

**A RESOLUTION REGARDING STREET LIGHTS IN THE CITY**

**WHEREAS**, the City Council of Hammond desires to create a safe and secure environment within the city and the use of LED lighting within the city is desired for efficiency, safety and security.

**THEREFORE, BE IT RESOLVED** by the Hammond City Council that:

Section 1. All companies and government entities which maintain street lights within the City, including but not limited to Entergy Corporation and the State of Louisiana, are requested and authorized to replace all street lights within the city with LED bulbs as such lights are repaired or replaced.

Section 2. The Mayor or his designee is authorized to communicate with such companies and government entities to determine the appropriate lighting at each location.
