safe and easy access to the facility to be inspected and/or sampled shall be promptly removed by the discharger at the written or verbal request of the city and shall not be replaced. The costs of clearing such access shall be borne by the discharger.
- (6) Unreasonable delays in allowing the city access to the discharger's premises shall be a violation of this chapter.

ARTICLE VII. PENALTIES AND ENFORCEMENT

Sec. 28-30.22 Notice of noncompliance.

The city building official or his designee shall deliver to the owner, contractor, and/or representative of any premises, or to any person responsible for an illicit connection, prohibited discharge, maintenance of a threatened discharge, failure to implement BMPs in accordance with this chapter, or any other violation of this chapter a notice of noncompliance. The notice of noncompliance shall be delivered in accordance with section 28-30.24.

The notice of noncompliance shall identify the provision of this chapter which has been violated. The notice of noncompliance shall state that continued noncompliance may result in additional enforcement actions, including the recovery of any cost incurred by the city.

The notice of noncompliance shall identify a compliance date that must be met.

Sec. 28-30.23 Cease and desist orders.

The city building official may issue a cease and desist order. A cease and desist order shall be delivered in accordance with section 28-30.24 and may be delivered simultaneously with the notice of noncompliance as set forth in section 28-30.22. A cease and desist order may direct the owner, contactor, and/or representative responsible for any violation of this chapter to take any of the following actions:

- (1) Immediately discontinue any prohibited discharge to the city's stormwater conveyance system.
- (2) Immediately discontinue any other violation of this chapter.
- (3) Clean up the area affected by the violation.
- (4) The city building official may direct by a cease and desist order that any person immediately cease any activity which may lead to a violation of receiving water limitations.
- (5) The city building official may terminate the building permit for the site.

Sec. 28-30.24 Delivery of notice.

Any notice of noncompliance, cease and desist order, or other enforcement order pursuant to the requirements of this chapter shall be subject to the following requirements:

- (1) The notice shall state that the recipient or the property owner, or both, may be liable for all enforcement costs incurred by the city in correcting the violation.
- (2) The notice shall state that the recipient has a right to appeal the matter as set forth in section 28-30.26.
- (3) Delivery shall be deemed complete upon either personal delivery to the recipient or deposit in the U.S. mail postage prepaid for first class delivery.

Sec. 28-30.25 Penalties.

Any person violating any provision of this chapter shall be punished by a fine imposed by the city building official for each offense. An offense shall be interpreted as including all violations cited during an inspection. The person cited shall be given the seven (7) -calendar day grace period, then the penalty phase for noncompliance shall commence. The following penalty schedule shall apply:

First offense: \$100.00 per day

Second offense: \$200.00 per day

Third offense and thereafter: \$500.00 per day

Sec. 28-30.26 Administration appeals.

- (1) Initiating an appeal. Any person wishing to appeal the decision of the city building official shall provide a notice of intent to appeal with the city building official within ten (10) business days of receipt of the penalty notification. The city building official shall make an informal attempt to resolve the dispute. If the dispute is not resolved within ten (10) business days from the date of the notice of intent to appeal, such person may file a petition for appeal of the decision of the city building official with the City Director of Administration within ten (10) business days of the decision by the city building official. The following information shall be contained in the petition:
 - (a) The name, address, and telephone number of the petitioner, and the name of the owner and/or customer if the appeal is being filed by an interested party other than the owner and/or customer;
 - (b) The property address and a contact person if different from the petitioner;
 - (c) The decision, enforcement action, or other action being appealed with copies of all notices received from the City and decisions being appealed;
 - (d) An indication of the petitioner's status as an interested party;
 - (e) A statement giving specific reason why the petitioner believes the decision of the city building official is incorrect or does not comply with the rules and regulations found in this chapter; and
 - (f) All documents, drawings, plans, or other material petitioner believes supports the appeal.
- (2) Hearing. The city council may itself conduct the hearing and take the evidence, or may designate any of its members, or employee of the City, or any other person to:
 - (a) Issue in the name of the city council notices of hearings requesting the attendance and testimony of witnesses and the production of evidence relevant to any matter involved in such hearings;
 - (b) Take the evidence; and
 - (c) Transmit a report of the evidence and hearings, including transcripts and other evidence, together with recommendations to the city council for action thereof.

At any hearing held pursuant to this article, testimony must be under oath and recorded stenographically. The transcript, so recorded, will be made available to any member of the public or any party to the hearing upon payment of the usual charges thereof.

After the city council has reviewed the evidence, it may issue an order to the person responsible for the violation, following a specified time period, that corrective action be completed, and/or penalties be paid. Further orders and directives as are necessary and appropriate may be issued.

A party or person aggrieved by the city council decision shall have the right of judicial review of such decision.

ARTICLE VIII. CITIZEN PARTICIPATION

Sec. 28-30.27 Citizen Reports of Violations.

- (1) All citizens are encouraged to report to the city any spills, releases, illicit connections, other instances of anyone discharging pollutants into the MS4 or waters of the United States, and any other violation of this chapter of which they become aware.
- Calls received by the first call system will be referred to the city building official. All citizen reports received by telephone, in writing, and in person will be kept on file for a period of three (3) years. When necessary, complaints will be referred to the Department of Environmental Equality, Department of Health and Hospitals, or other appropriate local, state, or federal agency.

ARTICLE IX. MISCELLANEOUS PROVISIONS

Sec. 28-30.28 Charges and fees.

The city may adopt reasonable fees for reimbursement of costs of constructing, operating, and maintaining the city's MS4, and for reimbursement of costs of implementing its stormwater management program as required by EPA or the state, and the cost of implementing this chapter, which costs may include, but not limited to, the following:

- (1) Fees for monitoring, inspection, and surveillance procedures including the cost of collecting and analyzing discharges and reviewing monitoring reports submitted by dischargers;
- (2) Fees for spills and release reports and responding to spills and releases of oil, hazardous and extremely hazardous substances, and other pollutants;
 - (4) Fees for the discharges of stormwater into the city's separate storm sewer system; and

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on February 17th, 2009 of the Hammond City Council and discussed at a public meeting held on March 3rd, 2009; after motion and second was submitted to the official vote of the Hammond City Council.

On motion by Kathy Montecino and Second by Johnny Blount the foregoing ordinance was hereby declared adopted on April 7th, 2009 by the following roll call vote:

<u>Votes:</u> Johnny Blount (Y) Jason Hood (Y) Willie Jackson (Y) Kathy Montecino (Y) Mike Williams (Y) Motion to carry to approve.

WHEREFORE the above and foregoing ordinance was declared duly adopted on this 7th day of April, in the year 2009, at Hammond, Tangipahoa Parish, Louisiana.

Michael A. Williams

Hammond'

18 20 1

President, Hammond City Council

CITY OF HAMMOND ORDINANCE N° 09-5142 C.S.

AN ORDINANCE DECLARING MOVABLE PROPERTY AS SURPLUS AND NOT NEEDED FOR A PUBLIC PURPOSE AND PROVIDING FOR THE SALE AND RELATED MATTERS

WHEREAS, the City of Hammond owns property described on the attached exhibit, consisting of movable property (the "Property"); and

WHEREAS, the City of Hammond has determined that the Property is of no further use to the City based on its current condition and is no longer needed for a public purpose; and

WHEREAS, the City of Hammond desires to sell the Property in the most economical and efficient manner considering the value of the Property, all in accordance with law, particularly, Title 33 of the Louisiana Revised Statutes (33:4711.1), which allows the sale of surplus movable property by a municipality over the Internet through an Internet computer auction.

NOW, THEREFORE, BE IT ORDAINED by the Hammond City Council that:

Section 1. The movable property described on the attached exhibit "A" (the "Property") is hereby declared as surplus and no longer needed for a public purpose by the City of Hammond.

Section 2. It is in the public interest for the Property to be sold in the most economical and efficient manner. The City finds it to be in the public interest that the Property be offered for sale by public auction over the Internet through an Internet computer auction to a qualified bidder who offers the highest price in accordance with law.

Section 3. The Mayor is authorized to execute such documents or to direct the execution of such documents as are necessary and proper in furtherance of this ordinance.

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on March 3rd, 2009 of the Hammond City Council and discussed at a public meeting held on March 17th, 2009; after motion and second was submitted to the official vote of the Hammond City Council.

On motion by Jason Hood and Second by Kathy Montecino the foregoing ordinance was hereby declared adopted on March 17th, 2009 by the following roll call vote:

<u>Votes:</u> Johnny Blount (Y) Jason Hood (Y) Willie Jackson (Absent) Kathy Montecino (Y) Mike Williams (Y) Motion to carried.

WHEREFORE the above and foregoing ordinance was declared duly adopted on this 17th day of March, in the year 2009, at Hammond, Tangipahoa Parish, Louisiana.

Anette Kigylo, Clerk of Hammond City Council

PLEDGE AGREEMENT

This Pledge Agreement (this "Agreement") is made this 3rd day of February 2009 by GCHP-Hammond, L.L.C. (hereinafter referred to as "Grantor," which term means individually, collectively, and interchangeably any, each and/or all of them) in favor of The City of Hammond ("Secured Party"). Grantor's social security number or taxpayer identification number is 20-4216595.

Grantor hereby acknowledges that Grantor on February 3rd, 2009 (the "Piedge Date"), pledged, pawned, delivered and/or granted a continuing security interest in:

The certificate of deposit styled as GCHP-Hammond, L.L.C., for the benefit of the City of Hammond, in the principal amount of \$9,000.00, and all amendments, extensions, renewals, replacements of the certificates of deposit (all called the "CD"), and all existing and future amounts in the CD, together with (A) all additional deposits hereafter made to the CD; (B) any and all proceeds from the CD; and (C) all renewals, replacements and substitutions for any of the foregoing.

(collectively, the "Collateral") to Secured Party in order to secure the performance of all obligations of Grantor to Secured Party arising under the City of Hammond Subdivision ordinance, specifically section 3.4 to assure the satisfactory condition of the required improvements by Grantor in Phoenix Square Subdivision Phase I dedicated by Grantor to Security Party for a period of one year from February 3, 2009, and Grantor hereby acknowledges and reaffirms said pledge (hereinafter, such obligations shall be referred to as the "Obligations"), up to the principal amount of the CD and all interest earned thereon.

To provide additional security for the performance of the Obligations of Grantor to Secured Party, direct or contingent, due or to become due, now existing or hereafter arising under this Agreement, Grantor pledges, pawris and delivers to Secured Party, and grants to Secured Party a continuing security interest in, and a right of set-off and compensation against, the Collateral. Secured Party shall return the Collateral to Grantor upon full satisfaction of Grantor's Obligations.

The Collateral shall remain subject to this Agreement until February 2, 2010, unless Secured Party has previously placed Grantor on notice of a default of Grantor's Obligations, in which case the Collateral shall remain in possession of Secured Party and this Pledge shall remain in full force and effect until the satisfaction of Grantor's Obligations or expiration of the demand for performance by Secured Party. Grantor represents and warrants that (a) Secured Party shall at all times have a perfected first priority security interest in the Collateral free of all other security interests, liens and claims and (b) the description and identification of the Collateral and Grantor's name and social security or taxpayer identification number are correctly stated herein. Grantor shall prevent the accrual of prescription or statute of limitations with respect to the Collateral no later than sixty (60) days prior to the date on which enforcement would be barred, and will execute any additional documents reasonably required to perfect the security interest of Secured Party in the Collateral. Secured Party is not obligated to take any action to collect any of the Collateral, or preserve Grantor's rights with respect to the Collateral including, without limitation, rights against prior parties and shall not be liable in any manner with respect to the Collateral. Any responsibility of Secured Party with respect to the Collateral, whether arising contractually or as a matter of law, is hereby expressly waived.

If Grantor defaults in the timely performance of any of the Obligations, then after written demand for performance of the Obligations and a reasonable time to perform such Obligations, not to exceed sixty days (60), Secured Party may sell, assign, transfer and effectively deliver all or any part of the Collateral at public or private sale, including a private sale to Secured Party, without recourse to judicial proceedings and without demand, appraisement or advertisement, all of which are hereby expressly waived by Grantor to the fullest extent permitted by law. For purposes of executory process, Grantor acknowledges the indebtedness owed under the Obligations, confesses judgment in favor of Secured Party for the full amount of the Obligations, and agrees to enforcement by executory process. Grantor waives (a) the benefit of appraisal provided in Art. 2723 of the Louisiana Code of Civil Procedure and (b) notice of demand provided in the Louisiana Code of Civil Procedure.

Grantor further declares that this Agreement supplements, but does not in any manner novate, amend, limit or extinguish any other rights or remedies of Secured Party, all such rights and remedies being cumulative, non-exclusive, preserved and retained and that the pledge made by Grantor on the Pledge Date, and any prior pledge(s) of the Collateral shall continue in full force and effect. Secured Party hereby accepts this Agreement.

O

Cleric of Hammond City Council

AN ORDINANCE TO REVISE AND READOPT THE DEVELOPMENT PLAN FOR THE HAMMOND DOWNTOWN DEVELOPMENT DISTRICT PURSUANT TO LSA-RS 33:2740.15

WHEAEAS, the Louisiana Legislature enacted LSA-RS 33:2740.15 (the "Act") which creates the Hammond Downtown Development District, (the "DDD") and

WHEREAS, the Act provides that the governing authority of the DDD (the "Authority") shall formulate a redevelopment plan or plans for the DDD in order to aid and encourage private development of the area, to enhance and improve residential neighborhoods within the DDD, and to promote and coordinate public development and submit such plan to the Hammond City Council (the "Council") for review and approval; and

WHEREAS, the Council has previously adopted a Downtown Development District Master Plan and guidelines by Resolution of the Council on August 5, 2003 and passed ordinance #04-3043 and #03-2958 relating to metal clad buildings and approval of building design standards within the DDD; and

WHEREAS, the Authority has proposed a revision to the previously approved Master Plan and guidelines as set forth below;

THEREFORE, BE IT ORDAINED by the City Council of Hammond, Louisiana, that the City of Hammond revise, re-adopt and approve the following plan of development for the DDD as follows:

- 1. Applicability of Guidelines. The DDD design guidelines <u>shall</u> apply to any new building construction, exterior renovations and modifications which require a building permit and which are located within the boundaries of the Downtown Development District as outlined in its charter.
- 2. Building design elements shall be as follows:
- A. Constituent Design Elements of a Building. Buildings shall have substance. Design shall include base, intermediate and cap. Changes in materials shall have a clear line of demarcation either by offset, reveal, or border.

If the designer studies the historic architecture of Hammond, he/she will see that the classical influence gave buildings a defined starting and ending point. A lack of vertical termination, for instance, results in an overly industrial or "modern" style which is certainly a departure from the distinctive architecture of downtown Hammond. Clearly defined changes in material give the material more definition and make for a more interesting overall design.

- **B.** Entrances. Each principal building <u>shall</u> have a clearly defined, inviting, highly visible customer entrance enhanced by distinguishing features such as canopies, awnings, galleries and porticos.
- C. Sides and Backs of Buildings. The sides and back of a building that are visible to the public <u>shall</u> maintain the same standard of design as the front façade, including:
- 1) screening of utilities, equipment and building services (i.e., dumpsters, garbage receptacles, etc.)

2) continuation of building design elements such as quality of materials, galleries, cornices and treatment of openings.

We expect our neighbors to treat all visible sides of their homes with respect and, therefore, see no reason why businesses <u>shall</u> not meet the same standards. The use of lesser standards of design on the sides and rear of buildings, especially those on street corners and adjacent to residences, exhibits disrespect for the community and our neighbors.

- **D.** Horizontal and Vertical Planes. Disruption of horizontal planes with vertical elements is recommended. This may include significant interruption by change in plane, material, opening, or design element.
- E. Structural Solidity. Disciplined visible structural vocabulary <u>shall</u> be maintained. Arcades, galleries and roofs <u>shall</u> not appear to levitate in space, but <u>shall</u> have a visible means of support with columns and/or brackets. Rafter tails are encouraged on smaller overhangs.
- **F.** Unifying Elements. Consistent design vocabulary for multiple structures on one property <u>shall</u> be employed. A unifying element such as material, color, or form <u>shall</u> be used for all structures. Style or design theme can also be used as a unifying element.
- G. Buildings of an Industrial Appearance. No building of an industrial appearance shall be allowed, such as a pre-engineered metal building with metal siding devoid of historic context. Pre-engineered structures may be used, provided that historic context is incorporated into the facades.
- **H.** General Building Features. Smaller buildings shall reflect the design elements of historic styles and larger buildings shall be divided into smaller elements in order to incorporate historic design context.
- I. Building Proportions. Buildings shall maintain classic proportions. For example, smaller columns shall be placed closer together for a more vertical proportion and, as a structure becomes more horizontal in scale, the supports (columns) shall have additional mass. Like most architecture based on classical standards, structural discipline and proportion are extremely important to building appearance. Most elements have a pure geometry, with rectangular shapes dominating.

J. Awnings and Fascias.

- 1) No backlit awnings shall be allowed.
- 2) Fascias of buildings shall not exceed sixteen (16) inches in depth (including gutter), except for fascias used as a unifying design element for multi-tenant buildings and for placement of signage for multiple tenants.

For the purpose of these guidelines, "fascia" is defined as the horizontal plane just below the roof or coping and above the wall or supports. The reason for the limitation in size has to do with the way some automobile service stations have used the fascia for their pump island canopy or building as a sign with bright, primary colors (frequently the same as the sign colors) and bands of light which have covered the shelter and made it into a sign of billboard proportions. While this motif works well at interstate exchanges, it is out of character in the context of the DDD. In order to limit design abuse and to bring the automobile shelter into compliance with our historic context, the fascia is removed as a primary design element. In order to accommodate the structure, the canopy designer shall be obliged to provide a surface for mounting a sign (if a sign on the canopy is desired) and to add a sloped or mansard roof, which will bring the building into compliance with the design guidelines. Backlighting of fascias and awnings has become another distracting design feature that is out of character with the DDD's architecture.

- **K.** Canopies. Free (or semi-free) standing canopies <u>shall</u> be of similar style and materials as the principal structure. Even though the pump island canopy may be the largest structure on a property, it is still considered accessory to the convenience store.
- 1) Unless site conditions preclude it, canopies <u>shall</u> be attached to and made an integral part of the main building.

- 2) Canopies <u>shall</u> have columns, beams and/or brackets of sufficient scale to give a visible means of support.
- 3) Clearance under canopies attached to building facades <u>shall</u> not exceed twelve (12) feet and under cantilevered overhangs <u>shall</u> not exceed eleven (11) feet.
- 4) Clearance under free-standing canopies <u>shall</u> not exceed sixteen (16) feet and under cantilevered overhangs <u>shall</u> not exceed fifteen (15) feet.
- 5) Task lighting <u>shall</u> be utilized to reduce light "spillage". Intense general lighting under canopies <u>shall</u> not be allowed.
- **L. Mansard Roofs.** Mansard roofs used in conjunction with canopies, covered walkways and entries <u>shall</u> have a roof-like slope not greater than 12:12 or less than 4:12.

The mansard as a design element became popular with the "big box" in the sixties and seventies and, while the use of an inclined plane on the front of a larger structure is desirable to give human scale, the misuse of the mansard to the extent that it was little more than an out-of-vertical wall with roofing material finish proved to be unsuccessful in any design context. Therefore, if a mansard is to be used as a design feature, it shall emulate a roof rather than a wall.

- M. Building Colors. Any activity that involves changing color or refreshing color shall be reviewed by the Design Review Committee or a similar group.
 - 1) Colors shall be reviewed for compliance with historic context.
- 2) Façade colors <u>shall</u> be subtle and of low reflectivity. The use of primary, high intensity or metallic color <u>shall</u> be prohibited outside of the sign face.
- 3) Accurate color drawings with a list of paint numbers and elevations of every building shall be required to be submitted and approved prior to any modification/application.
- N. Light and Shadow. Shadow shall be considered a design element. This recommendation is included to remind design review that color and material are altered by the amount of light on a surface.
- 3. Materials Materials shall be reviewed for compliance with historic context. The following materials have historic context:
 - A. Walls: Brick, wood, and cement plaster (stucco).
- **B.** Roofing: Slate/tile, rigid shingles with ridge tiles, wood shakes, and metal (corrugated, v-crimp, and standing seam).

<u>How</u> a material is used is as important as <u>what</u> material is used. Plastics and polymers have proven to be susceptible to high winds and, therefore, <u>shall</u> not be automatically approved. Concrete, concrete masonry units and terra cotta blocks may be used depending upon detail, color and texture. Fiberglass and asphalt shingles are acceptable as a roofing finish when they emulate more traditional finishes. It is recommended that if fiberglass or asphalt shingles are used," ridge" tiles be used to accentuate the ridges. English ridge tiles are preferred over Spanish tiles (except when architectural design would dictate otherwise).

4. Site Features.

A. Fences. Fencing materials <u>shall</u> accord with and complement the materials of the adjoining building and <u>shall</u> be reviewed and approved by the Design Review Committee or a similar group.

B. Sidewalks.

1) Sidewalks of not less than four (4) feet in width <u>shall</u> be installed to connect sidewalks in public right of ways to the building entry. This recommendation is made to ensure alternative access. In the event that sidewalks or bicycle paths have not yet been installed, projects <u>shall</u> still provide walks to their proposed locations.

- 2) Internal pedestrian walkways <u>shall</u> be distinguished from driving surfaces through the use of special materials or decorative elements.
- C. Parking Lots. Newly constructed parking areas shall, wherever feasible, be placed at the rear of a building or concealed with appropriate landscaping or fencing.
- **D.** Mechanical and Service Equipment. Mechanical equipment, electrical entries, dumpsters and equipment not used by the customer <u>shall</u> be screened from public view.
 - 1) Screening may be by fence, landscaping or a building element.
- 2) Whenever possible, vending machines, ice machines and restrooms <u>shall</u> be located in the main building. Air pumps, vacuums, water stations and the like <u>shall</u> be out of the main traffic flow and integrated into the landscape.
- **E.** Positioning of Outdoor Display Items. Automotive and marine items for sale or for display shall not impede pedestrian or vehicle flow or public parking. Moreover, these items shall not be displayed in such a way that they detract from the architectural elements of nearby buildings.
- 1) Areas used for storage of vehicles or watercraft <u>shall</u> be screened with opaque fencing and/or landscaping.

The City of Hammond Building Department will coordinate with and consult the above development plan before approving building permits within the DDD. The Authority may appoint a design representative or sub-committee to review and approve the architectural design of building plans before building permits are issued.

If the Building Department, the Authority or an applicant for a building permit disagree with the requirements necessary to approve a building permit for building construction, addition or renovation, an appeal may be made to the Hammond Planning and Zoning Commission for final administrative approval.

All ordinances and resolutions which conflict with the subject matter provided above are hereby revoked.

The above and foregoing ordinance having been duly submitted to the Hammond City Council in writing; introduced at a public meeting on **December 16**, 2008 of the Hammond City Council and discussed at a public meeting held on **January 6**, 2009; after motion and second was submitted to the official vote of the Hammond City Council.

On motion by Jason Hood and Second by Kathy Montecino, the foregoing ordinance was hereby declared adopted on **January 6, 2009** by the following roll call vote:

<u>Votes:</u> Johnny Blount (Y) Jason Hood (Y) Willie Jackson (Y) Kathy Montecino (Y) Mike Williams (Y) Motion to carried.

WHEREFORE the above and foregoing ordinance was declared duly adopted on this 6 day of January, in the year 2009, in Hammond, Tangipahoa Parish, Louisiana.
