Freight may vary. Invoiced at market rate at time of shipment.

NO TIME TO WASTE.

*Not every job allows you the luxury of time, but you still need every job done right. That's why you use a Diamond Rotary Mower. Our Rotary Mower cuts faster than a flail, and costs less to operate. Demand the Best. **DEMAND DIAMOND.***

TOUGH. VERSATILE. GUARANTEED.

Each of our Rotary Mowers is made of impact resistant steel, and comes with a 1-year warranty on all parts and labor.

The pump unloading valve provides relief protection when the mower is running, so if the blades hit a large obstacle, the hydraulic system is protected. You can go as fast as you need, without sacrificing control.

Twin Rotary Mowers are available in:

- 60" side and 60" rear rotaries
- 72" side and 60" rear rotaries
- 72" side and 72" rear rotaries

Side Rotary Mowers are available in 60" or 72".

All mowers come equipped with replaceable skid shoes.

ROTARY MOWERS

TIME TO WORK.

ROTARY MOWERS

DIAMOND ROTARY MOWERS AS STRONG AND SMART AS THEY ARE FAST.

With two full swinging, heat treated suction knives and a heavier deck than our competitors, our rotary mowers are built strong to last. Our hydraulic systems provide greater hydraulic power - which results in doing more work, much faster.

THE DIAMOND MOWERS SPINDLE

Made at our factory in South Dakota, Diamond Mowers' proprietary Spindle has 35% more bearing surface than competing products, and over twice the bearing load rate. Our spindle uses the same self-adjusting bearing used by the rock crushing industry, with a housing twice as thick as its competitors. And it only needs to be greased every 500 hours instead of daily - because you've got better things to do with your time.

Our patented replaceable splined insert reduces the cost of spindle spline failure by 93%. Plus, it's a repair that can be made in the field in 30 minutes or less.

UNPARALLELED DURABILITY

Diamond uses a two-blade system on a round disc to deliver a nice, clean cut. The disc is constructed of 1" thick 50,000 psi rated steel with hardened, replaceable inserts, giving you unparalleled durability and easy blade maintenance.

Blades attach with castle nuts, roll pins, and hex bolts that have 3,000% more load bearing surface than traditional key style bolts. The bolt insert is made of harder steel than the disc. When wear occurs the insert can be easily replaced instead of the whole disc.

And the blade carrier is covered by an unprecedented 5-year warranty. Not that you'll need it.

WANT MORE?

Optional features:

- Cable controls
- Double row chain guards

PROUD TO BE MADE IN THE USA

Diamond Mowers was founded on American values and is grounded in a Midwestern work ethic. You want the toughest, smartest, safest, and most reliable equipment available, and that's what we give you. It's what Diamond does best.
