

#### Message from the Mayor

As required in Section 5-03 of the Charter for the City of Hammond, we are presenting to the City Council our recommended budget for Fiscal Year 2022-2023. The introduction of ordinance is accompanied by the proposed budget and delivered to the Council on Tuesday, May 10, 2022. The budget includes all funds and the 5-year capital outlay plan. Copies of the budget are available for public review in the Council Clerk's office at 310 East Charles Street and are available on the City's website.

As you are aware, the City Council must order a public hearing on the budget and shall publish the date, time, and place of the public hearing at least ten (10) days prior to the date of such hearing. The Charter also states that the final budget must be passed no later than the final regular meeting of the Council on the last month of the fiscal year, which this year will be June 28, 2022. At the current time, everyone has agreed on Friday, June 3, 2022 for the budget work session date. The second public hearing will be on Tuesday, June 28, 2022 unless you call for a special meeting on another date.

We have forecast sales tax and video bingo revenue growth in this year's budget. The last three fiscal years were surprising with revenues increasing in the midst of the coronavirus and Hurricane Ida recovery. Sales tax revenue is projected at \$25.5 million. We know that the addition of Medline will change our projections for the positive in the last quarter of FY 2023 and can look forward to a budget amendment mid-year if collections trend higher as we have done in the recent years. Growth within the city has been positive with increased revenue in building permits and development, but occupational licenses have remained flat. Overall, we have estimated incoming revenues according to an average of the past three years' worth of collections and will hope that as people shop local, our continued development will increase our revenue.

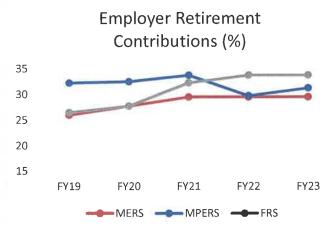

Rates for water and sewer services must be evaluated in FY 2023 to determine if they provide enough revenue for infrastructure maintenance and upgrades to meet future growth. We are projecting to end the current fiscal year (2022) with \$5 million in water and sewer revenue. After covering the department's expenses, only \$300,000 remained for water and sewer capital projects and was supplemented by \$1 million from sales tax revenue to fund the following: one lift station upgrades (Whitmar), one lift station grinder (Magazine), Chevy water well

rehabilitation, along with sewer system surveys and significant system rehabilitation funded through the American Rescue Plan Act.

The majority of capital projects are funded through sales tax revenue. As required by ordinance and as done in previous years, we have shifted the city's share of anticipated video bingo revenue, which has steadily increased, to the Capital Projects Fund. Capital projects for this fiscal year are numerous and take advantage of sales tax revenue surplus in the prior fiscal year. Projects include \$1.1 million for citywide drainage improvements (Oak Ridge Phase 2, Laura Drive, Arnolds Creek/Coleman to Florida, Old Covington Highway and South Chestnut), \$711,000 in park improvements to provide for playgrounds, walking trails and pavilions, and \$394,000 in new sidewalks (Old Covington Highway, South Chestnut, West Morris and Mooney), and \$1 million in street improvements to Falcon Drive, Industrial Boulevard, Doctor's Drive, and widening M.C. Moore. These infrastructure improvements are complemented by new equipment in Streets and Water & Sewer to ensure continued service to customers with the everyday repairs needed. Also included is funding to add cameras in the parks and other city hotspots.

Major expenditures outside of our control continue to escalate, especially with general liability and health insurance.

Thankfully, the employer's contributions for all three retirement systems remained somewhat steady this year: the Municipal Employee Retirement System remained at 29.5%; the Police Retirement System increased slightly to 31.25%; and the Firefighters Retirement System remained at 33.75%. We expect health insurance premiums to increase in January 2023 after we had no increase in January of

2022. Sanitation costs are also rising due to increased tipping fees at the landfill; however, we have negotiated an affordable garbage contract with AmWaste to provide better rates to residents. Inflation has skyrocketed this year, so costs for general supplies, maintenance and fuel are all increased in the budget.

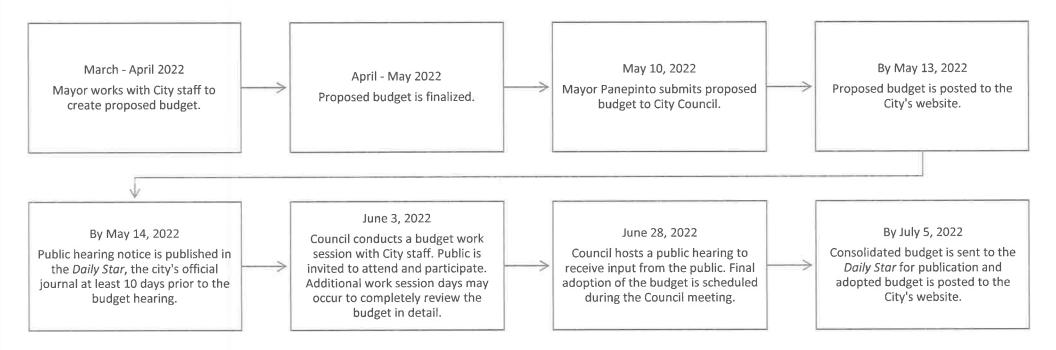

A significant pay raise for employees after a lengthy pay plan study is also factored into this budget along with annual 2% raises. We have made a concerted effort to move as much work as possible in-house to save on consulting or contracted services. This budget allows for 314 full-time employee positions in addition to 4 part-time employees and 24 seasonal/temporary employees for high grass season, summer camp and the afterschool program.

We have used March 31, 2022, as the cutoff date for actual expenditures to analyze and anticipate total expenditures for the year in projecting what to budget for this upcoming fiscal year. We look forward to discussing this budget with you.

Sincerely,

Pete Panepinto, Mayor
