Gotcha, we won't be able to bid Little Tikes Commercial equipment then because of our extended lead times.
Thanks for letting me know,
Christina

Christina,

There is NOT a specific construction timeline, however, assuming an 8-12-week lead time from order this December to on-site delivery *and* barring inclement weather, the City would anticipate construction to begin in February or March and to be completed before the end of April so the playground can be open for the summer.

Thanks,

Jana Thurman Soileau

Jana,

After reviewing the Monney Avenue Park Bid, I didn't see a construction timeline listed and was curious if you could find out if there is a specific one?

Thanks,

Christina
