Date: OCTOBER 14, 2025
Re: RESOLUTION TO APPROVE ALCOHOL RENEWALS

Good Evening,

This is an annual renewal of all businesses that hold an existing alcohol license in the City of Hammond.

I submitted a list prior to the meeting which list each of those **106** businesses inside the city limits of Hammond.

There is 1 new businesses that is not listed that is asking for Approval Tonight that will also need their 2026 approval.

The Brown Door has been removed from this list as the Louisiana ATC suspended their license and without the State License they are no longer eligible for a City license.

All of these businesses have been before the City Council and already gotten approval.

This is an annual renewal of existing alcohol that we do each year. We need the approval before we send out the renewal forms.

They are due December 1st with a 30 day grace period. They are delinquent on December 31, 2023. That is why we are doing this so early. We try to give them to time to get everything together.

There are several things that we ask of them to provide with their renewals to include a Sales Tax Clearance AND Notarized documents.

City renewal time is different than the state. The City has a calendar year and the state has a fiscal year. They have to renew with both ANNUALLY. Tangipahoa Parish ATC permit expires in **August**.

WE ARE SEEKING YOUR APPROVAL TONIGHT.
