

CITY OF HAMMOND

LOUISIANA

ANNUAL BUDGET

FY 2027

FISCAL YEAR 2027

July 1, 2026 — June 30, 2027

OFFICE OF THE MAYOR

PROPOSED

Message from the Mayor

As required by Sections 5-02 and 5-03 of the City's Charter, I hereby present my proposed budget for Fiscal Year 2026–27 and the associated introduction of ordinance to the Council on Tuesday, May 12, 2026. This budget includes all funds and a 5-year capital improvements plan. Copies are available for public review in the City Council Clerk's Office, 310 E Charles St, Hammond LA 70401, and via the City's website, hammond.org.

As you are aware, the Council must order a public hearing on the budget and publish the date, time, and place of this public hearing at least 10 days prior to the date of the hearing. The Charter also requires the budget shall be finally adopted not later than the last regular Council meeting of the last month of the fiscal year; this year that meeting will fall on Tuesday, June 23, 2026. At the time of this presentation, the Council and I have agreed to Friday, May 29, 2026 as the date of an initial public hearing (i.e. the budget work session). A second public hearing will follow on Tuesday, June 9, 2026 unless the Council elects to convene that meeting on another date on/before June 23, 2026.

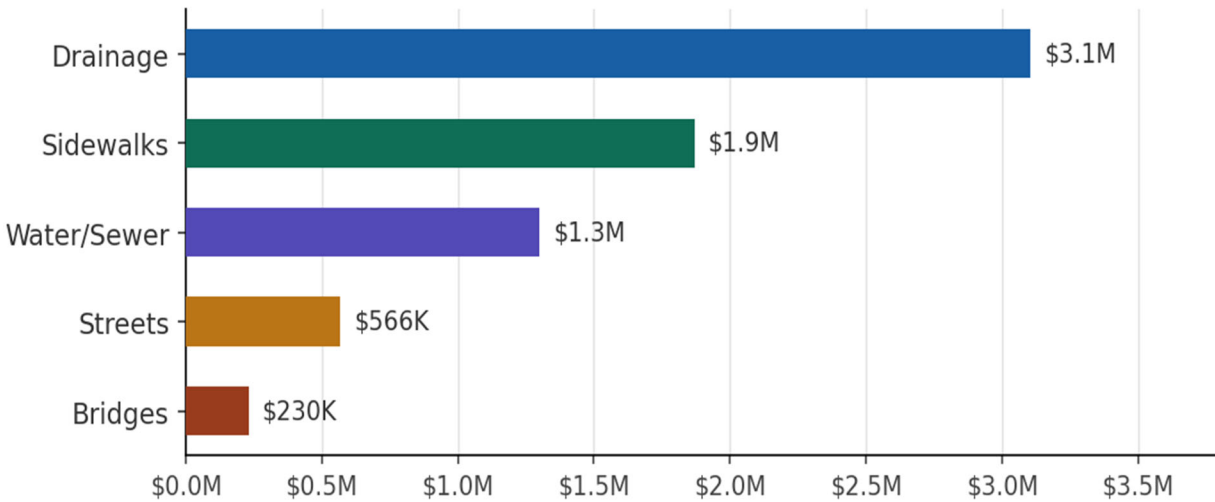

Fiscal Year 2025–26 has been a good year financially for the City. We are projected to collect about \$31.5 million in sales tax and about \$6.3 million in property tax—about \$2.8 million more than in the prior fiscal year. FAA-recommended adjustments to Airport fees not only moved the Airport out of the red, but also provided funds for Airport improvements that historically have required federal and/or State grants; this year's budget moves Airport revenues and expenses out of the General Fund and into a dedicated Airport Fund, finally setting up the Airport to be self-funded. State-mandated increases in water and sewer fees are generating enough revenue to cover Water & Sewer operations, infrastructure improvements, and monthly payments on 2 Clean Water State Revolving Fund loans; these costs were previously supported by sales tax revenue. An increase in the garbage fee eliminated the need for the City to subsidize the cost of collection—freeing up approximately \$800,000 in sales tax revenue for other purposes, including capital projects.

Sales Tax Revenue Trend

As required by ordinance and done in previous years, we have shifted the City's share of anticipated video bingo revenue to the Capital Projects Fund. Proposed capital projects for FY27 represent about \$7.1 million in spending. Projects listed include \$1.3 million in water/sewer projects, \$1.9 million in sidewalk improvements, \$3.1 million in drainage improvements, \$230,000 in bridge projects, and \$566,000 in street improvements.

FY26-27 Capital Projects — \$7.1M Total

Expenditures largely outside City control—such as general liability insurance, health insurance, and workers’ compensation—continue to increase. Fortunately, required City contributions to the Municipal Employee Retirement System and Police Retirement System decreased. I expect health insurance premiums to increase in January 2027 after a small increase in January 2026. Property insurance and workers’ compensation saw small increases, though claim activity continues to trend above policy thresholds and will require monitoring.

A 2% annual increase in employee pay is factored into this budget. This increase reflects the City’s continued commitment to employee retention and maintaining competitive compensation where financially feasible.

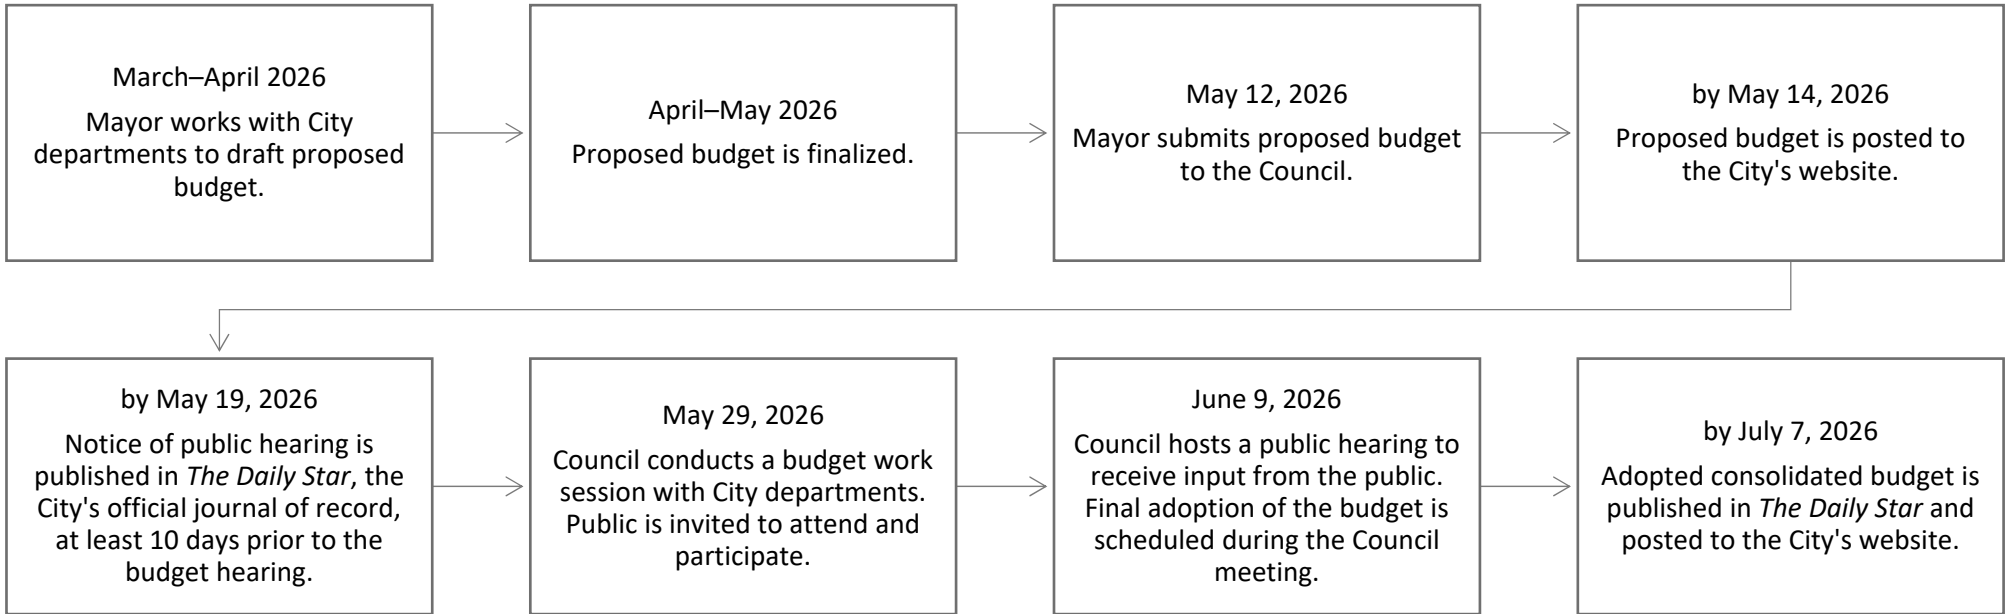

We have used March 31, 2026 as the cutoff date to analyze FY26 revenues and expenditures, to project total FY26 revenues and expenditures, to forecast FY27 revenues and expenditures, and to propose a balanced FY27 budget.

I look forward to your questions.

Sincerely,

Pete Panepinto
Mayor

* General Administration increase primarily attributable to expected retirement payouts during the year.

** Fire Department increase primarily due to FY26 Worker's Comp audit and increase in required rate for Firefighters.

***Capital Expenditures increase is due to needs of the City and the Water & Sewer fund able to support its own projects without transfers from the Sales Tax Fund.

* Beginning in FY27, airport operations will be accounted for in a dedicated Airport Fund rather than within the General Fund. The dedicated Airport Fund can be found on page 48. This structural change improves financial transparency, streamlines grand administration, and aligns the City's financial reporting with municipal best practices.

* Beginning in FY27, airport operations are carried in a dedicated Airport Fund, separated from the General Fund. The Airport Fund reflects \$870,500 in revenues — primarily from rent, royalties, and fuel sales — against \$676,000 in operating expenditures, yielding a projected fund balance of \$194,500. This structural change improves financial transparency, simplifies grant administration, and aligns reporting with municipal best practices.
